**THE INDIAN HUME PIPE CO. LTD.** are the largest manufacturers in India of R.C.C. Pipes known as "Hume Pipes", allied products, Prestressed concrete pipes, Hume steel pipes, Steel penstocks for Hydro-Electric Projects, R.C.C. Poles, Prestressed concrete poles, Welding fluxes Welding electrodes etc.

Hume Pipes are very extensively used for Water Supply, Sewage, Drainage, Irrigation, Culverts, Well sinking etc. Concrete half-rounds and one-third round channels, R.C.C. Septic tanks, Telephone cabins, dust bins, Cattle troughs, Fencing posts, Latrines, Policeman Cabins, Pillars are the allied Products made out of Hume Pipes. For High Pressure Mains required for water supply, the Company manufactures steel pipes, lined and outcoated with concrete, popularly known as "Hume Steel Pipes" which outmode alternative materials for Water Supply Schemes. The Company also manufactures Prestressed Concrete Pipes by Rocla method, designed to stand pressure of 60 lbs. P. S. I. and above. These are found economical.

During the World War II, the Company pioneered manufacture of Welded Steel Pipes—Penstock pipes—for Hydro Electric Projects. Penstocks manufactured by the Company have been used in such important Projects as the Papanasam Hydro Electric Schemes Madras, Mahatma Gandhi Hydro Electric Projects Mysore, The Moyar Hydro Electric Scheme, Madras, Rihand Hydro Electric Projects U.P., Koyna Hydro Electric Project (Maharashtra State) and 1st Stage of Sharavathi Valley Hydro Electric Project (Mysore State) which the Company have recently executed successfully. Company's Penstock factory at Hadapsar (Poona) is fully equipped with the latest machinery to cater the increasing needs of Penstocks for coming Hydro Electric Projects in the country.

Prestressed Concrete Poles for Transmission lines manufactured by the Company have very advantageously replaced the Steel Tubular Poles for both High tension and Low tension lines. Also R.C.C. Poles manufactured by the Co. are largely used as Lamp Posts in all the cities.

The Company has a large network of about 60 factories spread over India and Ceylon with its Registered office at Construction House, Ballard Estate, Bombay 1. Telephone No. 268091 (13 lines). Tel. Address : "HUMEPIPE", Bombay.

Lined, Rubber Lined, Pickling Tanks, Reaction Vessels, Heating & Cooling Coils, Lead Bonded M.S., Copper and Steel Pipes and Fittings, Lead Valves, Lead Sheets and other Chemical Auxiliaries. 11, Worli Road, Bombay 18-WB. Phones : 75432-3-4. Grams : "METAMELT."

Great Western Engineering Works.—Sea View, 1st Pasta Lane, Colaba, Bombay 5.

**HINDUSTAN ENGINEERING WORKS.**—7-C, Pitamber Lane, Mahim, Bombay-16. Telephone No. : 451408. Grams : "DICHROMATE." Air Compressors, Chemical Engineering Equipment, Founders and Foundry Equipment, Industrial Engineers, Material Handling and Conveyors, Moulding Machines and Boxes, Steel Doors and Windows and Tank Manufacturers.

**INDUS ENGINEERING COMPANY.**—Office & Works : opp. Worli D.D. Chawl No. 114, Bombay 13 (B.C.). Telephone : 40342. Telegraphic Address : "INDUSINDH." Manufacturers of Pressure Vessels, Auto-claves, Reaction tanks, Vats, Kettles & Stills, Dryers—Vacuum, Tray & Rotary type, Mixers for Powders & Pastes, Heat Exchangers, Condensers—Coil & Tubular type, Steam Jacketted Evaporating pans, Sterilisers, Stainless Steel Vessels (welded by argon arc welding process), all Industrial Machinery according to customer's requirements and according to their drawings and specifications.

**K. MAHADEV & CO. PRIVATE LTD.**—Datta Mandir Road, Bhandup, Bombay-78. Phone : 581920. Manufacturers of Chemical & Pharmaceutical Machinery.

**KILBURN & CO. LTD.**—Gresham Assurance House, Phirozshah Mehta Road, Fort, Bombay 1. Phone : 251908. Grams : "TASCONIUM."

**METTALLICA WORKS PRIVATE LTD.**—79/83, Dr. Annie Besant Road, Bombay 18. Phones : 15432, 75433, 75434. Makers of Non-Ferrous Metals, Alloys, Castings, Anodes, Lead linings of Acid Resisting Containers, Crucibles.

National India Engineering Co. Ltd.—7-10, Elphinstone Circle, Fort.

**RAJ-DER-KAR & CO.**—Sadhana Rayon House, Dr. Dadabhai Naoroji Road, Fort, Bombay. For Research Industries. Phone : 262304 (P.B. X — 4 lines). Grams : "TECHLAB."

Regal Trading Co. (Bombay).—Rajabahadur Bansilal Mansion, 11, Bruce Street, Fort, Bombay 1.

Saif Welding & Engineering Works.—130, Suklaji Street, Bombay 8.

Techno Industrial Co.—107, Sir Vithaldas Chambers, 16, Apollo Street, Fort.

Thos. W. Ward (India) Ltd.—Marshall Building, Ballard Road, Ballard Estate, Fort.

**UNION CARBIDE INDIA LIMITED.**—Kasturi Building, Jamshedji Tata Road, Bombay 1. Phones : 245584 & 245775. Grams : "INDUSCHEM." For "KARBATE" Impervious Graphite Equipment for Chemical Industry.

**V. PAMLAYS PRIVATE LTD.**—Sunderbaug Estate, Agra Road, Bombay-70 (AS). Factory at : Pokharan Road, No. 2, Panchpakhadi, Thana. Phone : (1) Kurla 55578; (2) Thana 591560. Grams : "VEEPAMLAYS." Manufacturers of Autoclaves, Reaction Kettles, Pressure Vessels, Mixers, Heat Exchangers, Condensers, Domestic Stoves, Special defence Equipments, etc.

**YAJNIK ENGINEERING WORKS.**—64, Podar Chambers, 3rd Floor, Parsi Bazar Street, Fort, Bombay 1. Phone : 251471. Grams : "GREND". Chemical & Mechanical Engineers. Tanks, Vessels and Industrial Equipments of Stainless Steel, Aluminium, Copper, Mild Steel, also lining of Rubber, Lead and Polyethylene for Chemicals, Pharmaceuticals, Food, Fertilizer and Dairy Industries.

## CHEMICAL ENGINEERS

**MOTWANE PRIVATE LTD.**—127, Mahatma Gandhi Road, P.O. Box No. 1312, Bombay 1-BR. Phone : 252337. Grams : "CHIPHONE," Bombay.

## CHEMICAL MANUFACTURERS

**AHURA CHEMICAL PRODUCTS PRIVATE LTD.**—84, Sion Road, Bombay 22. Manufacturers of all Textile Auxiliaries, Surface-active Agents, Turkey Red Oil, Synthetic Anionic Detergents and Wetting Agents, Non-ionic Emulsifiers for various industries, Cationic Germicides and Softeners, Cosmetic Raw Materials and other general Chemical Products. Mg. Director : S. M. Mistry. Phones : 471394, 471911. Grams : "AHURACHEM," Bombay-Sion.

**AJANTA CHEMICALS CORPORATION.**—64 E, Old Hanuman Lane, Dhabliwala Bldg., Bombay-2. Phone : C/o 39051. Manufacturers of : Calcium Chloride Fused, Iron Sulphide A.R. & C. P. ACIDS, Sulphuric, Hydrochloric, Nitric, Picric, Hydrobromic & Other Laboratory Chemicals.

Alembic Chemical Works Co. Ltd., Baroda.—Distributors in Bombay : Alembic Distributors, Ltd., Lakshmi Building, Sir Phirozshah Mehta Road, Fort.

Amar Dye-Chem Ltd.—11, Sprott Road, Ballard Estate, Bombay 1.

Ariabs Private Ltd.—6, 2nd Floor, India House, Fort Street, Bombay 1.

**ASHOK INDUSTRY.**—(Chemical Division) 62, Dontad Street, Bombay-9. Phone : 327359 (Office) : Manufacturers of Chemicals for Metal Pretreatment such as Cleaning, Phosphating & Rust Preventives, Discaling & Water Softening Compounds. Works : Masrani Estate, Bombay-70. Phone : 55393 (Works).

Zenith Electric Stores.—51, Ahmed Building, Lohar Chawl, Bombay No. 2. Phone: 23125. Grams: "ALLANABANDA."

## ELECTRICAL HEATING ELEMENTS

**ASIATIC ELECTRIC TRADING CO.—46-48, Lohar Chawl, Bombay 2. Sole Representatives in India for "GRIMWOOD" Australian make Electric Heating Elements for all types of Appliances—designed or tailor made for any use e.g. for Cookers, Baking Ovens, Boiler Grills, Immersion Heating Elements for Water, or Oil, Acids and Gases, Far Infra-Red Heating Elements for Industrial drying and other purposes, Strip Heaters, etc.**

**ELMANI & CO.—162, Hill Road, Bombay-50-AS. Authorised dealers for "BAJAJ" 'RACOLD' 'KLEERTONE,' Storage Type Water Heaters—Installation and Repairs Undertaken for all types of Water heaters. Grams: "SEMLANICO." Phone: 533701.**

**SUSHRA & CO.—Tulsi Pipe Road, next to G.E.I. Girls' School, Dadar, Bombay 28. Phone No.: 454424. Embedded—"Heat Beam," Strip Heaters, Finned Heaters, Curing Heaters for Textiles, Rubber & Leather, Cartridge Heaters, Immersion Heaters for Water, Oil, Chemical Baths and for Electro-platings. Available for any Watts & Volts.**

## ELECTRICAL INSTRUMENTS & METERS

**BAJAJ ELECTRICALS LIMITED.—45-47, Veer Nariman Road, Bombay 1. Electrical Engineers, Manufacurers and Contractors. Phone: 25-3841. Grams: "SOFTLITE." Branches at Calcutta, Delhi, Madras, Kanpur, Patna, Indore, Wardha, Gauhati, Hyderabad, Jaipur, Jullunder & Bangalore.**

Eastern Electric & Engineering Co.—127, Mahatma Gandhi Road, Bombay 1.

**ESSENTIAL ENGINEERING CO.—11, Botawala Building, Elphinstone Circle, Fort, Bombay. Grams: "ESSENCE." Phone: 252940. Importers, Exporters, Commission Agents and Manufacturers' Representatives.**

Express Trading Co.—Cama Chambers, 123, Medows Street, Bombay 1.

**GAUMONT KALEE LIMITED.—Ashok Chakravati Road, Ashok Nagar, Kandivli East, Bombay-67. Phones: 691271 2 & 3. Grams: "GAUMKALEE." Manufacturers of Meters Electronic Test Equipments and Cinema Projectors. Branches: Delhi, Calcutta and Madras.**

**GYRO LABORATORIES PRIVATE LTD.**

*Manufacturers of :*

Instruments, Current Transformers, L.T. & H.T. Potential Transformers L.T. & H.T. Circuit Tester for Blasting (Ohmmeters), Multiratio Current Transformers, High Pressure Testers, Wheatsone Bridges, Phase Sequence Indicators, Relay Testing Sets, Switch Board Instruments. We also undertake Repair, Overhaul and Recalibration of all types of Electric Measuring Instruments.

**8, Gazdar Street, Thakurdwar, BOMBAY 2.**

Telegrams : " GYROSTATIC." Phone: 39002

**INDIA METAL AGENCIES.—" India House," Opp. G.P.O., Bombay 1. Phone Nos. 261978, 265456. Engineers, Manufacturers' Representatives, Importers & Dealers in Electrical Machinery.**

**INDIAN ENGINEERING CO.—Worli Naka, Post Box 16551, Bombay 18. Phone : 73490. Grams.: " AMPVOLT " (JC). Also at Calcutta, New Delhi & Madras.**

**INDIAN INDUSTRIAL ENGINEERS.—43, Tamarind Lane, Fort. Phone : 254972. Grams : " NEWLIGHT."**

Kerala Industries (India).—17, Hornby Building, 174, Dr. Dadabhoy Naoroji Road, Fort, Bombay.

**NATIONAL SUPPLY & DISTRIBUTING AGENCY.—Jay Mahal, 20/48, Lohar Chawl, Bombay 2. Phone : 39274. Grams : " ELECTLAMPS." Manufacturers of " NSDA " Switchgears & Instruments, Stockists & Cables, Instruments & Insulating Materials.**

Toshniwal Industries Private Ltd.—198, Jamshedji Tata Road, Bombay 1.

## ELECTRICAL ILLUMINATION (TEMPORARY)

**MODERN ELECTRIC CO.—(Estd. 1935), Dady House, 50, Veer Nariman Road, Fort, Bombay. Phone : 252403. For Power & Lighting Installations, Cable laying, Temporary Illuminations.**

National Electric Company.—11, Elphinstone Circle, Fort, Bombay.

## ELECTRICAL LIGHTING FITTINGS

**BAJAJ ELECTRICALS LIMITED.—45-47, Veer Nariman Road, Bombay 1. Electrical Engineers, Manufacturers & Contractors. Phone : 253841. Grams : " SOFTLITE." Branches at Calcutta, Delhi, Madras, Kanpur, Patna, Indore, Wardha, Gauhati, Hyderabad, Jaipur, Jullunder and Bangalore.**

## ELECTRICAL RESISTANCE WIRES

**INDIAN INDUSTRIAL ENGINEERS.—43, Tamarind Lane, Fort. Phone : 254972. Grams : " NEWLIGHT."**

**INDUSTRIAL ELECTRICAL ENGINEERING CO.—10, Hamam Street, Fort. Specialists in Insulating Materials & Armature Wires. Phone : 252836.**

## ELECTRODES

Batliboi & Company Private Ltd.—Regd. Office : Forbes Street, P.O. Box 190A, Fort, Bombay-1 (BR). Phones : 255451 (6 lines). Grams : BATLIBOICO. Telex : 284. City Branch: Batliboi House, 59/61, Nagdevi Cross Lane, Bombay 3 (BR.). Branches : Ahmedabad, Bhopal, Calcutta, Coimbatore, Delhi, Jaipur, Kanpur, Ludhiana, Madras, New Delhi, Secunderabad, Vijayawada. Associate : Bangalore 2. Resident Representatives : ERNAKULAM, RANCHI.

Bombay Machine Tools & Hardware Corporation.—103, Narayan Dhuru Street, Bombay 3.

**DATSON RAVIRAJ & CO. (PRIVATE) LTD.—43, Tamarind Lane, Fort. Phone : 254433. Grams : " DATNARE."**

Guest, Keen, Williams, Ltd.—Wakefield House, Ballard Estate, Bombay 1.

**INDUSTRIAL GASES LTD., THE.—Bombay. Grams : " INDUSGASES ". Head Office : P.O. Box 853, Calcutta 1. Mild Steel-Cast Iron, Stainless and Alloy Steels, Non-ferrous Metals, Hard-facing Electrodes for Automatic Welding.**

**POWER CABLES PVT. LTD.—24, Brelvi Sayed Abdulla Road, Bombay 1. Phone : 251017. Manufacturers of " POWERARC ELECTRODES."—Stronger, Faster Welding with Powerarc Electrodes—Available in wide range for you to choose from —Iron Powder, Low Hydrogen, Mild Steel, Cast Iron, Hard Surfacing and Low Alloy Electrodes for manual welding in sizes 2.5 mm to 7.0 mm. Manufactured with technical know-how and licence of Westinghouse, U.S.A. Powerarc Electrodes are under rate contract with the Directorate General of Supplies and Disposals. Powerarc Electrodes are on approved list of Lloyd's Register of Shipping.**

Vishwa Bharati Trading Co.—14, Kumpta Street, Ballard Estate, Bombay 1.

Voltas Ltd.—19, Graham Road, Ballard Estate, Bombay 1.

**WELDWELL ELECTRODES PRIVATE LTD.—341, Tardeo Buildings, Tardeo, Bombay 34. Phone : 71494. Grams : " WELDMASTER." Manufacturers of Arc Welding Electrodes and Welding Accessories.**

## ELECTRONIC COMPONENTS

**HEATEX PRODUCTS PRIVATE LTD.—11, Bank Street, Fort, Bombay. Phone : 254736. Grams : " FLUDRIVE ". Dealers in Electrical and Electronic Instruments.**

**NETRONICS PRIVATE LTD.—Manufacturers of Capacitors, Resistors and Other Electronic Components. 21-B, Noble Chambers, 3rd Floor, Parsee Bazar Street, Bombay-1.**

## ELECTRONIC INSTRUMENTS MFRS.

**ELECTRONIC PRODUCTS.—Office : Bombay Mutual Annexe, Gunbow Street, Bombay 1. Phone : 263466. Grams : " ROHMEEPEE ". Manufacturers of Film Carbon Resistors, Testing Instruments, Radio and Transistor Parts & Polythene Packaging Material. Factory : Plot A-27, Road No. 10, Wagle Industrial Estate, Thana, Bombay. Phone : 591340.**

**HIND INDUSTRIAL & MERCANTILE CORP. PVT. LTD. (Hindco).—27, New Queen's Road, Bombay-4. Grams : " ADEX." Phone : 30061-2. Importers & Distributors. Branches at : Calcutta, Delhi, Bangalore and Madras.**

**INDIA RADIO & ELECTRONICS CORPN.—Vithalbhai Patel Road, Bombay-4. Manufacturers of IRE Electronic Instruments Induction & Dic-electric Heaters, Wireless Communication Equipments, Autitran Transformers, Amplifiers, Selenium Silicon Rectifiers etc.**

## ELECTROPLATERS, ELECTROTYPERS & GILDERS

Acme Manufacturing Co., Ltd.—Construction House, Wittet Road, Ballard Estate.

**ARTYTOYS.—Sir Ratan Tata Welfare Centre, Sir Ratan Tata Road, Tardeo, Bombay 34. For Silver, Nickel and Copper plating at competitive rates. Phone : 74873.**

**DIAMOND ELECTRO-GILDERS & GALVANIZERS.—Specialists for Electroplating in Chrome, Nickel, Silver, Copper, Bright Nickle Anodizing, Bronze, Oxidising, Barrel Plating, Galvanizing & Tanning. Office : Anand Bhuvan, 6, Islampura, Bombay 4. Factories at : 39, 2nd Carpenter Street, Bombay 4 and Bunder Road, Sewri, Bombay 15.**

**KOHINOOR ELECTRO GILDERS.—Khetwadi 10th Lane, Bombay 4. Phone : 71786 ; Electroplaters, Barrel-Platers, Electro-Tinners & Galvanisers ; Specialists in Chrome, Silver, Nickel, Bronze, Brass, Tin Cadmium. Oxidising and Galvanizing and Anodising aluminium.**

Lund & Blockley.—Sassoon Institute, 150-154, Mahatma Gandhi Road, Fort.

New Sun Electro Gilder & Metal Manufacturing Co.—250, Belasis Road, opp. Alexandra Cinema, Bombay 8.

R. Liladhar & Brothers.—Shinde Wadi, 220-D, Vincent Road, Dadar Central Railway, Bombay 14.

**S. R. MANDAWKER & CO.—Military Square Lane, Fort, Bombay 1. Phone : 253687. Electro Platers & Gilders, Copper Plate Printers, General Engravers and Die Sinkers, Relief Stampers & Rubber Stamp Makers.**

**SAIFEE ELECTROPLATING WORKS.—Electroplaters in Chromium, Bright Nickel, Bright-Zinc and Silver, Also Bronzing and Oxidisers in any Colour, 139, Bhendi Bazar, Bombay 3. Phone No. 331937.**

Scientific & Industrial Supplies Corporation.—Princess Street, Bombay 2.

## ELECTROPLATING MATERIAL MFRS. & DEALERS

Associated Machine & Tool Co.—130, Medows Street, Fort.

Batliboi & Company Private Limited.—Regd. Office : Forbes Street, P.O. Box 190A, Fort, Bombay-1 (BR.). Phones : 255451 (6 lines) Grams : " BATLIBOICO." Telex : 284. City Branch : Batliboi

House, 59/61 Nagdevi Cross Lane, Bombay-3 (BR.). Branches: Ahmedabad, Bhopal, Calcutta, Coimbatore, Delhi, Jaipur, Kanpur, Ludhiana, Madras, New Delhi, Secunderabad, Vijayawada. Associate: Bangalore 2. Resident Representatives: ERNAKULAM, RANCHI.

Choksi Brothers.—Kanji Mansion, 315, Sandhurst Road, Bombay 4.

**FLINTROCK PRODUCTS PRIVATE LTD.—Belvedere Road, Mazagon. Bombay 10. Mfrs. & Suppliers of Batch Bricks, Pumice Blocks, Pumice—Tripoli Silica Powders, Emery Flour and in Grains Rouge Powder, etc. Phone Nos. 10304 & 321238.**

**GRAUER & WELL (INDIA) LTD.—"SUKHSAGAR," Corner of Hughes Road, Chowpatty, Bombay-7. Grams: "WISHWELL." Manufacturers of Plating Equipments, Plating Salts, Polishing Materials, Polishing Wheels, Mops, etc. in foreign Technical Collaboration.**

Hardcastle Waud & Co. Private Ltd.—Alice Building, Hornby Road, Bombay 1.

**HIND RECTIFIERS LTD.—Lake Road, Bhandup, Bombay 78. Grams: "HIRECT," Bombay 78. Licensees of Westinghouse Brake & Signal Co., Ltd., London for Manufacture of Rectifiers, Battery Chargers, Electroplating sets, Silicon Power Plants. Selling Agents: Kaycee Industries Ltd., Kamani Chambers, Nicol Road, Ballard Estate, Bombay 1. Phone: 264030. Grams: "KAYCE."**

**CANNING MITRA PHOENIX LTD.**

*Manufacturers of:*

**Electroplating Salts, Polishing Compositions, Plating Plant & Equipment.**

*Regd. Office:* Bachoobai Building, 187, Dr. Dadabhai Naoroji Road, Bombay-1.

Phone: 262342. Grams: "NAMSAMPAT".

*Products manufactured in Technical collaboration with Messrs. W. Canning & Co. Ltd. of U.K.*

**K. B. Gandhi & Co.—277, Sandhurst Road, Bombay 4.**

**KAYCEE INDUSTRIES LTD.—Agents for Hind Rectifiers Ltd. Manufacturers of Selenium and Silicon Semiconductors, Electroplating Rectifiers, Battery Chargers Silicon Power Plants for Electro-Chemical Industries, Manufacturers of "Santon" Rotary Switches, "Kaycee" Toggle Switches "Kaycee" Water Meters. Head Office: Kamani Chambers, Nicol Road, Ballard Estate, Bombay. Phone: 263521. Grams: "TURNRITE." Branches: Delhi, Calcutta, Madras & Kanpur.**

**MACHSONS PRIVATE LIMITED.—Electroplating Engineers, 28, 1st Agiary Lane, Karakuva, Zaveri Bazar, Bombay 3. Phone: 322144. Grams: "MACHPLATE." Manufacturers of Single Cyanides, Double Cyanides, Electroplating Salts, and Chemicals and Anodes of Silver, Gold, Copper, Nickel, Zinc and Cadmium.**

**MATHURADAS BROS. & CO.—76/78, Thakurdwar Road, Bombay 2-BR. Phone Nos. 30974 (Office) & 452075 (Res.). Grams: "PEERLESS," Bombay. Dealers in Electroplating Chemicals, Polishing Materials and Allied Equipments, Jewellery Enamels, Goldsmith Tools, etc. Leading Stockists for: Ronuk Industries Ltd., Bombay.**

**All Types of Metal Finishing:**
in chrome, nickel, zinc, copper, tin, Brass, cadmium, silver etc.
**Hard Chrome Plating:**
on printing rollers, guide rolls, dies, tools etc.
**Supermost Bright Plating:**
in chrome & nickel.
**Zinc Coatings:**
in jet black and multi-colours.
**Bright Barrel Plating of all types.**
and
Oxidizing, Passivation, Anodizing & Phosphatizing
**QUALITY ELECTRO-METALLIZING INDUSTRIES,**
B. M. K. Industries compound, Kalina Road, Behind Wadia Estate, Near Bell Bazar, Old Kurla, Bombay-70 (AS).
Phone: 55130

**METALLICA WORKS PRIVATE LTD.—79/83, Dr. Annie Besant Road, Bombay 18. Phones: 75432, 75433, 75434. Makers of Non-Ferrous Metals, Alloys, Casting Anodes, Lead linings of Acid Resisting Containers, Crucibles.**

**MITRA & CO., S.—Distributors for Canning Mitra Phoenix Ltd. Manufacturers of Electroplating and Polishing Equipments and materials. Bachubai Building, 187, Dr. Dadabhoy Naoroji Road, Fort, Bombay 1. Phone: 262342. Grams: "MLUDESHI." Branches at Calcutta and Madras.**

**RONUK INDUSTRIES LTD.—11-A, Abdul Gaffar Khan Road, (Worli Sea Face), Bombay 18. Phone: 453250. Grams: "RONUKIND." Manufacturers of Polishing and Buffing Compositions, Fibre & Wire Wheels, Calico Mops, Polishing-Accessories. Dull and Bright Compound Salts and Brighteners. Prepared Plating Salts for all Metals, Metal Bronzes, Alkali Metal Cleaners, and Plating Accesories. Also Design, Fabrication & Erection of Complete Plans for Electroplating and Anodizing.**

**Shah Trading Corporation.—Opp. Crawford Market, Oomrigar Building, P. B. No. 2299, Bombay 3.**

## EMBROIDERIES

**MARDIA METALS AGENCY.—90, Kika Street, Bombay 4. Phone : 332793 & 335672. Sole Selling Agents for Maharashtra for "ALCOBEX" Brand Extruded and Drawn Brass & Copper Rods, Flats and Sections confirming to BSS & ISS Standards. Associates, Mardia Metals Co. 40, Strand Road, Calcutta 1. Phone : 226915 & 229871.**

**METAL DISTRIBUTORS LTD.—12-18, Vithalbhai Patel Road, Bombay 4. Importers, Exporters & Indentors of Metals, Scrap & Virgin. Grams : "DHATUBANA." Telex No. 315. Phones : 333600, 333609, 334280, 334291.**

**METALLICA WORKS PRIVATE LTD.—79/83, Dr. Annie Besant Road, Bombay 18. Phones : 75432, 75433, 75434. Makers of Non-Ferrous Metals, Castings, Alloys, Anodes, Lead lining of Acid Resisting Containers, Crucible.**

Montana Ltd.—Rahimtoola House, Homji Street, Fort.

Non-Ferrous Metal Refinery.—24, Sitafalwadi, New Anjirwadi, Mount Road, Mazagaon, Bombay 10.

**POPULAR METAL WORKS & ROLLING MILLS.—Sion, Bombay 22. Manufacturers of Aluminium Brass, Copper Sheets, Circles Utensils and Copper and Brass Cold Rolled Industrial Sheathings.**

**PRAVINCHANDRA D. BROS.—105, Kika Street, Gulalwadi, Bombay 4. Phone : 332419. Grams : "RODSBRASS." Dealers & Stockists of Non-Ferrous Metals & Semi Finished products. Copper & Brass Rods, Pipes, Sheets, Sheathing, Wire Strips, etc. Phospher Bronze, Rods & Wires. Aluminium Sheets, Rods, Wires & Tubes, Stainless Steel Sheets, Tubes & Rods.**

**SHANTILAL HIRALAL & CO.—63/65, Kika Street, Bombay-4. Phone : 331459, 334479. Grams : "LESSPROFIT". Dealers in all kinds of Non-Ferrous Metal, Scraps, Rods, Tubes & Pipes in all sizes and 'K' Brand Brass Sheets. Phone : 331762.**

**STANDARD METAL WORKS PRIVATE LTD.—17, Tardeo Bridge (Low Level), Bombay 34 (W. R.). Phone : 75108. Grams : "BRASSLEAD." Manufacturers of Non-Ferrous Metal Goods and Specialists in Lead Sheets, Lead Pipes, Lead Wool, Lead Strips Washer, Tape, Brass & Copper Wires, Brass Chains (Toda), etc. Lead Lining & Lead Bonding Job Undertaken.**

**V. M. METAL CO. (Estd. 1950).—180, Kika Street, Bombay 4. Phone: 334543. Grams : "SHAKAGO" Girgaum. Dealers in Brass, Copper, Aluminium, Specialised in Industrial Sheets.**

**VORA TRADING CO.—357-A, Samuel Street, Vakil Bldg., Vadgadi, Bombay 3. Phone : 325289. Telegram : MULTI-SALES :" Bombay-Mandvi.**

William Jacks & Co., Ltd.—Hamilton House, Graham Road, Ballard Estate.

## NON-FERROUS METALWARE MANUFACTURERS

Bombay Brass & Metal Works.—Panjrapole 2nd Street, Bombay 4.

Eastern Aluminium Works.—60, Bapu Khote Cross Lane, Kika Street, Bombay 3.

G. K. Kansara.—Kansara Chawl, Bombay 2.

Gupta Metal Industries Ltd.—Gupta Mills Estate, Reay Road, Darukhana, Bombay 10.

Kamani Engineering Corporation Ltd.—Kamani Chambers, Nicol Road, Ballard Estate, Bombay 1.

Kandivli Metal Works, C/o Messrs. Natwarlal & Co.—Dhobi Wadi, Thakurdwar, Bombay 2.

**LALUBHAI AMINCHAND PRIVATE LTD.—Proprietors, "Dun Aluminium Factory," 225/27, Tardeo Road, Bombay 7. Manufacturers of "QUEEN" Brand Stainless Steel Utensils & "QUEEN." Brand Brasswares & Other non-ferrous Metalware. Phones : 41618, 77175, 334049 & 331888. Grams : "CYCLEBRAND."**

Oriental Metal Pressing Works Private Ltd.—131, Worli, Bombay 18.

Pitamberdas Lallubhai & Co.—86, Kansara Chawl, Kalbadevi Road, Bombay 2.

**Standard Metal Works Ltd.—17, Falkland Road, Low Level, Bombay 7.**

Tarkar, B. A.—50, Kansara Chawl, Kalbadevi Road, Bombay 2.

Vajeram Devchand & Bros.—21-22, Chirabazar, Dukerwadi, Bombay.

## NOVELTIES

Akbarally Ebrahimji Pharmacy & Department Store.—45/47, Veer Nariman Road, Fort, Bombay.

Aurora Toys and Novelties.—"Parimal", Keluskar Road, South, Shivaji Park, Dadar, Bombay 28.

Ebrahim Allibhoy & Sons.—260-64, Abdul Rehman Street, Bombay 3.

**Excel Process Works.—Manufacturers of Advertising Gift Items,** Excel House, Ghodbunder Road, Irla, Vile-Parle, Bombay 24.

**Grand Bazar.—25, Colaba Causeway, Bombay 1.**

Noble Jewellery Mart.—Capitol Cinema Bldg., Bori Bunder, Bombay 1.

**Sammaho Paleeddamsee & Co.—141, Chakla Street, P.O. Box 3131, Bombay 3.**

## OFFICE EQUIPMENT & SUPPLIES

Apex Enterprises.—17/5th Floor, Mohatta Market, Palton Road, Bombay 1.

Ashok Typewriters.—40, Cowasji Patel Street, Ground Floor, Savoy Chambers, Fort, Bombay.

Artytoys.—Sir Ratan Tata Road, Tardeo, Bombay 7.

**BELLARES PRIVATE LIMITED.—Chequewriters, Office Systems & Equipment Specialists. Sole Distributors, Ames Supply Company (U.S.A.). Spare Parts, Tool & Accessories for Typewriters, Adding & Calculating Machines, Manufacturers of Heavy duty "Magnolia" Paper Punch and CHEQUEWRITERS. 210-A, Lamington Road, Post Box No. 4101, Bombay 7. Grams : "INSPIRON." Factory : A-374, Thana Industrial Estate, Thana (Maharashtra).**

Bombay Safe Manufacturing Co.—307-9, Kalbadevi Road, Bombay 2.

Bombay Typewriting Institution.—Opp. The General Post Office, Bhatia Mitra Mandal, Fort Street, Fort, Post Box No. 936, Bombay 1.

General Equipment Merchants, Ltd.—People's Building, Sir Phiroshah Mehta Road, Fort.

**GENERAL OFFICE EQUIPMENT COMPANY.—Anand Bhuvan, 3rd Floor, Dr. D. Naoroji Road, Fort, Bombay. Phone : 254346. Repairs and Maintenance of Typewriters and other office Machines.**

General Typewriters (Bombay) Co., Private Ltd.—375, Dr. Dadabhoy Naoroji Road, Fort, Bombay.

Gestetner Duplicators Ltd.—Construction House, Ballard Estate, Bombay.

Gillanders Arbuthnot & Co., Ltd.—16, Queen's Road Estate, Bombay 1.

**GOVIN'S SAFE MANUFACTURING CO.—266-68, Kalbadevi Road, Bombay 2. Phone : 29869; Grams : "GOVINSAFE." Manufacturers of Steel Cabinets, Safes, Steel Furniture & Padlocks.**

James Manufacturing Co.—407, Kalbadevi Road, Bombay 2. Phone : 22874.

**JANAK MANUFACTURING WORKS.—Antop Hill, Wadala, Bombay 31. Manufacturers of Steel Shelving Racks. Phone : 60171. Grams : "JANAKBED" (MT). Show Room at : Kastur Nivas, 26/B, French Road, Off Hughes Road, Chowpatty, Bombay 7.**

Jhaveri Bros. & Co. Private Ltd. (Estd. 1914).—Novelties and Gift Specialists—Manufacturers of "J. B. Monymatic" Coin Changer, A must for every Cashier. 345, Abdul Rehman Street, Near Crawford Market, Bombay 3. Grams : "GIFTS." Phone : 326196.

Mamaji & Son (Private) Ltd., Y. A. (Estd. 1885).—136-38, Sir Ebrahim Rahimtoola Road, Bombay 3.

Menty, S. M., & Co.—13, Horniman Circle, Fort, Bombay 1.

National Leather Cloth Manufacturing Co.—480, Sandhurst Road, Bombay 4.

Regal Trading Co. (Bombay).—Rajabahadur Bansilal Mansion, 11, Bruce Street, Fort, Bombay 1.

Western India Manufacturers' Agency Private Ltd.—190, R. K. Building, Khetwadi Main Road, Bombay 4.

## OIL BURNERS

Heatly & Gresham Ltd.—9, Forbes Street, Bombay 1.

**NESTLER BOILERS PRIVATE LTD.—Mfrs. of Oil Burners. Head Office & Works : Love Lane, Cross Lane, Byculla, Bombay 27. Phone : 76264 & 72818. Grams : "NESTLER."**

William, Jacks & Co., Ltd.—Hamilton House, Ballard Estate, Bombay 1.

## OIL ENGINES AND SPARES

Acme Manufacturing Co., Ltd., The.—Construction House, Ballard Estate, Bombay.

**AGRA ENGINEERING CO.—40, Bank Street, Fort, Bombay 1. Phone : Office : 256541 ; Res. : 532906. Grams : "RAJSPARES." Manufacturers of Diesel Engines Spares—"ARROW" & "DISPA" brand Liners & Pistons.**

Associated Machine & Tool Co.—130, Medows Street, Fort.

**B. KUMAR METAL WORKS.—Sitafalwadi, Mount Road, Mazagaon, Bombay 10. Phone : 40384. Grams : "BEKUMAR." Manufacturers of Oil Engines Crank Shafts, Connecting Rods and other spares, Crankshaft grinding Jobs accepted.**

**BHARAT ELECTRIC & ENGINEERING CORPORATION.—Free Press Building, Ground Floor, 21, Dalal Street, Fort, Bombay. Phone : 255374. Grams : "GODGRACE."**

Bharat Industrial Co.—77-79, Nagdevi Cross Lane, Bombay 3.

Brady, W. H., & Co., Ltd.—Churchgate Street, Fort.

**CAPRI ENGINEERING CO.—296, Frere Road, (Near Fort Market), Bombay 1. Phone : 266438. Grams : "CAPRIENG."**

Chhaya Trading Co.—Opp. Share Bazar Building, Hamam Street, Fort.

Drewet Chowna & Co.—Lentin Chambers, Medows Street, Fort, Bombay.

**EAST ASIATIC CO. (INDIA) PRIVATE LTD., THE.—Wavell House, Graham Road, Ballard Estate, Bombay. Phone : 262711 (8 lines). Machine Works : Tank Road, Bombay 33 DD. Phone : 78544. Offices at Madras, Calcutta, New Delhi, Bangalore, Secunderabad & Lucknow.**

Eastern Electric and Refrigeration Co.—14, Hamam Street, Fort, Bombay.

Engineer, Eruch D., & Co.—Crossby House, Apollo Street, Fort, Bombay.

General Commercial and Industrial Co.—Vishram Bhuvan, 1st Floor, 41, Kolbhat Street, Bombay 2.

Greaves Cotton & Co., Ltd.—Forbes Street, Bombay 1.

Gujarat Industrial Corporation.—22, Alli Chambers, Tamarind Lane, Fort, Bombay 1.

India Engineering Works.—Opp. Share Bazar Building, Hamam Street, Fort.

Jacks, William & Co.—Hamilton House, Graham Road, Ballard Estate, Fort.

Jayems Engineering Co.—Warden House, Sir Phirozshah Mehta Road, Fort.

Jhala, R. T., & Co.—9, Forbes Street, Fort, Bombay.

**Khimandas Jagumal & Sons (Estd. 1910), Sind.—12, Hornby View Building, Gunbow Street, Fort.**

Larsen & Toubro Ltd.—I. C. House, Dougall Road, Ballard Estate, Fort.

**NATIONAL METAL INDUSTRIES.—15/A, Parel Village Road, Parel, Bombay 12. Phone : 62400. Grams : "MANMUL." Office : 26/A, Behind Mumbadevi Post Office, Bombay 2. Phone : 325434. Manufacturers of "NAMI" Oil Bath Air Cleaners Exhaust Silencers and Fuel Filters for Oil Engines. Also for Tracks and Car Engines.**

Paramount Industrial Stores.—15, Ropewalk Street, Bombay 1.

Parry & Co., Ltd.—United India Building, Sir P. M. Road, Fort.

Power Machines Corporation.—31, Forbes Street, Fort.

Regal Trading Co. (Bombay).—Rajabahadur Bansilal Mansion, 11, Bruce Street, Fort, Bombay 1.

Small-Diesels Ltd.—36, Western India House, Sir Phirozshah Mehta Road, Fort.

**TALWALKER BROTHERS PRIVATE LTD., W. R.—Lentin Chambers, Dalal Street, Fort, Bombay. Phone : 253367. Grams : "PUMPENAMEL."**

Voltas Limited.—19, Graham Road, Ballard Estate, Bombay 1.

William Jacks & Co., Ltd.—Hamilton House, Graham Road, Ballard Estate.

## OIL EXPELLERS

**SWASTIK ENGINEERING WORKS.—179, Panjrapole Road, Bombay 4. Phone : 332643. Grams : "EXPELLER." Manufacturers of "Swastik" Baby Expellers, Boilers and Fitters and spare parts for all Oil Expellers.**

## OIL MILLS (COMPANIES), IMPORTERS & EXPORTERS

Abmed Oomerbhoy Oil Mills.—Two Tanks, Bombay 8. P.O. Box No. 4511.

Bhavnagar Oil & Chemical Industries Private Ltd.—Sales Office: Bombay Mutual Building, Dr. Dadabhoy Naoroji Road, Fort, Bombay 1.

Bombay Oil Industries Pvt. Ltd.—285/287, Narshi Natha Street, Bombay 9.

**DAMJI MANJI (Estd. 1940).—208, Sandhurst Road, Bombay 4. Phones : Office : 333333, 333555 & 333777. Branch : 254402. Res. : 41978. Grams : " OILTRADER." Dealers in Groundnut Oil, Coconut Oil, Castor Oil, Linseed Oil, Mustard Oil, Sesame Oil, etc. Importers of Copra, Coconut Oil & Palm Oil. Exporters of Oils, Oil Cakes.**

Hindustan Oil Mills.—Nawab Mansion, 22, Gunbow Street, Fort. Grams. " Paultext." Head Office & Works at Ghat Road, Nagpur.

**INDU OIL & SOAP CO.—Office : 335, Katha Bazar, Bombay 9. Phone : 321476 and 323964. Mills : 5-A, Hansraj Lane, Byculla Bridge, Bombay 27. Phones : 73797; Residence : 62091 & 63534. Grams : "COCOINDU." Manufacturers of guaranteed filtered pure coconut oil Kishti and Motor car Brands. Exporters of Copra Cake Extraction & Expellers.**

Jamnadas Laljee Oil Mills.—Champsi Bhimji Wadi, Old Anjirwadi, Mazagon.

**JAYANT OIL MILLS.—13, Sitafalwadi, Mazagaon, Bombay-10. Phones: 74283 & 76425. Grams: "SWEETOIL." Manufacturers and Exporters of Vegetable Oils and Oil Cakes. Specialised in Castor oil & Allied Products.**

Oomedchand Kashiram & Co.—Mudi Bazar, Bombay 8.

Sonal Rangnow & Co.—41, Hamam Street, Fort, Bombay.

Swastik Oil Mills, Ltd.—Saltpan Road, Wadala, Bombay 31.

Tata Oil Mills, Co., Ltd.—Bombay House, 24, Bruce Street, Fort, Bombay.

Tide Water Oil Co. (India) Ltd.—Nicol Road, Ballard Estate, Bombay.

Wharton, H. W., & Co., Ltd.—339, Hornby Road, Fort.

## OIL SEALS

**AGRA ENGINEERING CO.—40, Bank Street, Fort, Bombay 1. Phones: Office: 256541. Res.: 532906. Grams: "RAJSPARES." Manufacturers of Diesel Engines Spares—" ARROW " & " DISPA " Brand liners & Pistons.**

**B. CHOUDHURY & CO.—Indian Globe Chambers, Fort Street, Bombay 1. Phone : 263479. Grams: "BISUKHI." Sole Agents for Carl Frendenberg, West Germany. cFw Simmering Oil Seals.**

Kumar Commercial Co.—Nadirshaw Sukhia St., off Cawasji Patel St., Bombay 1.

Oil Seals Mfg. Co. (India)—Ratan House, Tribhuwan Road, Bombay 4.

**WESTERN MACHINERY CO.—22, Basement Commerce House, Medows Street, Bombay-1. Stockists of oil seals & Cir Clips.**

## OILS, OIL CAKES & OILSEEDS

**DAMJI MANJI (Estd. 1940).—208, Sandhurst Road, Bombay 4. Phone Nos. Office : 333333, 333555 & 333777. Branch : 454402. Res. : 41978. Grams : " OILTRADERS." ## STITCHING WIRES

**A. A. MORBIWALA & CO.—109/111, Abdul Rehman Street, Bombay 3. Phone: 323280. Grams: "VARNISH (M.D.)." Direct Importers & Stockists of Stitching Wires of all kinds.**

## STONE BREAKERS AND GRANULATORS

William Jacks & Co., Ltd.—Hamilton House, Graham Road, Ballard Estate, Bombay.

## STONEWARE PIPES

**NOWROJI N. VAKIL & CO.—Sheru Castle, Mohmedalli Road, Bombay 3. Phone: 322803. Head Office & Factory at Naroda Road, Ahmedabad. Manufacturers of Stoneware Drainage Pipes & Fittings, Fire Bricks and Clay & Raschig Rings.**

**SHARMAN SONS (Estd. 1949).—10, Nagdevi Street, Bombay 3. Phone: 321589.**

## STOVES (WICK) & MFRS.

**B. A. TARKAR,—50, Kansara Chawl, Kalbadevi, Bombay 2. (Prof. A. B. Tarkar Metal Factory). Phones: 333683, 334249, Office; 39035 Factory. Manufacturers of Tarkar "NIR-BHAYA" Safety Wick Stoves & Spares.**

**VANGAURD ENGINEERING WORKS.—54/56, Tamkar Street, Bombay-8. Phone: 74277. Manufacturers of Stove Legs, Iron Spoons, Building Material, Hinges, Brackets, Usco types Burners, Egg Beaters & Stove Top Rings, Stove flame Rings etc.**

## STAR WASHERS

**FAIRFIELD MANUFACTURING COMPANY.—Hanuman Building, 4th Floor, Tambakanta, Pydhonie Bombay-3. (BR.). Phones: 324323 & 323758. Grams: "MASRANICOY." Manufacturers of Spring, Washers, Shake proof Washers, Circlips and Precision Strip Forms. Factory at: Masrani Estate, Halay Bridge, Kurla, Bombay-70. (A.S.).**

## STRAW-BOARDS

Abdullabhai Fidally & Co.—24, Sutar Chawl, Bombay 2.

Advani, J. B., & Co. Ltd.—Advani Chambers, Sir Phirozshah Mehta Road, Fort.

Ambalal Dharamchand & Co.—1, Esaji Street, Vadgadi, Bombay 3.

**AMOL PAPER SYNDICATE.—26/A, Sir Phirozeshah Mehta Road, Bombay 1. Phones: 261880 & 266132. Grams: "GRIS-PROOF."**

Ashok Brothers Private Ltd.—Mubarak Manzil, 104, Apollo Street, Fort.

Bombay Paper Marketing Co.—Podar Chambers, Parsi Bazar Street, Fort.

Hardcastle, Waud & Co., Ltd.—Alice Building, Hornby Road, Fort.

India Paper Corporation.—64, Sutar Chawl, Bombay 2.

International Paper Co.—26, People's Bldg., Sir Phirozshah Mehta Road, Fort.

Jayantilal J. Gandhi & Co.—45, Mint Road, near G. P. O., Fort.

Kanthawala, N., & Co.—77, Medows Street, Fort.

Kikabhoy Chandabhoy.—33-35, Mangaldas Road, Bombay 2.

**MAKERS PRIVATE LTD.—59, Forbes Street, Fort, Bombay 1. Phone: 253090. Grams: "LARGEFIELD." Stockists of Paper & Strawboards.**

Mansukhlal Sukhlal & Co.—Ghoga Street, Fort.

Mahomedally Hebatbhoy & Co.—15, Mirza Street, Bombay 3.

Mohanlal & Co.—56, Sutar Chawl, Bombay 2.

Pardiwala Paper Mart.—32/A, Parsi Bazar Street, Fort, Bombay.

Patel, B. K., & Co.—106, Medows Street, Fort.

Prabhat Trading Company.—Vithal Sayana Building No. 2, Lohar Chawl, Bombay 2.

Shantilal Shah & Co.—Bombay Mutual Annexe, 17, Gunbow Street, Fort.

Siddho Mal & Sons.—49, Sutar Chawl, Bombay 2.

Sivramakrishnan, M.—Hazi Manzil, 82-86, Abdul Rehman Street, Bombay 3.

United Import Co., The.—67-69, Mahomedalli Road.

Universal Trading Corporation, The.—43, Mahatma Gandhi Road, Fort.

## STRUCTURAL ENGINEERS & CONTRACTORS

**ALCOCK, ASHDOWN & CO., LTD.—Structural, Mechanical, Marine and Electrical Engineers. Defence Works—Mazagon, Bombay10-DD. Phones: 72584-86 (Works); 251321-26 (Office). Grams: "MORRISONS." Ramasar Works, Bhavnagar. Phone: 415. Grams: "ALCOCKS." Registered Office: 16, Bank Street, Fort, Bombay-1 BR.**

**BHARAT TANK & STEEL CO., THE.—64, Podar Chambers, Parsi Bazar Street, Fort, Bombay. Phone: 251471. Grams: "GREND." Steel and Stainless Steel Fabrication of Industrial Equipment for Chemical, Sugar, Cement, Oil, Dyes and Dairy Industries and Structural Work.**

Bombay Rolling Shutters.—Mansukh Nivas, 2nd floor, 188, Khetwadi Back Road, Bombay 4.

**ELECTRO ENGINEERING CO. PRIVATE LTD.—Sea View, 1st Pasta Lane, Colaba, Bombay 5. Phone: 212016 & 214026. Grams: "GREWENWORK." Structural Engineers & Steel Fabricators of Railway Wagons, Diplorries Axle Guards, Storage Tanks, etc.**

**GENERAL TUBES PRIVATE LTD.—142/44, Nagdevi Street, Bombay-3. Grams: "GENTUBES." Phone Nos.: 322894, 328390. Manufacturers and Exporters C. I. Pipes, Special Water Meters, Valves of various types; Steel Pipes and Fittings for Water Gas & Steam. Also: Fabrication of Steel Pipes Fittings suitable for Rubber Linnings for Special Chemical Industries. Pressure vessel, Steam Separators and heating Coils to Customers Specifications.**

**GREAT WESTERN ENGINEERING WORKS.—Sea View, 1st Pasta Lane, Colaba, Bombay 5. Phones: 212016 & 214026. Grams: "GRENWENWORK." Structural & Mechanical Engineers & Contractors. Tank and Railway Equipment Manufacturers & Suppliers.**

Gupta Manufacturing Works.—Works: Cotton Green, Bombay.

**HIND TANK MANUFACTURING CO.—Trimbak Parsaram Street, Bombay 4. Phone: 331845. Grams: "INDUSPLANT." Designers and Fabricators of complete plants, Machinery & Equipment for all Industries. Also Manufacturers of storage tanks.**

**HINDUSTAN ENGINEERING WORKS.—7-C, Pitamber Lane, Mahim, Bombay-16. Telephone No.: 451408. Grams: "DICHROMATE" Air Compressors, Chemical Engineering Equipment, Founders and Foundry Equipment, Industrial Engineers, Material Handling and Conveyors, Moulding Machines and Boxes, Steel doors and Windows and Tank Manufacturers.**

**REFINERIES FOUNDRIES**

**Chemical and Petro Chemical Industries**

*We Manufacture:* **Pressure Vessels - Chemical Process Vessels - Air Receivers - Foundry Equipments - Storage Tanks and Pressure Pipes and all Steel Structures and Prefabricated Structures**

*Insist on:* **"H.E.W."**

*Contact:*

**HINDUSTHAN ENGINEERING WORKS**

7-C, Pitamber Lane, Mahim, Bombay-16.

Telephone No.: 451408. Telegram: "DICHROMATE".

**INDIA TUBE MILLS & METAL INDUSTRIES PRIVATE LTD.—Agra Road, Vikhroli, Bombay 83. Phone: 581541 & 581542. Grams: "TUBEMILL." Specialists in Tank Fabrication and Erection, Pressure Vessels, Laying of Oil Pipe Lines and Manufacturers of Bright Bars free Cutting and Commercial Quality.**

**INDUS ENGINEERING COMPANY.—Office & Works: Opp. Worli D.D. Chawl No. 114, Bombay 13 (B.C.). Phone: 40342. Grams: "INDUSINDH." Fabricators of Structural Steel, Tanks, Chimneys, Stagings, Floor Gratings, Pipe Lines, Conveyors, Elevators, etc.**

**JAYANT ENGINEERING CORPORATION.—14/D, Kurla Industrial Estate, Bombay 77. Phone: 55503. Specialists in Fabrication & Erection of Factory Shades, Steel Structures, Storage Tanks, Pressure Vessels, Pipes, Chimneys, etc. Work at Site also Undertaken.**

**JINDAL ENGINEERING WORKS.—Darukhana, Kasara Street, Bombay 10 DD. Phone: 78720. Grams: "JINDALSHIP." Manufacturers of various components for M.C., C.R., and Box Type Wagon, Forgings, Hooker, Structural Fabricator, Barbed Wires, "U" Staples, Cable Carrying Trays and A.C.S.R. Accessories and Transmission line tools.**

**JOSHI INDUSTRIAL CORPORATION.—312/313, Loha Bhavan, Frere Road, Bombay 9. Phone: 323055. Grams: "JOSHI-METAL." Structural & Mechanical Engineers, Industrial Structures, Factory Buildings, Storage Tanks, Chimneys, Pressure Vessels, Cranes, M.S. Pipes, Erection of Structures & Machinery and Pipe Lines, Gas Plants.**

Cable : METTICO
Phone Office : 323831 (4 Lines)

# AHMEDNAGAR DISTRICT

*Headquarters :* Ahmednagar.

*Talukas :* Nagar, Rahuri, Newasa, Shrirampur, Sangamner, Akola, Kopergaon, Sheogaon, Pathardi, Jamkhed, Shrigonda, Parner, Karjat.

Ahmednagar, a centrally situated District in the Marathi speaking area of the Deccan, lies between North Lat. 18°20′ and 20° and East Long. 73°43′ and 75°41′. It is bounded on the north and north-west by Nasik District, on the north-east by the river Godavari and Aurangabad District, on the south-east and south-west by Bhir, Sholapur and Poona Districts. The principal geographical feature is the chain of Sahyadri Hills and the river Godavari and her two major tributaries Mula and Prawara both rising from the Western Ghats. Despite the fertility of its soil the District is liable to famine owing to uncertain and scanty rainfall. A large part of the District is irrigated by the confluence of the rivers Godavari and Pravara which has encouraged sugar-cane plantation on a wide scale.

The area of the District is 6,586 sq. miles. Population: 1,775,969 (1961 Census) (Males 905,313; females 870,656). The language spoken is Marathi.

The staple food grains are jawar and bajra. Wheat and gram are grown in the vicinity of the rivers and rice in the westernmost Akole Taluka including other irrigated areas. Vari and ragi are cultivated in soils which are suited to coarser grain. The pulses are tur, mug, math and kulith. Among the cash crops may be mentioned cotton, hemp, safflower, sesamum, linseed, sugarcane, tobacco, kardi, pan, groundnut, tomatoes, bananas and potatoes. Sweet lime orchards are also grown. Recently sisal fibre crop plantations are undertaken on an extensive scale.

The chief historical places of interest to visitors are the Ahmednagar Fort and the residential palaces of the Shindyas and the Peshawas at Jamgaon and Kopergaon respectively. The tomb of Mughal Emperor Aurangzeb is situated on the outskirts of Ahmednagar town. The temple of Dnyaneshwar, the saint poet of Maharashtra, is situated at Newase on the banks of river Pravara. Here Dnyaneshwar wrote his famous commentary on Gita. Excavations undertaken in the vicinity of this town have yielded valuable finds of prehistoric import.

Among industries sugar is now one of the most important. There are twelve sugar factories in the District. Of these six are co-operative societies of sugarcane cultivators, which conduct sugar factories. Gur making, handloom weaving, iron foundries and bidi making are the other important industries. Popular Ayurvedic medicines and a number of allopathic drugs are manufactured on a large scale by a pharmaceutical concern at Ahmednagar.

There are ten irrigation tanks in the District. The Godavari and Prawara Canals provide irrigation to about one lakh acres in Kopergaon, Rahuri and Shrirampur Talukas. The Ghod Weir and Canals Project, which is nearing completion, has extended irrigation facilities to about 55,000 acres of dry land in the usually famine affected Shrigonde and Karjat talukas of the district.

The Ahmednagar Borough Municipality has constructed a cosmopolitan swimming pool at a cost of Rs. 90,000 which is open to all communities of both sexes.

The State Government has constructed a Holiday home at a cost of Rs. 5 lakhs at Bhandardara a summer resort and hill station situated on the foot hills of the Mount Kalasubai, the highest peak of the Western Ghats and by the side of the Bhandardara irrigation tank in the Akola taluka about 104 miles by road from Bombay.

### EDUCATIONAL INSTITUTIONS

Arts and Commerce College, Sangamner. Ahmednagar Arts, Commerce and Science College, Ahmednagar. Adivasi Ashram School, Rahuri. Puntamba Agricultural School, Puntamba. Ayurveda Mahavidyalaya College, Ahmednagar. Government Technical School and Training Centre, Ahmednagar. Pemaraj Sarda Arts, Science and Commerce College, Ahmednagar. Rayat Shikshan Society's Arts, Science and Commerce College, Shrirampur.

There are five Primary Training Colleges, of which one is run exclusively for women and two are conducted by missionaries and all aided by Government.

There are about 98 Secondary High Schools in the district out of which three high schools are exclusively for girls.

Seven Marathi Weeklies and an evening daily are published from Ahmednagar. One Marathi Weekly each is published from Kopergaon, Sangamner and Shrirampur.

### LITERARY AND OTHER ASSOCIATIONS

# AKOLA DISTRICT

*Headquarters :* Akola.

*Talukas :* Akola, Balapur, Murtjapur, Akot, Mangrulpir, Washim.

Akola is a district in Berar with an area of about 4,095 square miles. It lies roughly between North Latitude 19° 50′ and 21° 16′ and East Longitude 76° 45′ and 77° 52′. It is bounded on the north by the Satpura Hills, on the south by the Ajanta and Satmal Hills, on the east by Amravati and Yeotmal Districts, and on the west by Buldana District. Population: 1,189,354 (1961 Census) (Males 613,832; females 575,522).

The greater part of it is fertile alluvial land but the Satpura plateau rises abruptly on its northern border with the ancient fort of Narnala nestling on one of the hills and commanding the whole Poorna plain. Also a range of steep hills runs across the middle of the southern Taluqs. The average rainfall is 30 inches and the temperature in summer rises in certain places to 118 degrees during the day.

The District is mainly agricultural but there are cloth mills, a number of cotton ginning and pressing factories & oil mills.

The total cropped area extends to about 22 lakhs of acres—one-third of which is generally under cotton and two-thirds under other Kharif crops.

### COTTON MILLS

R. S. RECKCHAND GOPALDAS MOHOTA SPG. & WVG. MILLS PRIVATE LTD., Akola.

SAVATRAM RAMPRASAD MILLS CO., LTD., Akola.

VIDARBHA CHAMBER OF COMMERCE, Akola.

# AMRAVATI DISTRICT

*Headquarters :* Amravati.

*Tahsils :* Amravati, Chandur, Morsi, Achalpur, Daryapur, Melghat.

Amravati District lies roughly between North Latitude 20°30′ and 21°40′ and East Longitude 76°55′ and 78°30′. It is bounded on the north by Betul District, on the east by the Wardha River, on the south by the Districts of Yeotmal and Akola, and on the west by Buldana and Nimar Districts. The area of the District is 4,723 sq. miles. The language spoken is Marathi. Population: 1,232,780 (1961 Census) (Males 637,861 ; females 594,919).

Amravati is a plain about 800 feet above sea-level.

## AGRICULTURE, INDUSTRY

The staple food grain is jawar. Other food grains are wheat and pulses. Cash crops include cotton and oilseeds, of which cotton is the more important.

Cotton cloth and yarn are manufactured but the principal industry is the preparation of cotton for the market.

Raw cotton is the chief export, the only other exports worthy of mention being oilseeds, grain and pulses. The chief imports are grain and pulses, coal and coke, salt and sugar.

## ASSOCIATIONS

### SHARADA UDYOG MANDIR

Near Jaystambha, Amravati.

It is a charitable cottage industry institution to help widows and poor women by teaching handicrafts, tailoring, embroidery, etc.

The institution has been running the Badnera Rly. Canteen for the last 7 years and the profits go to the good cause of the institution.

*President :* Smt. Hirabai Boke ; *Founder Secretary :* Smt. Tarabai Padhey ; *Joint Secretary :* Smt. Chandrakalabai Ganorker.

### SHRI SHIVAJI LOKA VIDYAPITHA (PEOPLE'S UNIVERSITY OF LITERATURE, ARTS, CRAFT AND CULTURE)

Shivaji Nagar, Morshi Road, Amravati.

### VIDARBHA MAHAROGI SEVA MANDAL

Tapovan, Amravati.

A social organisation started mainly for the treatment of leprosy patients and eradication of leprosy from the State. The Mandal started a rehabilitation centre for the cured cases of leprosy. A Training class is being conducted for the leprosy Social Workers. The Mandal publishes a paper *Jeevan* for educating the public on the subject.

*President :* Dr. S. G. Patwardhan ; *Secretary :* Smt. Parwatibai Patwardhan.

## COTTON MILLS

# AURANGABAD DISTRICT

*Headquarters :* Aurangabad.

*Talukas and Mahals :* Aurangabad, Kannad, Vaijapur, Gangapur, Bhokardan, Ambad, Paithan, Jalna, Jafferabad (Mahal), Khuldabad (Mahal), Sillod, Soegaon (Mahal).

Area : 6,314 sq. miles. Population: 1,532,341 (1961 Census) (Males 781,635 ; females 750,706).

The most important cave temples in India — at Ellora and Ajanta— are found in this District. The great fort of Daulatabad is an extraordinary structure ; the village of Khuldabad has the tombs of the Emperor Aurangzeb and of Asaf Jah, the founder of the former ruling dynasty.

Aurangabad is now the headquarters of the Marathwada University.

## MARATHWADA UNIVERSITY

The Marathwada University is a teaching and affiliating University, established in 1958 by the Marathwada University Act passed by the State* Legislature in May 1958. It is situated at Aurangabad with jurisdiction over five districts of Marathwada *i.e.*, Aurangabad, Bhir, Parbhani, Nanded and Osmanabad. It has 27 colleges, one recognised institution affiliated to it, of which eleven are situated at the seat of the University.

There are eight Faculties in which provision for teaching courses of study leading to the following degrees has been made :—

Faculty of Arts : B.A., M.A., Ph.D. ; Faculty of Science : B.Sc., M.Sc., Ph.D. ; Faculty of Law : LL.B., LL.M. ; Faculty of Medicine : M.B., B.S., M.D., & M.S. ; Faculty of Commerce : B.Com., M.Com. ; Faculty of Agriculture : B.Sc. (Agriculture), M.Sc. (Agriculture) ; Faculty of Education : B.Ed., M.Ed. , Faculty of Engineering : B.E. (Civil), B.E. (Electrical), B.E. (Mechanical), M.E. (Civil).

The University has also allowed persons gainfully employed and women within the Marathwada University area to appear as private students, i.e., without having to undergo instruction in any college, for the Pre-University Course (Humanities) B.A. and M.A. Examinations.

All the Colleges affiliated to this University are following the three-year degree course in faculties of Arts, Science and Commerce.

The University has so far instituted the Departments of (*i*) Marathi Language and Literature, (*ii*) Economics, (*iii*) Chemistry, (*iv*) Zoology, (*v*) Political Science, (*vi*) History and Ancient Indian Culture, (*vii*) Botany, (*viii*) Mathematics, (*ix*) Physics.

The post-graduate teaching has been instituted in the following subjects :—English, Marathi, Hindi, Sanskrit, History, Economics, Urdu, Education, Medicine, Law, Mathematics, Chemistry, Botany, Commerce, Engineering, Political Science and Zoology.

Research : Facilities exist for research in Economics, Chemistry, Zoology, Botany, Political Science, Marathi language and literature, History and Ancient Indian Culture, Mathematics and Physics.

*Chancellor :* Governor of Maharashtra.

*Vice-Chancellor :* Dr. N. R. Tawde, B.A. (Hons.), B.Sc. (Bombay), M.Sc. (Bombay), Ph.D. (Lond.), F. Inst. P., F.N.I., F.A.Sc.

*Registrar :* M. B. Chitnis, M.A.

*Dy. Registrar (Administration) :* V. K. Dhamankar, M.A.

*Secretary, Universities Information Bureau :* M. B. Chitnis, M.A.

*Secretary, University Board of Sports :* B. K. Sohani, M.A., B.Ed., D.P.Ed.

*Heads of the Departments :*

*Economics :* Dr. V. V. Borkar, M.A., Ph.D.
*Marathi language and literature :* Prof. W. L. Kulkarni, M.A.
*History and Ancient Indian Culture :* Dr. R. S. Gupte, M.A., Ph.D.

* Bilingual.

Aurangabad, The Milind College of Arts, Aurangabad, Janata Science College, Jalna, A. V. E. Society's Degloor College, Degloor, Eknath Sanshodhan Mandir, Aurangabad, Jalna Sanskrit Mahavidyalaya, Jalna, Sanskrit Mahavidyalaya, Nanded, Jalna Sanskrit Mahavidyalaya, Jalna.

Total number of students in University Departments and all the affiliated Colleges : Nearly 12,900.

Budget Estimates for 1965–66

*Grants from the State Government :* Rs. 18,75,563.

*Grants by the University Grants Commission and the Government of India :* Rs. 24,95,397.

*Other Income :* Rs. 16,98,006.

*Expenditure :* Rs. 60,68,966.

MARATHWADA SAHITYA PARISHAD

Aurangpura, Aurangabad.

COTTON MILLS

AURNAGABAD MILLS LTD., Kothwalpura, Aurangabad.

# BHANDARA DISTRICT

*Headquarters :* Bhandara.

*Tahsils :* Bhandara, Gondia, Sakoli.

The District lies roughly between North Latitude 20° 31′ and 21° 44′ and East Longitude 79° 29′ and 80° 43′. It is bounded on the north by Balaghat District, on the east by the former States of Khairagarh and Nandgaon, on the south by Chanda District, and on the west by Nagpur District. The area of the District is 3,582 sq. miles. Population : 1,268,286 (1961 Census) (Males 635,174 ; females 633,112). The chief language is Marathi but Hindi is also spoken by a considerable section of the population.

The principal food crops are rice, jawar, wheat, gram, linseed and pulses. Ginger, oranges and plantains are also grown and sent to Nagpur.

Mineral deposits include those of manganese, iron and a little gold.

The chief industries are weaving, making of brass vessels and stone jars, of soft grass matting for bedding, and of bamboo baskets.

# BHIR DISTRICT

*Headquarters :* Bhir.

*Talukas and Mahals :* Mominabad, Manjlegaon, Gevrai, Bhir, Ashti, Patoda (Mahal), Kaij.

*Area :* 4,268 sq. miles. Population : 1,001,466 (1961 Census) (Males 508,827 ; females 492,639).

There are forts and buildings at Bhir which are of archaeological interest. Amba has a temple dedicated to Jogai. The temple of Baijnath at Parli is a celebrated place of Hindu pilgrimage.

The soil is mostly black cotton. On this are grown cotton, white jawar, gram, gingelly and wheat, while on the masab and kharab soils are grown white bajra, yellow jawar, pulses and oilseeds. Cotton and linseed are produced extensively in the District. The staple food crops are jawar and bajra. Wheat and rice are next in importance.

The District has no minerals of economic value. Granite, basalt and limestone which are found everywhere are used for building.

# BULDANA DISTRICT

*Headquarters :* Buldana.

*Tahsils :* Chikhali, Mehker, Malkapur, Khamgaon, Jalgaon.

This Berar District lies roughly between North Latitude 19° 45′ and 21° 17′ and East Longitude 76° 20′ and 77° 10′. The area of the District is 3,751 sq. miles. Population : 1,059,698 (1961 Census) (Males 541,026 ; females 518,672). The language spoken is Marathi.

Jawar is the chief food crop, though wheat is also grown. The most profitable cash crop is cotton with oilseeds coming next.

The principal industry is the preparation of cotton for the market. Exports consist of raw cotton, oilseeds, grain and pulses, and the imports include grain and pulses, coal and coke, sugar and salt.

# CHANDA DISTRICT

*Headquarters :* Chanda.

*Tahsils :* Chanda, Warora, Brahmapuri, Gardchiroli, Sironcha, Rajura.

The District lies roughly between North Latitude 18° 42′ and 20° 45′ and East Longitude 78° 48′ and 80° 45′. The area of the District is 9,200 sq. miles. Population : 1,238,070 (1961 Census) (Males 623,681 ; females 614,389). The languages spoken are Marathi, Hindi, Telugu and Gondi.

Except in the open country on the west and north, the whole District is thickly wooded.

The forest vegetation in the District is of a mixed character. Teak is fairly general but is not anywhere very plentiful. The principal trees are Saj, Bijasal, Rohan, Kaddan, Haldu, Semal, Mahua, Dhaura, Tendu, Garari and Palas. Salai is very abundant on the dry hills and plateau. Other trees met with are Satin-wood, Reunjha, Bahera and Siris. Near villages tamarinds and mangoes abound, and in the south of the District groves of the palmyra palm occur. The forests are well distributed, and very few villages are more than three miles from some part of them.

The annual rainfall averages about 51 inches at Chanda Town and 46 at Warora. Failure of rainfall is very frequent.

Rice which is the most important crop is grown in the centre and east of the District. Jawar is the chief crop in Sironcha and the Warora Tahsils, while linseed, gram and wheat are grown principally in the black-soil lands of the Chanda Haveli and those adjoining the Wardha river. Cotton is also an important cash crop.

Coal-mines occur and there are match factories, ceramic industries and paper manufacture.

# DHULIA DISTRICT

*Headquarters :*—Dhulia.

*Talukas and Mahals :*—Shirpur, Shahada, Taloda, Sindkheda, Nandurbar, Nawapur, Dhulia, Sakri, Akrani, Akal-kuva.

Area : 5,022 ; Population : 1,351,236 (1961 Census) (Males 686,942 ; females 664,294).

Dhulia District lies roughly between 20° 38′ and 22° North Latitude and 73° 35′ and 75° 17′ East Longitude. It is bounded on the north by Khargone District in Madhya Pradesh, on the east by Jalgaon District, on the south by Nasik District and on the west by Surat District.

The languages spoken are Marathi, Gujarati and Bhil.

The main crops of this District are cotton, wheat, bajra, jawar and groundnut. Sugar-cane and chillies form the main irrigated crops. Lately many more sugar-cane crushing factories and gur manufacturing factories have been started in the District. There are two agricultural research stations—one for Cereal research and another for Cotton research at Shahada and Dhulia respectively.

There are two types of irrigation in this District : (1) Well irrigation and (2) Bandhara irrigation. The rivers used for irrigation are chiefly the Panjara, Kan, Burai and Gomi, which are bunded at a number of places. Each bund irrigates about 100 to 200 acres. The total area under Bandhara is about 4,000 acres. The main crops grown on these Bandharas are sugar-cane, wheat and paddy, in this rotation. This system is known as Fad System.

The Government has also opened a Sarvodaya centre at Khandbara for the uplift of the Bhil community.

### EDUCATIONAL INSTITUTIONS

The King Edward VII Technical School at Dhulia gives technical education to students. The Institute of Engineering Technology run by the Dhulia Education Society, Dhulia, started coaching students for Diploma in Civil Engineering, since June 1954. It has accommodation for about 125 students every year. There is also a Government Agricultural Institute, where Gram Sewaks are trained.

The Bhil Seva Mandal and the Bhil Sudhar Samiti work for the social and educational uplift of the Bhil community.

Two more institutions are the Gandhi Tatwadnyan Mandir, teaching Gandhian philosophy, and the Sanskrit Patashala teaching Sanskrit. There is a Historical Research Institute called Rajwade Sanshodhan Mandal where important manuscripts and historical articles and records are available for research and study. In Wak-Dewata Mandir, all works of Sant Ramdas and literature pertaining to him are carefully preserved and further studies are being pursued.

There is the century old Garud library along with Prani Raksha Grantha Sangrahalaya.

Dhulia is the Divisional Headquarters of the Maharashtra Transport Corporation, of the Khandesh Division. A direct bus service runs to Indore in Madhya Pradesh, also to Surat in Gujarat and one to Poona and Aurangabad. There is also a big repair workshop.

DHULIA EDUCATION SOCIETY.—The Society owns three high schools : (1) The J. R. City High School, (2) The New City High School and (3) The Madhyamik Vidyalaya, Deopur—Dhulia. The Society started an Institute of Commerce in 1955, an Institute for Secondary Teachers' Certificate Course in 1957, College of Education in 1961 and a primary and a pre-primary school in 1962.

The Shivaji Vidya Prasarak Sanstha owns and conducts Arts, Science and Commerce College, College for Physical Education besides two High Schools for Boys and Girls, and S.T.C. Training Institutions.

Besides the Government Garud High School, there are Kamalabai Girls' High School, Dudhedia Girls' School, Abhinav Vidya Mandir High School run by private societies.

Recently an Arts College was started at Shirpur.

### INDUSTRIES

Dhulia is the biggest cotton centre in the Dhulia District and has a well regulated Cotton Market. There is also another regulated Cotton Market at Dondaicha in the Sindkheda Taluka on the Tapti Valley Section of the Western Railway. There are Spinning and Weaving Factories. The number of cotton ginning and cotton pressing factories is 47.

Dhulia has also been lately developing into a groundnut oil industry centre. There are about 42 oil mills, including 14 at Dhulia, which together produce about 2,000 tons of groundnut cake. One of these mills uses the latest type of expeller machinery. There are also saw mills.

The newly built hill station of Toranmal, about 90 miles away from Dhulia in Shahada Taluka, is situated on the Satpura range plateau at an altitude of 4,200 feet by the side of a spacious lake of great depth and having a crystal tasty water. The climate is very salubrious. Transport arrangements and accommodation have been provided.

The Rotary Club has opened its branch at Dhulia, so also the Lions Club.

There is the "Dhulia District Board of Cricket" which is affiliated to the Maharashtra Cricket Association.

Mahila Sadan and Vanita Samaj are the two prominent ladies Institutions where women find entertainment and scope for Social Service.

There is a Vijay Swimming Tank at Dhulia, which is open to the public.

### SPINNING AND WEAVING MILLS

NEW PRATAP SPG., WEAVING AND MFG., CO., LTD., Dhulia.

---

# JALGAON DISTRICT

*Headquarters :* Jalgaon.

*Talukas :* Chalisgaon, Amalner, Parola, Chopda, Erandol, Pachora, Jamner, Jalgaon, Yaval, Raver, Bhusawal.

*Mahals :* Edlabad, Bhadgaon.

Jalgaon District, with Jalgaon as capital, is one of the northernmost Districts in Maharashtra.

The area of the District is 4,573 sq. miles. Population : 1,765,047 (1961 Census) (Males 902,001 ; females 863,046). The main population of the District is composed of Levas and Marathas, with a good percentage of Bhils, Vanjaris and other hill tribes. Their language is a peculiar mixture of Gujarati, Marathi and Hindi and is called Ahirani. The District has very rich black soil, specially in the trans-Tapti Talukas, and is among the Districts which yield the highest revenue.

### AGRICULTURE

The most important crops are cotton, groundnuts, jawar, bajri, gram, millet, linseed and sesamum. The most important garden crops are chillies, corriander, melons, watermelons, betel leaf, bananas, mosambis, santra and sugarcane. North India is a lucrative export market for bananas for the sale of which eleven Co-operative Fruit Sale Societies have been established in the District. The bananas are now marketed by the State Co-operative Marketing Board in Delhi and are exported.

Cotton and groundnut are even more important. The cotton is classed as 197-3, better known as Vir Nar, which new variety replaced the old variety Jarila in 1952. It is a cross breed of Verrum and N. R. Cotton. Vir Nar is finer than Broach and fetches a higher price. It gives 4 per cent more ginning. This cotton is now

compulsorily sown in districts of Jalgaon, Dhulia and Nasik, and 93 villages in Aurangabad District. Government have a special agricultural farm at Jalgaon for research in cotton breeding for improving the staple and ginning percentage. Higher rates for cotton and reduced acreage under groundnut have led to an increase in acreage under cotton.

There is a large export trade in groundnut oil and hydrogenated oil or vanaspati.

Jalgaon is the biggest town and District headquarters, a great trade centre, and also an educational centre. The town is 37 miles from Ajanta Caves and a regular State Transport bus traffic exists from Jalgaon to Ajanta. Govt. of India has opened a Tourist Office at Jalgaon Railway Station. Accommodation is also available at Traveller's Bungalow and retiring rooms at Jalgaon Rly. Station. Amalner is the biggest cotton centre in the District.

The rainfall (mean annual is 28·27 inches) is usually both general and regular, which fact in itself discourages irrigation.

### INDUSTRIES

The main industry is based on agriculture. There are about 40 oil mills in the District, besides several bullock driven presses. Two vegetable factories employ 350 workers each. There is a silk mill in the District. There is also a factory, which manufactures crackers and fireworks, employing 100 workers during the season.

There are in the whole District four spinning and weaving factories, about 100 cotton ginning and pressing works, about ten dyeing factories, three big railway workshops (at Bhusawal) all employing more than 26,000 people.

### INDIAN INSTITUTE OF PHILOSOPHY

# KOLABA DISTRICT

*Headquarters :* Alibag.

*Talukas and Mahals :* Alibag, Pen, Panvel, Karjat, Roha, Mangaon, Mahad, Khalapur, Uran, Poladpur, Murud, Shrivardhan, Mhasala and Sudhagad.

Kolaba District in the Konkan area of Maharashtra lies between North Latitude 17°52′ and 19°3′ and East Longitude 73°7′ and 73°42′.

The total area of the District is 2,716 sq. miles. Population : 1,058,855 (1961 Census) (Males 514,534 ; females 544,321).

Notable places in the District are Raigarh near Mahad, once the capital of the great Shivaji and Kanakeshwara near Alibag, which is fast growing into a holiday resort as it is a hill 1,100 feet above sea-level and gives a complete view of Bombay. Matheran is another well-known hill station. Elephanta near Bombay is also in this District. Alibag has a magnetic observatory which is devoted to research in magnetic and electric currents which circulate in the interior of the earth.

The historical sea-fort Kolaba, at Alibag, which was the naval capital of Shivaji, has recently been taken over by the Archæological Department of the Government of India. The Hingulja hill near Revdanda, about nine miles from Alibag, is growing into a holiday resort.

### AGRICULTURE, POWER

On the flat lands of the District rice is grown, and the sea-front is fringed by a belt of coconut and arecanut palms. There is large-scale plantation of mango grafts and the produce is exported to Bombay. Lorry loads of melons from Panvel are also sent to Bombay. The teak forests are very valuable and there is a considerable fishing industry. Salt is also produced in large quantities in Pen, Panvel talukas and Uran petas. Nachni. Vari, Udid and Val are varieties of crops which agriculturists produce at their second crop. Tondlies are produced in large quantities and are taken to Bombay.

The District has three Power Houses : The Tata Power Co.'s Power House at Bhira (Patuns), the Tata Hydro-Electric Power Supply Co.'s at Khopoli and the Andhra Valley Power Supply Co.'s at Bhivpuri.

Uran and Pen are big salt-producing centres. Panvel contains a large ayurvedic pharmacy, the Shri Dhootapapeshwar Panvel Ltd. ; Mora in Uran Mahal has a big tile factory which manufactures tiles worth two lakhs a year.

## MATHERAN (HILL STATION)

Matheran is a hill station and sanitarium, about three hours' journey from Bombay and Poona. Visitors are conveyed up the hill from Neral (Central Rly.) by the Matheran Steam Tramway and Rail Motors. The town is about 2,500 feet above sea-level, and is a favourite hot weather resort. The maximum and minimum temperatures range between 65 and 80 ordinarily and the average rainfall is 200 inches. The place has an agreeable climate.

# KOLHAPUR DISTRICT

*Headquarters :* Kolhapur.

*Talukas and Mahals :* Karwir, Panhala, Shahuwadi, Radhanagari, Bhudargad, Hatkanangle, Gadhinglaj, Kagal, Shirol, Bavada, Ajra, Chandgad.

The undulating country, in which the District is situated, is about 2,000 feet above sea-level in proximity to the eastern slope of the Sahyadris which renders the greater part of the District free from famine. The six large rivers of the District, namely, the Krishna, the Panchaganga, the Warna, the Dudhaganga, the Vedganga and the Hiranyakeshi, with their several tributaries flow through and drain the District, facilitating extensive irrigation of lands in several parts of the District. The hills are the main feature of the District. They include the main range of the Sahyadris running north to south for about 100 miles and form the western boundary of the District. They contain some of the finest and most abundant supplies of bauxite in the world situated at places, where an unlimited and very profitable exploitation with the aid of cheap hydro-electric power is a practical proposition.

The total area of the District is 3,141 square miles. Population : 1,596,493 (1961 Census) (Males 811,693 ; females 784,800).

The language spoken is mostly Marathi, though Kannada is also spoken in a few parts. Kolhapur city, the headquarters, is a great trading centre for jaggery.

The chief agricultural products are jawar, rice, cotton, nagli, bajra, wheat, tobacco, sugarcane and ground-nut.

Besides 3 cotton mills, there are ginning and pressing factories. There are also ginning and powdering mills, groundnut crushing and oil mills, a sugar mill, cinema-film producing companies and soap factories and repair workshops.

### SHIVAJI UNIVERSITY

KOLHAPUR 3.

The Shivaji University was established in September 1962 by the Shivaji University Act passed by the Maharashtra Legislature in August 1962. The University was formally inaugurated by the President of India, Dr. S. Radhakrishnan, on November 18, 1962. It is situated at Kolhapur with jurisdiction over the five districts of Southern Maharashtra, i.e. Kolhapur, Sangli, Satara, Sholapur and Ratnagiri. There are 43 colleges and institutes within the area of the

University, of which eight are situated at the seat of the University. The University has the following Faculties. 1. Faculty of Arts and Social Sciences : B.A. ; M.A. ; Ph.D. (Dip. Lib. Sc.). 2. Faculty of Science : B.Sc. ; M.Sc. ; Ph.D. 3. Faculty of Law : LL.B. ; LL.M. 4. Faculty of Commerce : B.Com. ; M.Com. 5. Faculty of Education : B.Ed. ; M.Ed. ; Ph.D. ; T.D. (Dip. in Teaching). 6. Faculty of Engineering : B.E. (Civil) ; B.E. (Mechanical) ; B.E. (Electrical) ; M.E. 7. Faculty of Medicine : M.B., B.S. 8. Faculty of Agriculture : B.Sc. (Agri.).

The University is both a teaching and affiliating body and lays greater emphasis on Post-Graduate instruction and research. It proposes to devote special attention to Extra-Mural Studies, Physical Culture, Students' Welfare, Military Science, Marathi Language and Literature and History of Marathas.

*Chancellor :* Dr. P. V. Cherian, M.B.B.S., D.L.O. (R.C.S.), F.R.F.P.S.G., F.R.C.S.E.

*Vice-Chancellor :* Dr. A. G. Pawar, M.A., LL.B., Ph.D., Bar-at-law.

*Registrar :* M. Y. Vaidya, M.A., LL.B. : *Dy. Registrar :* Dr. (Mrs.) U. G. Ithape, M.A., Ph.D.

VENKATESH RANG TANTU MILLS, Ichalkaranji.

---

# NAGPUR DISTRICT

*Headquarters :* Nagpur.

*Talukas :* Nagpur, Ramtek, Katol, Saoner, Umrer.

The area of the District is 3,842 sq. miles and the population 1,512,807 (1961 Census) (Males 784,161 ; females 728,646). The language spoken is Marathi.

The richest part of the District is the western half of the Katol Tehsil. It possesses a soil profusely fertile and teems with the richest garden cultivation. From Pilkapar Hills in the Katol Tehsil the plains extend to the eastern border. Its surface is scarcely ever level, but it is closely cultivated, abounds in mango groves and trees of all sorts, and towards the east is studded with small tanks which form a feature of the landscape. The elevation of the plain country is from 900 to 1,000 feet above sea-level.

The forests are mainly situated in a large block on the Satpura Hills to the north-east, while isolated patches are dotted on the hills, extending along the south-western border. The forest growth varies with the nature of the soil, teak on good well-drained slopes, salai on the steep hillsides and ridges, and satinwood on the sandy levels. In the open country mango, tamarind and bastard date-palms are common.

The annual rainfall averages about 47·5 inches.

Cotton and jawar are the chief produce of the District which is also famous for its oranges. During the cold weather wagonloads of oranges are exported daily to Bombay and other parts of India.

The District is not badly off in the matter of mineral deposits. There are some manganese mines and limestone quarries in the District and coal-mines at Kamptee.

The National Coal Development Corporation has started the exploitation of rich cold seams around Umrer, which is being linked up with Nagpur with a broad gauge line.

There are five textile mills in Nagpur City, 2 steel Rerolling Mills, a number of oil mills, a pottery concern, saw mills, a rubber factory, a thriving frame making industry, a large fruitcanning industry and a large number of handloom factories. Nagpur saris are in great demand in all parts of the country.

In addition to an industrial estate on the Kamptee Road, work has started on developing a functional estate near the Ambajhari lake. Other notable developments in the offing are the construction of a defence project and of a ring rail track around Nagpur. The H.Q. of the Maintenance Command, I.A.F. has also been now shifted here.

COTTON MILLS

CENTRAL INDIA SPINNING, WEAVING & MANUFACTURING CO., LTD. (EMPRESS MILLS), Nagpur.

MODEL MILLS, NAGPUR LTD., Under the Authorised Controller, Nagpur.

OSMANSHAHI MILLS LTD., Nanded.

# NANDED DISTRICT

*Headquarters :* Nanded.

Talukas and Mahals : Deglur, Kandhar, Biloli, Nanded, Hadgaon, Bhokar (Mahal), Mukhed (Mahal). Kinwat.

Area : 4,806 sq. miles. Population : 1,070,674 (1961 Census) (Males 547,974 ; females 531,700).

Two Talukas Kinwat and Rajura are separated from the main body of the District by Yeotmal District.

The District is on the whole dry and healthy. The annual temperature varies between 100° and 60°. The average rainfall is about 35 inches.

There are tombs of Muslim saints and Nanded has the Gurudwara of the Hyderabad Sikhs where Guru Govind was buried.

Rabi crop consists of jawar, gram, wheat, oilseeds. The Kharif crop consists of bajra, linseed, cotton and maize. The staple food crop is jawar and the main cash crop cotton.

# NASIK DISTRICT

*Headquarters :* Nasik.

*Talukas and Mahals :* Kalwan, Dindori, Niphad, Yeola, Igatpuri, Nandgaon, Nasik, Sinnar, Baglan, Malegaon, Chandor, Peint, Surgana.

Nasik District is a historic place in Maharashtra and the city one of the oldest in the Deccan and a place of pilgrimage. The area of the District is 6,020 sq. miles. Population : 1,855,246 (1961 Census) (Males 953,531 ; females 901,705). The language spoken is Marathi.

With the exception of a few villages in the west the whole District lies on a tableland at an elevation of 1,800 to 2,100 feet above sea-level.

The main food crops are rice, wheat and bajra. Nagli is used as food by the poor.

### BARNES HIGH SCHOOL

Deolali (Central Rly.).

This Anglican school with separate boarding for boys and girls admits children of all communities and prepares them for the Indian School Certificate Examination (Cambridge).

---

# OSMANABAD DISTRICT

*Headquarters :* Osmanabad.

*Talukas and Mahals :* Latur, Tuljapur, Osmanabad, Kalam, Omerga, Owsa, Bhoom (Mahal), Parendah, Ahmadpur, Nilanga, Udgir.

Area : 5,504 sq. miles. Population : 1,477,656 (1961 Census) (Males 758,235 ; females 719,421).
The average annual rainfall is about 32 inches.

Six places of archaeological interest are the fort of Naldrug, the Jumma Masjid in Owsa Taluka, the caves around the town of Osmanabad, the two caves at Hasangaon, the old fortress at Parendah. Tuljapur is a place of Hindu pilgrimage.

The staple food grain is jawar. Wheat, rice and bajra are next in importance. Cotton is grown everywhere, while sugarcane is sometimes grown with well irrigation.

---

# PARBHANI DISTRICT

*Headquarters :* Parbhani.

*Talukas:* Parbhani, Gangakhed, Pathri, Jintur, Hingoli, Basmat, Kalamnuri, Partur.

Area : 4,854 sq. miles. Population : 1,206,236 (1961 Census) (Males 611,787 ; females 594,449).

The climate is healthy from February to May but it is feverish during the monsoon and the cold weather. The annual range of temperature is from 105° to 60°. The average annual rainfall is about 35 inches.

Structures of note in the District are the temple of Nagnath at Aundh, the Jain temple of Parsnath near Jintur, the temple near Bamu and the shrine of Ramzan Shah.

The soil is partly black cotton and partly masab and kharab. On the black soil are grown white jawar, wheat, gram, tuar, while on the kharab soils are grown jawar, bajra, indigo, sesamum, oilseeds and pulses. The kharab soils also bear garden crops. The staple food crops are jawar, wheat and bajra. Cotton is grown throughout the District. About one-twentieth of the land is under forest.

---

# POONA DISTRICT

*Headquarters :* Poona.

*Talukas or Mahals :* Ambegaon, Baramati (Bhimtadi), Dhond, Haveli, Indapur, Junnar, Khed, Mawal, Mulshi, Poona City, Purandhar, Sirur, Bhor, Velhe.

The population according to 1961 census is 2,466,880 and the area of the District is 6,032 sq. miles. Number of males : 1,268,710 ; females 1,198,870. The language spoken is Marathi.

The city proper extends along the Mutha river for about 1¼ miles inland ; its length is about 2 miles from east to west and its breadth about 1¼ miles, the total area being about 2¼ square miles. However, with the fast springing satellite colonies as a result of rapid growth of various types of industries, the urban parts of the City now extend as far as Pimpri and Chinchwad on the Poona–Bombay road, Hadapsar on Poona-Sholapur road, Arenyeshwar and beyond on the Poona-Bangalore national highway and Yeravda and Koregaon on the North-East of the city and along the Poona-Ahmednagar road.

The rainfall varies considerably in different parts of the District. In the western parts it is heavy and regular, in the central belt moderate, and in the east very irregular. The main crops are paddy and jawar. But the District is a deficit area in the matter of food grains. One of the products of which the District has an exportable surplus is jaggery produced from sugarcane.

The city of Poona lies at the confluence of two small rivers, the Mutha and the Mula, on the Western margin of the Deccan plateau at a height of about 1,800 ft. above sea-level. Only 30 miles separate the city from the main range of the Western Ghats and 119 miles from the State capital, Bombay.

The importance of Poona from the military point of view is growing. It is the headquarters of the Southern Command and also of the Poona Sub-Area. The National Defence Academy is located in Khadakvasla. Some of the other military establishments around Poona are : the Ordnance Depot and the Arsenal at Kirkee and the Vehicles Depot at Dehu Road. The Indian Navy Mechanical Training establishment I.N.S. "Shivaji" is located at Lonavla, 40 miles from Poona and the newly established Naval Engineering College, first of its kind in India, in the precincts of I.N.S. "Shivaji".

A new Officers Training School (O.T.S.), one of the three such schools started early this year in the country to train officers for Emergency Commission in the Indian Army to meet the Chinese threat to the country is located in Poona.

Armed Forces Medical College for post-graduate training in military medical science is also located in Poona. A Medical College for degree course run by the Army, which is perhaps the only one of its kind in the world from the point of view that the Army is running it, is located in Poona.

Yet other institutions are the Institute of Armament Studies and the Artificial Limbs Centre, the only one of its kind not only in India but also in South & West Asia and the fourth largest in the world. A gliding centre is also located near Poona. The Army School of Physical Training, wherein Army instructors in Physical Training are trained and prepared to serve with various military units all over the country. The National Cadet Corps Academy on Purandhar Fort, 22 miles South-East of Poona. Queen Mary's Technical School for disabled soldiers. The office of the Controller of Defence Accounts (Officers) at Golibar Maidan. The office of the Controller of Defence Accounts (Southern Command).

Other important institutions of All-India character located in Poona are given below :

*Meteorological Office :* The technical headquarters of the India Meteorological Department, the Meteorological Office in Poona, is located on the Ganeshkhind Road at Shivajinagar, in a magnificent building with a conspicuous clock tower.

A new institution known as the Institute of Tropical Meteorology to study and do research in meteorological phenomena in the tropics started working from last year. It is located in a separate building adjoining to the Meteorological Department premises in Poona.

*Central Water and Power Research Station ; National Chemical Laboratory ; Overseas Communications' Beam Wireless Station at Dighi ; Headquarters of the Servants of India Society ; Bhandarkar Oriental Research Institute ; Penicillin Factory, Pimpri ; Virus Research Centre, the only one of its kind in India ; The Film Institute of India.*

Haffkine Institute, Bombay, runs a Stud Farm at Pimpri near Poona, for its research in medicinal drugs.

The Zoological Survey of India (Western Circle) ; The Botanical Survey of India (Western Circle) and the Poona Station of All India Radio are located in Poona.

The University of Poona and the Maharashtra State S.S.C. Examination Board are also located in Poona.

Poona, which was till recently predominantly an educational centre, is fast developing as an industrial area as well. Besides the two industrial estates at Hadapsar and Pimpri, the whole belt along the Bombay-Poona Road from Kirkee, Dapodi, Pimpri, Chinchwad upto Lonavla is fast attracting industries of various types.

A new co-operative sugar factory near Nira has gone into production in February 1963, bringing the number of sugar factories in the district to four, three on co-operative basis and one privately owned.

The Poona Municipal Corporation is setting up a third industrial estate near Golibar Maidan exclusively for small industries. Engineering Industry is expanding rapidly in the Dist., particularly around Poona.

The district can also boast of important places of historical and archaeological interests. Shivneri fort, birth place of the great Maratha Hero, Chhatrapati Shivaji, the famous Karla caves which constitute a fine example of Buddhist architecture of 1st Century B.C., Samadhis of Kasturba Gandhi and Mahadevbhai Desai are located in the district.

## LONAVLA

This hill station is situated at the top of the Bhore Ghat incline about 2,030 feet above sea-level.

Among the lakes may be mentioned the ' Tata Sons Hydro-Electric Works Lake ' at Valvan (walking distance and drive over a built road), their smaller lake called Lonavla Lake near the Raiwoods and situated on the cement concrete road leading to I.N.S. "Shivaji". About 2½ miles north of the Railway Station is situated the Lonavla Municipal Borough's Tungarli Lake which is the main source of water supply to Lonavla and Khandala. Fishing is allowed both at the Bhushi and the Valvan lakes, the latter being the more suited for the purpose.

There is a Municipal rest-house and Dharmashalla on the Lonavla-Bhangarwadi Road. The Raiwoods are suitable for picnics and are also a camping ground for Government Officers during the hot season.

About 3½ miles from the Railway is situated the " Tiger's Leap," a promontory which commands a picturesque view of the valley below. The famous Karla Caves are situated on a hill about five miles from Lonavla, and are reached by a built road up to the foot of the hill, and visitors either walk up or are carried up by means of chairs. From the Railway Station of Malawali, nearly three miles from Lonavla, visitors can proceed to view the Lohgadh Fort (now partially demolished) on the top of a hill.

The Govt. of Maharashtra has started a holiday camp at Karla at a distance of about 1½ miles from Malawali Railway Station. The State Transport runs a passenger bus starting from Lonavla Railway Station to the holiday camp. The Lonavla Municipal Borough has constructed a swimming pool on the Bombay-Poona road near old Khandala level crossing gate, and two gardens 'Shivaji Park' at Lonavla and 'Rajmachi Rock Garden' at Khandala.

The following are some of the Forts and places of interest :—

Fort of Lohgadh, Fort of Visapur, Fort of Rajmachi which stands on the top of the Sahyadri Range and commands a grand view of Matheran, Konkan and even part of Bombay, Duke's Nose, Tungarli Municipal Lake.

The temperature varies from 65 in the cold weather to 85 in the hottest month. The rainfall varies from 160 to 250.

One of the best naval establishments and training schools I.N.S. "Shivaji" is about four miles from Lonavla Station and visitors may contact the Commanding Officer on phone for permit to visit.

A bathing place known as "Kuna Point" is situated on the road leading to Kuna mission. "Dr. Gajanan Mahimtura Swimming Pool" near old Khandala level crossing is open to the public. The thick Rye-Woods Forest also is being developed by the State Govt. Rye-Woods is just near "Shivaji Park".

### HOTELS

Central Hotel ; Lonavla Hotel ; Jai Hind Hotel ; Giri Vihar Hotel ; Bharatya Lodge ; Happy Home ; Cafe Golistan.

### SANITARIA

Krishna Arogya Bhavan ; Jaya Baug ; Divali Baug ; Vasanji Manji ; Khoja Sanitarium ; Bhori Sanitarium ; Mody Sanitarium ; Lady Thakersey Sanitarium ; Haji Saboo Siddik Kachhi Sanitarium ; Shantilal Jamnadas Morarji Sanitarium.

## KHANDALA

Khandala, a health resort, 78 miles from Bombay by rail and 71 by road lies in Mawal Taluka. It is situated at the top of the Bhor Ghat at an elevation of about 2,000 feet above sea-level, and has an agreeable and bracing climate all through the year.

Among places worth a visit in and around the town are Tata Electric Supply Company's reservoir called Forbay Dam, Byramjee's Point, the Duke's Nose, Tiger's Leap, all of which provide magnificent views of the surrounding country. About nine miles from Khandala are the Karla caves considered to be the oldest specimen of Buddhist caves in India. In Walwan lake which is about four miles from Khandala good mahashir fishing is available. At Khandala "Rajmachi Park" is one of the most beautiful spots. The Municipality has made arrangements for one Cafetaria there and during hot seasonal months, there is daily bus service to Rajmachi Point.

### HOTELS

Khandala Hotel; Empress Hotel; Government Inspection Bungalow.

### INSTITUTIONS

D. Cowasji Zoroastrian Girls' Boarding School; Marzban Sanitarium; Kotkar Sanitarium; Khoja Sanitarium; Kune Mission.

# EDUCATIONAL INSTITUTIONS

## UNIVERSITY OF POONA

Ganeshkhind, Poona 7.

The University of Poona was established by the Poona University Act, 1948 of the Government of Bombay* passed in pursuance of its policy to create Universities in the State for different linguistic regions. The Universty area at present comprises the following Districts of Maharashtra State namely, Poona, Nasik, Thana, Jalgaon, Dhulia, Ahmednagar.

The University is both teaching and affiliating in character. The teaching activity is confined to Post-graduate classes in the whole University area and also post-intermediate classes in the Poona area (which comprises Poona and some area in the Poona City Taluka, Mulshi Petha and the Haveli Taluka).

It has the following nine Faculties and has provision for courses for the following degrees:

*Faculty of Arts:* B.A., M.A., Ph.D., D.Litt., B.A. (External), M.A. (External); *Faculty of Mental, Moral and Social Sciences:* B.A., B.A. (External), M.A., M.A. (External), B.T., M.Ed., Ph.D., D.Litt.; *Faculty of Commerce:* B.Com., B.Com. (External), M.Com., M.Com. (External), Ph.D., D.Litt.; *Faculty of Science:* B.Sc. (General), M.Sc., M.Sc. (Maths.), M.Sc. (Maths) (External), Ph.D.; *Faculty of Law:* LL.B., LL.M., LL.M. (External), LL.D., Ph.D.; *Faculty of Medicine:* M.B.B.S., M.D., M.S., Ph.D., B.Sc. (Nursing), M.Sc. (Med.); *Faculty of Engineering:* B.E. (Civil, Mechanical, Electrical, Telecommunications and Metallurgy), M.E., M.Sc. (Engg.), Ph.D.; *Faculty of Agriculture:* B.Sc. (Agri.), M.Sc. (Agri.), Ph.D.; *Faculty of Ayurvedic Medicine:* B.A.M. & S., M.A.Sc.

The University has instituted external degrees for the benefit of employed persons and married women, the B.A. (External), M.A. (External), B.Com. (External) and M.Com. (External) degrees in the Faculties of Arts and Mental, Moral and Social Sciences and Faculty of Commerce, M.Sc. (Maths.) (External) in the Faculty of Science, LL.M. (External) in the Faculty of Law to which students can qualify by appearing for the examinations direct without having to undergo instruction in a College or the University.

The University has also instituted a Faculty of Fine Arts and Music and the degree of Bachelor of Music, but it has not started functioning so far.

The following diplomas and certificates have been instituted: (1) Diploma in Oriental (Sanskritic) Learning; (2) Certificate and Lower and Higher Diploma Courses in Modern Foreign Languages (French and German); (3) Diploma in Public Health; (4) Diploma in Psychological Medicine; (5) Diploma in Anaesthesia; (6) Diploma in Music: (7) Diploma in Clinical Pathology; (8) Diploma in Library Science; (9) Diploma in Teaching.

The University has in all 37 affiliated colleges and 5 recognized research institutions. Of them, 14 colleges and all recognized institutions are in the Poona area and they are called the Constituent Colleges and the Constituent Recognized Institutions of the University. The distribution of colleges is as follows: one Law College, two Medical Colleges (in Poona), one Engineering College (Poona), two Agricultural Colleges (one in Poona and the other at Dhulia) and one College of Ayurvedic Medicine and Surgery.

The rest are Colleges for Arts, Social Sciences and Science.

The total strength of students in all the colleges and the University is in the neighbourhood of 26,600.

The University has its own Departments in the following subjects, each headed by a University Professor or Reader and mainly intended for post-graduate instruction and research. Marathi, Hindi, English, Linguistic, Sanskrit, Politics, Experimental Psychology, Mathematics and Statistics, Physics, Chemistry, Zoology, Geography and Botany.

### CHANCELLOR

Governor of Maharashtra.

### ACTING VICE-CHANCELLOR

N. R. Kulkarni.

### REGISTRAR

W. H. Golay, B.A. (Bom.), Dip. Eng., Dip. in Journalism (Lond).
*Dy. Registrar*, R. S. Sardeshpande, B.A.
*Asstt. Registrar*, R. B. Manerikar, M.A., LL.B.
*Librarian*, K. S. Hingwe, M.A., Dip.Lib.Sc.

### SECRETARY, FOREIGN UNIVERSITIES INFORMATION BUREAU AND UNIVERSITY EMPLOYMENT BUREAU

A. B. Arlick, B.Sc. (N.D., U.S.A.).

### SECRETARY, BOARD OF EXTRA-MURAL STUDIES

Dr. A. V. Naik, M.A., Ph.D.

### SECRETARY, UNIVERSITY BOARD OF SPORTS

* Bilingual.

# LITERARY, SCIENTIFIC AND OTHER INSTITUTIONS

## ARMY CADET COLLEGE
Poona.

The College trains selected young men from other ranks of the army in officer-like qualities. It was established at Nowgong in May 1960.

## BHANDARKAR ORIENTAL RESEARCH INSTITUTE
Poona 4.

The Institute was inaugurated on the 6th of July 1917, the 80th birthday of late Dr. Sir R. G. Bhandarkar. Its objects are to publish critical editions of texts and original works bearing on Oriental antiquities, to provide an up-to-date Oriental library, to train students in the methods of research and to act as an information bureau on all points connected with Oriental studies. The valuable library of Dr. Sir R. G. Bhandarkar, which he had bequeathed to the institute, is now located in the central hall of the Institute. Since April 1918 the Government of Bombay* have transferred to the custody of the Institute the unique collection of nearly 20,000 manuscripts together with a maintenance grant of Rs. 3,000 a year. It has been increased to Rs. 8,000 from 1st April 1964. Manuscripts from this collection are lent out to scholars in all parts of the world. Government have likewise entrusted to the Institute a grant of Rs. 18,000 a year for the publication of the B.S.S. and the Government Oriental Series (the latter including, amongst others, Dr. Kane's History of Dharmashastra in five Volumes). The Institute has also started a series called the Bhandarkar Oriental Series in which several works have been already published and others are in progress. The Institute has undertaken to edit Mahabharata critically at the initiation of the late Raja of Aundh who donated a grant of Rs. one lakh for that purpose. The Institute has also received so far about Rs. 33,615 from the trustees of the Mahabharata publication fund, London, earmarked for the publication of the Virata, Udyoga and Karna parvans. Seventeen out of the eighteen parvans of the Mahabharata have been published so far and the remaining parvan, *viz.*, the Anusasa parvan, is nearing completion. Further, the Institute, with the support of the Ministry of S.R.C.A., has undertaken the critical edition of the Harivamsa to be completed by 1972, and the work on the same has already commenced. On 25th March 1944, the Institute inaugurated its Mahabharata printing department with a view to expediting the printing of the Mahabharata edition. The institute issues a journal called *Annals* of the Bhandarkar Oriental Research Institute published normally four times a year. It also held under its auspices the first oriental conference on the 5th, 6th and 7th of November 1919 under the patronage of Sir George Lloyd and the presidency of Sir R. G. Bhandarkar. The Post-graduate and Research Department of the Institute has been recognized as a Constituent Institution of the University of Poona for Post-graduate instruction and research in Sanskrit, Prakrit and Ancient Indian Culture.

*Hony. Secy.*, Dr. R. N. Dandekar; *Curator :* Dr. A. D. Pusalker; *Gen. Editor of Mahabharata*, Dr. P. L. Vaidya.

## BHARATA ITIHASA SAMSHODHAKA MANDALA, POONA
1321, Sadashiva Peth, Poona 2.

Founded in 1910 by the late V. K. Rajwade and Sardar K. C. Mehendale and registered under Act XXI of 1860 in 1916 with the object of collecting and conserving historical material in its broadest sense, erecting suitable buildings for preserving and exhibiting it, publishing such materials and other works of historical and cultural interest and generally to encourage and foster critical study of, and research in, Indian History and Culture. Possesses the best collection of Persian and Marathi historical records owned by any public society. Has a collection of about twenty-seven thousand manuscripts and over 1,200 old Indian paintings now housed in a special building. Maintains a coin cabinet and an armoury of old weapons. Has a section of copper-plates, sculptures, archaeological finds and a library of general, historical and rare books. Holds weekly and annual meetings where notes and papers based on original material are presented, discussed and afterwards published. The Poona City research branch of the Mandala does research on the city and publishes the findings. Has published several volumes of original historical letters and other historical and literary works whose total number exceeds 103. Conducts a quarterly journal devoted to research running into 43 volumes. Has done some excavation work at Karad and got finds of the 2nd Century B.C.-2nd Century A.D. Work done mostly in Marathi. Has been receiving some annual grants from the Governments of Maharashtra and India.

*President :* MM. D. V. Potdar; *Secretaries :* Prof. R. V. Oturkar, D. V. Kale.

## DECCAN COLLEGE POST-GRADUATE AND RESEARCH INSTITUTE
Yeravda, Poona 6.

The institute is a constituent recognised institute of the Poona University. The property vests in the Deccan College Poona Trust created by the Government of Bombay* in 1938. Its administration is vested in a Council of Management consisting of four ex-officio members and nine others nominated by Government. The Vice-Chancellor, Poona University, is the ex-officio Chairman of the Council.

The Institute conducts post-graduate research in Linguistics, History, Anthropology and Sociology, having in all forty chairs in these subjects. In the department of Linguistics, the Institute has embarked upon a monumental project of preparing a Dictionary of Sanskrit on Historical Principles comparable to the great Oxford English Dictionary. Fundamental training in field methods and descriptive linguistics is also being given through organising of summer and winter schools of linguistics. The Department is now recognised as a Centre of Advanced Studies in Linguistics by the University Grants Commission. In the department of History, Prehistoric Archaeology, Caste Surveys and Anthropometric work are some of the principal features.

The American Institute of Indian Studies and a branch of the Ecole Francaise of d'Extreme-Orient are also located in the Deccan College Campus.

The Institute publishes its researches in its Bulletin issued about four times a year and in the Monograph, Dissertation and Handbook series, as well as the *Vak*—a special bulletin of the Sanskrit Dictionary Department from time to time. To mark the centenary of the college building (1864-1964) a Building Centenary and Silver Jubilee Series is being published in addition.

*Director :* Dr. S. M. Katre, M.A., Ph.D. (Lond.).

*Jt. Director :*—Dr. H. D. Sankalia, M.A., LL.B., Ph.D. (London).

## DECCAN EDUCATION SOCIETY
Poona

The object of the Society is " to facilitate and cheapen education by starting, affiliating and incorporating at different places, as circumstances permit, schools and colleges under private management or by any other way best adapted to the wants of the people." ### INDIA FOUNDATION

595, Budhwar Peth, Poona 2. *Phone :* 55000.

India Foundation is a public trust. Grant of scholarships and financial aid, gifts or loans, to students of outstanding merit in education, in India and abroad, irrespective of caste, creed, religion or language.

1. *For Post-Graduate Education abroad :* Scholarships, generally interest-free loans, refundable after completion of studies. The aid is further enlarged with the help of scholarships, assistantships, fellowships or grants obtained abroad for students of India Foundation from Universities, Professional Bodies, individual donors, Industries, and Institutions of higher learning.

2. *Outside Academic Field :* Aid or assistance for short-term is secured for professional men and women to acquire latest knowledge and technical know-how abroad, from institutions and sources interested in international promotion of education and understanding.

3. *Smaller Stipends :* For gifted needy students, of Rs. 10 per month for high school and Rs. 25 per month for college level.

4. *American Field Service (AFS) International Scholarships :* India Foundation participates in the Programme of American Field Service International Scholarships in which students in pre-degree class between 16 and 18 years of age are sent to America, where they stay one year in selected American homes, study in the top class of American High Schools and after seeing the country return to India. The entire expense is met from the Scholarships award of the American Field Service. First fifteen students were sent in 1962-63, seventy-six in 1963-64 and forty-eight in 1964-65. The programme remains suspended for the present due to Government of India's objection to sending teen-agers abroad. The foundation is negotiating with Government of India to continue this excellent programme.

Applications are to be on the printed form of the Foundation for scholarships publicised from year to year through newspapers.

*President :* Dr. N. B. Parulekar, M.A., Ph.D. (Columbia, U.S.A.).
*Vice-President :* F. D. Wadia.

### SHRI SHIVAJI PREPARATORY MILITARY SCHOOL

Poona 5

The school, which was founded in September 1932, is a member of the Indian Public Schools' Conference. Admission is open to boys of all castes and creeds, from the age of 5 to 13 years. There is a Montessori Section, a Primary School consisting of four standards, and the Secondary School which prepares the boys for the Maharashtra State's S.S.C. examination. Training is also given to prepare the boys for the U.P.S.C. examination for entry into the N.D.A. The School has 460 boys. The State Govt. have endowed three scholarships every year and six full freeships. The Union Govt. scholarships for public schools are also tenable here. Terms begin in June and November.

The school has extensive playgrounds covering 25 acres. There is a riding school, hockey, football and cricket fields, a swimming pool, tennis courts, and a miniature rifle range. The school runs two (Junior Wing) National Cadet Corps troops.

*President :*—H. H. The Chhatrapati Maharaja of Kolhapur.

## RATNAGIRI DISTRICT

*Headquarters:* Ratnagiri.

*Talukas:* Dapoli, Mandangad, Khed, Chiplun, Guhagar, Sangameshwar, Ratnagiri, Rajapur, Devgad, Sawantwadi, Malwan.

*Petas:* Lanja, Vengurla, Kankavli, Kudal.

The District may be described generally as rocky and rugged. Near the coast the land consists of a bare elevated plateau, intersected by numerous creeks and navigable rivers flowing between steep hills. These rivers have along their banks the chief sea-ports and almost all the fertile land of the District. The banks of the rivers produce fine crops of rice in the rains, and of pulse in the cold weather and some of the inland valleys exhibit the utmost fertility even though the soil is, as a rule, poor and barren. The District is densely populated and a large proportion migrate to Bombay in the fair season. The hill slopes are flooded with plantation of Alphonso and other mango grafts. Alphonso mango, the king of fruits, is exported on a very large scale to Bombay and other markets and forms the main money crop of the District. Ratnagiri, the headquarters town, is open and faces the sea.

There are about 967 co-operative Societies in the district out of which there are 28 Fishing, one Dairy, 10 Housing, 14 Weavers, 9 Labour Contracts.

There is no Railway communication; and communication was until very recently by sea and by Rail *via* Kolhapur 82 miles away. Since 1949, however, the connection with Bombay has been made by State Transport Buses which caters to a very large bulk of passenger traffic. Bombay-Konkan-Goa Road of total length of about 192 miles is now being converted into a national highway. This whole highway is estimated to cost about 8 crores of rupees. This coastal line contains many fine ports such as Dabhol, Jaygad and Vijaydurg and Panjim (Goa). Ratnagiri, midway between Bombay and Goa is going to be converted into an all weather port at Mirya Bay. Other minor ports are undergoing considerable improvement. To the west of Agargula village in Ratnagiri Taluka about 8 to 10 miles to the south of Ratnagiri, there is a hill with highest height about 500 feet from the sea level (more than double the height of the Ratnagiri Fort). This coast line has got two or three important Forts—JAYGAD, VIJAYDURG and SINDHUDURGA. The last of these was constructed by Shivaji 300 years ago on sea rocks near Malwan Port.

With the inauguration of the Koyna Hydel Project, immense possibilities are envisaged in the near future for the development of small scale and large scale industries by means of electric power. Several schemes are already afoot and are expected to take shape soon. The total number of weekly newspapers published is about 12. One Co-operative Industrial Estate has already started functioning at Ratnagiri, while the second one at Sawantwadi is under proposal.

The area of the District is 5,025 sq. miles. Population: 1,827,203 (1961 Census) (Males 816,804; females 1,010,399).

### EDUCATIONAL INSTITUTIONS

R. P. Gogate College, Ratnagiri; Government Polytechnic, Ratnagiri; Industrial Training Institute, Ratnagiri; Fisheries School & Training Centre, Ratnagiri; Patwardhan High School, Ratnagiri; Phatak High School, Ratnagiri; R. B. Shirke High School, Ratnagiri; Mahila Vidyalaya, Ratnagiri; National High School, Ratnagiri; Shri Shiwaji High School, Ratnagiri.

Besides, there are High Schools at every Taluka place in the Ratnagiri District. There are also High Schools numbering about seventy-five in big villages in the district, the total number in the district being 116.

There is a Hospital each at Sawantwadi, Vengurla, Malwan, Chiplun, Guhagar and Khed. Ratnagiri has got the Civil Hospital, Kasturba Arogya Kendra at Lanja and Matrumandir at Devrukh. At Sawantwadi a Nivara Kendra has been started for the relief of the distressed and uncared for ladies.

Marine Biological Research Station, Ratnagiri; Cocoanut Research Station, Bhatya, Ratnagiri; N. C. C. Unit and Naval Unit, R. P. Gogate College, Ratnagiri; Canned Food Products, Ratnagiri; Co-operative Tile Factory, Kasheli Tlq., Ratnagiri; Co-operative Cashew Processing Factory, Vengurla; Kamal Cashew Factory, Malwan; New India Mining Corpn. (Pvt.) Ltd., Reddi.

# SANGLI DISTRICT

*Headquarters* :—Sangli.

*Sub-Divisions* :—Miraj, Khanapur.

*Talukas and Mahals* :—Miraj, Tasgaon, Walva, Khanapur, Jath, Shirala (Mahal).

Area : 3,299 square miles. Population : 1,230,716 (1961 Census) (Males 628,754 ; females 601,962).

The climate of the District is generally dry and healthy, with an average rainfall ranging from 15 to 25 inches.

The Krishna, the Verala, the Warana, and the Agarani are the four important rivers flowing through the District. The soil on the banks of these rivers is very fertile, yielding rich sugarcane crops. Starting from the river Nandhi in the Khanapur Taluka is a canal called Chickli.

The principal crops grown in the District are jowar, millets, pulses, wheat, ground-nut, turmeric, tobacco, sugarcane and a little cotton and rice and some oil-seeds.

Sangli, which is the headquarters of the District, is an important centre of trade and commerce specially for tobacco, groundnuts, turmeric, jaggery, chillies, ghee, and cotton trade. It has ginning, weaving and spinning mills, groundnut, turmeric, iron and steel factories represented chiefly by firms like Kirloskar Bros. at Kirloskarwadi, Dandekar Bros. and Bhide & Sons at Sangli. The town has also oil mills and ice factory. It is also known for its silver, copper and brassware and gold ornaments. There are cloth mills. Bidi making is another big Industry.

Besides, Sangli is a big centre of forward-delivery transactions in groundnut-kernel. Sangli Spices and Oil-seeds Exchange Ltd. is the only Government recognised centre for forward delivery contracts in turmeric in India. It has a Chamber of Commerce and a number of trade Associations.

The Government of India has opened a warehouse at Sangli to store agricultural produce. One Co-operative Sugar Factory (the first of its kind in this District), named "Shetkari Sahakari Sakhar Karkhana", with a working capital of more than Rs. 1¼ crores was started in 1958 at Sangli.

Being a railway junction, Miraj is now commercially developing. It has a weaving mill, an oil mill, an ice factory and industrial works called The Yeshvant Industrial Works. Another town Malgaon is famous for its beetle-leaves, which are exported throughout the year to all parts of India.

Sangli, Madhavnagar and Miraj especially which are in close proximity to one another are now rapidly developing into important educational and industrial centres in Southern Maharashtra. The Raja of Sangli has established at Sangli the "Adhytma Vidya Mandir", an institution solely devoted to the study of Philosophy, Religion and allied pursuits. In 1947 the Maharashtra Technical Education Society, Poona, started at Sangli the New Engineering College which is now named as Walchand College of Engineering, Sangli.

Because of the Mission Hospital (Wanless Hospital), run by the American Presbyterian Mission and founded by the late Sir William Wanless, Miraj has become one of the most up-to-date and efficient medical centres in India. The Sir William Wanless Tuberculosis Sanatorium, at Wanlesswadi, is now the largest among first grade sanatoria in India. Besides the T. B. Sanatorium there is a Leprosarium at Miraj. The Miraj Medical Centre also runs a Nursing School and a Compounding School. The Deccan Education Society of Poona has opened Chintamanrao College of Commerce and Maharashtra Technical Education Society of Poona has opened Atreya Ayurvedic College at Sangli. The Maharashtra State Government has opened a Medical College at Miraj from June 1962. There are Arts and Science Colleges at Sangli, Islampur and Tasgaon. There is one college of Physical Education at Miraj run by Ambabai Talim Sanstha.

### DECCAN MANUFACTURERS' ASSOCIATION

"Rose Cottage", opp. Mal Bungalow, Sangli-Madhavnagar Road, Sangli.

# SATARA DISTRICT

*Headquarters :* Satara.

*Talukas and Mahals :* Wai, Satara, Koregaon, Khatau, Karad, Patan, Jaoli, Man, Phaltan, Khandala, Mahableshwar.

The area of the District is 4,041 sq. miles. Population : 1,430,105 (1961 Census) (Males 698,555 ; females 731,550). The language spoken is Marathi.

The chief agricultural produce are jawar and bajri. Others include ragi, wari, wheat, rice and pulses. Cash crops which are a minor item include tobacco, groundnut and sugar-cane.

Forests in the Sahyadri range have considerable store of timber and fire-wood. Sandalwood and bamboo are occasionally found.

Government have undertaken the Koyna river project envisaging the construction of a gigantic Dam close to Helwak village (Patan Taluka) water from which can be used for agricultural purposes by people from Satara, Sholapur and Bijapur Districts and for generating electricity for industrial purposes.

This being a martial District, Free Boardings are run by Government at Satara and Karad for the sons and dependents of the Defence Forces in the Army, Navy and Air Forces. 'The After Care Association' and 'The Soldiers' Board' do useful work under the supervision of the Collector.

There is a large engineering concern manufacturing farm implements, machine tools, and textile machinery at Satara Road Station. Another engineering concern has been established at Udyamnagar near Karad while the one at Karad proper has been expanded with State aid. At Ogalewadi near Karad are the well-known glass works. The Sugar Works at Phaltan also deserve special mention. The Plastic Products of India, Ltd., Satara, a new industry, in the Deccan, has secured State aid.

### INSTITUTIONS, ETC.

THE SHIKSHAN MANDAL, KARAD

SHRI SITA RAMCHANDRA VAIDIC DHARMA PRASARAK MANDAL, SATARA

THE VYAYAM MANDAL, SATARA

## MAHABLESHWAR

Mahableshwar, 75 miles from Poona, is called the queen of the hill stations in Maharashtra. It is situated on one of the great slopes of the Sahyadri range at an elevation of 4,700 feet above sea-level. During the 8 months from October to May the climate is most agreeable. By day the temperature varies between 80 and 86, while the nights are cool and pleasant. But during the monsoon the rainfall is so heavy, the average being about 250 inches a year, that the place is almost uninhabitable.

It is now possible for people of moderate means to go to the hill station for a comparatively inexpensive holiday and change in the newly opened Holiday Camp set up by the Maharashtra Govt. The Camp is located in the Government House property on the way to the Bombay Point and one-room, two-room and three-room accommodation is available to the public at purely nominal rent. The stay of visitors at the Camp is limited to one week so that the facilities offered are taken advantage of by as many people in need of a change as possible.

The Camp is served by a vegetarian canteen, tap water and electric lighting. It is normally thrown open during the months October to May, and applications for accommodation have to be addressed to the Executive Engineer, Poona Division, Poona.

### HOTELS

Hotels are open only eight months in the year and are closed during the monsoon.

Aram Lodging & Boarding House (Vegetarian) ; The Club (Non-Vegetarian) ; Dream Land Hotel (Vegetarian) ; Fredrick Hotel (Non-Vegetarian) ; Guest House (Vegetarian) ; Happy Home (Vegetarian) ; Krishna Bhuvan Hotel (Vegetarian) ; Paradise Hotel (Vegetarian) ; Race View Hotel (Non-Vegetarian) ; Rippon Hotel (Vegetarian) ; The Ritz (Non-Vegetarian) ; Fountain Hotel (Non-Vegetarian) ; Dinu Hotel (Non-vegetarian).

House Agents and "Times" Agents : Adurjee & Bros. (Estd. 1896).

## PANCHGANI

Panchgani is a well known hill station in Satara District, situated 63 miles from Poona. It is 4,300 feet above sea-level and has a cool, salubrious and comparatively dry climate. The average rainfall is about 80 inches a year. Panchgani is thus a well known sanatorium.

Panchgani is habitable throughout the year, and there are excellent shops for provisions and oilman stores. The town is electrified and the roads are well lighted.

Panchgani can be reached from Poona from where there is regular bus service.

The town has a large and up-to-date tuberculosis sanatorium—Bel Air Sanatorium.

### SCHOOLS

Panchgani is famous for its schools. They all have their own buildings with laboratories, dormitories and hospitals.

St. Joseph's Convent High School for Girls ; Kimmins High School for Girls ; Sanjivan Vidyalaya ; Billimoria High School ; Union High School ; New Era School for Girls ; St. Peter's High School ; Young Zoroastrian School for Girls.

# SHOLAPUR DISTRICT

*Headquarters :* Sholapur.

*Talukas :* Sholapur South, Sholapur North, Barsi, Pandharpur, Sangola, Malshiras, Karmala, Akalkot, Mangalwedha, Mohol, Madha.

The languages spoken are mainly Marathi and also Telugu and Kannada.

Area : 5,809 square miles. Population : 1,860,119 (1961 Census) (Males 960,655 ; females 899,464).

# THANA DISTRICT

*Headquarters :* Thana.

*Talukas and Mahals :* Thana, Kalyan, Bhiwandi, Shahapur, Murbad, Wada, Jawhar, Bassein, Palghar, Dahanu, Mokhada Peta.

Area : 3,658 sq. miles. Population : 1,652,678 (1961 Census) (Males 861,117 ; females 791,561).

The languages spoken are Marathi, Gujarati and Urdu. The Christians of Salsette and Bassein, a very numerous community, are the descendants of the converts of St. Francis Xavier.

In the north-east the hills are covered with wood, and the valleys are but partially cultivated. The villages are seldom more than scattered groups of huts, and the population consists mainly of uncivilised aboriginal tribes, many of whom still wander from place to place as they find water or to suit their fancy.

Thana District is fast developing into a prominent industrial area. Hundreds of acres of land are being converted into sites for factories. Scores of factories have already been set up particularly along the railway track and the Bombay-Agra and Bombay-Poona Roads. Mulund village, which was in Thana Taluka and is now part of Greater Bombay, has been developed into a modern suburb with all the usual amenities.

Bhiwandi, a Taluka town nine miles from Thana situated on the Bombay-Agra Road is noted for handloom and powerloom fabrics. The "Bhiwandi" variety of Indian saris is very popular among Deccani women. The town is mostly inhabited by Momins and in some parts of the town every house has a spinning wheel. Bhiwandi Taluka is also famous for its timber and charcoal trade.

Kalyan, the biggest and the most thickly populated town in the District, is 34 miles from Bombay and is a junction on the Central Railway's north-east and south-east sections. "Ulhasnagar" the largest refugee township in Maharashtra is situated in Thana District two miles from Kalyan near the Ulhas River. The township is designed to accommodate 90,000 people.

The main produce of the District is rice which is of superior Kolamb variety.

Dahanu and Bassein Talukas are specially famous for fruit garden and the bulk of Bombay's fruit supply comes from these areas. Bassein plantains and betel leaves are very much in demand.

At Thana, Bhyandar and Belapur there are extensive salt works.

The chief articles of export from Thana District are paddy, rice, vegetables, salt, betel-leaves, plantains, bricks, grass, firewood, charcoal, lime, fish fresh or dried, timber, coconuts, mangoes, flowers, saris, handloom fabrics, woollen cloth and milk.

Tansa and Vihar lakes and the Vaitarna river which are the main sources of Bombay's water supply are situated in Thana District and are connected with Bombay by a special trolly line.

The Thana District Prison is one of the major prisons in the State and there is also a mental hospital on the outskirts of Thana town.

Thana, the chief town, 21 miles north of Bombay, is as already mentioned a station on the Central Railway. The Fort, the Portuguese Cathedral, a few carved and inscribed stones, and several reservoirs are now the only signs that Thana was once an important city. Bassein, on the Western Railway, contains the famous ruins of the ancient Portuguese dominion in Salsette.

There is a 10-year development plan prepared by the Thana Municipality.

Following the bifurcation of Bombay State, 16 villages of Umbergaon Taluka in Thana District, were transferred to Gujarat State and the remaining 26 villages were merged with Dahanu Taluka.

The Thana District Local Board has been reconstituted with a total number of 56 councillors.

INSTITUTIONS : Marathi Granth Sangrahalaya, Thana ; Remand Home, Bhiwandi ; Industrial School, Bordi.

HOSPITALS : Civil Hospital, Thana ; Mental Hospital, Thana.

INDUSTRIES : Western India Match Factory, Ambernath ; Aluminium Factory, Kalwa, Thana ; Raymond Woollen Mills, Thana ; Wadia Woollen Mills, Thana ; Castle (Woollen) Mills, Thana ; National Machinery Manufacturers Ltd., Kalwa, Thana ; National Rayon Corporation, Mohone, near Kalyan ; Century Rayon Corporation, Shahad, near Kalyan ; Amar Dye-Chem. Factory, Shahad, near Kalyan ; Sandoz Products Private Ltd., Thana ; Krishna Silicate and Glassworks, Thana ; National Dyes Ltd., Thana ; Hindustan Wire Melting Co., Thana ; Ravi Industries Ltd., Thana ; Lion Pencils Private Ltd., Andrewnagar, S. Vivekananda Road, Thana ; Indian Dyestuff Industries Ltd., Kalyan Camp No. 1 ; K. T. Steel Industries Ltd., Kalyan Camp No. 1 ; Dharamsi Morarji Chemicals, Ambernath.

SPINNING AND WVG. MILLS

ABDULSAMAD HAJILAL MOHAMMAD WEAVING FACTORY, Bhiwandi.

SECUNDER SARI MILLS—Sowadagar Mohulla, Bhiwandi.

# WARDHA DISTRICT

*Headquarters :* Wardha.

*Tahsils, Sub-Divisions :* Wardha, Hinganghat, Arvi.

The area of the District is 2,429 sq. miles. Population : 634,277 (1961 Census) (Males 322,894 ; females 311,388). The languages spoken are Marathi and Hindustani.

Wardha is noteworthy in that it has been the seat of a number of Gandhian institutions concerned with village uplift and the ideals of self-sufficiency and self-service.

Wardha has black cotton soil and the most important cash crops grown are jawar and cotton. Though there are rivers like Wainganga, agriculture depends on rain. There is thus an elaborate programme today for sinking new wells and deepening old ones. There are pressing and ginning mills in the District and also textile mills.

### ASSOCIATIONS

JAMNALAL BAJAJ CENTRAL RESEARCH INSTITUTE FOR VILLAGE INDUSTRIES
Maganwadi, Wardha

*Aims and Objects* :—The Research Institute was established in 1955 under the First Five Year Plan for research and investigation for the improvement of the tools and techniques of village industries.

It is under the Research Committee consisting of the nominees of the Council of Scientific and Industrial Research and of the Khadi and Village Industries Commission. The Institute is in charge of the Chairman of the Research Committee. Senior scientists at the Institute are :—

*Director*, Dr. C. Chenna Reddy ; *Senior Scientific Officers :* Dr. R. K. Shrivastava, Dr. Mrs. P. Annapurna Rao, V. H. Lulla and B. Y. Rao.

### COTTON MILLS

# YEOTMAL DISTRICT

*Headquarters :* Yeotmal.

*Tahsils :* Yeotmal, Darwha, Kelapur, Wuni, Pusad.

The area of the District is 5,246 sq. miles. Population : 1,098,470 (1961 Census) (Males 557,010 ; females 541,460). The language spoken is Marathi.

The staple foodgrain is jawar ; other foodgrains are wheat and pulses. As elsewhere the most profitable cash crops are cotton and oilseeds. Forests cover a larger area than in any other District in the State and yield considerable quantity of timber and fuel. The principal industry is the preparation of cotton for the market. Exports include raw cotton, oilseeds, cereals and pulses, and the chief imports include cereals and pulses, salt and sugar.

*For notes on Employees' Insurance Scheme and Irrigation in Maharashtra State, see Late Particulars.*

---

# MANIPUR

*Chief Commissioner*, Baleswar Prasad.

Area : 8,628 sq. miles ; Population : 7,80,037 ; Density : 90 ; Sex Ratio : 1,015 females per 1,000 males ; Literacy : 30·4 per cent. Capital : Imphal ; Strength of Legislative Assembly : 32 including two nominated members.

Popular ministry consisting of Chief Minister and two other ministers started functioning from July 1, 1963. Two Deputy Ministers were added to the Ministry from Nov. 2, 1964.

For details, about area and population of sub-divisions, see under "*Population*".

Manipur bounded on the east and south by Burma and on the north and west by the Naga Hills and the Cachar District of Assam, is a highly strategic territory on the eastern frontier of India. Two land routes from Burma pass through its territory. It was formally proclaimed a Chief Commissioner's Province of the Indian Union on the 15th of October, 1949, and became a Part C State when the Constitution of 1950 came into force. Following the reorganization of States in India, Manipur became a Union Territory from 1st November 1956 and it is now administered as a Union Territory under the provisions of the Union Territories Act, 1956.

In the Legislative Assembly there are 32 members consisting 24 Congress members including 2 nominated members, Socialist Party 3 and Independents 5.

The Congress enjoys absolute majority.

Seven hundred square miles of the Territory form a central valley, 2,6000 feet above sea-level, which is shut in on all sides by extensive hill tracts at places over 6,000 feet, covering the rest of the Territory. The climate varies from temperate in the valley to cold in the high hills. The rainfall on the average is 65 inches in a year.

The main population is "Meitels" inhabiting the valley with some 40 tribes and sub-tribes known by the generic names of Nagas and Kukis. Though a number of different dialects are spoken in the Territory, Manipuri and English are the official languages. The people are carefree and healthy, with a passion for religious festivals involving community dances in which both sexes join.

The soil is fertile. Rice is the principal crop.

The area under cultivation is about three lakh acres.

Handloom weaving is a popular industry throughout the Territory and Manipuri cloth of various picturesque and indigenous designs is in demand throughout India and even outside.

There are 10 colleges, 122 high, junior high & higher secondary schools, and 2,206 primary and junior basic schools. The total number of students for the year ending 31st March 1965 was nearly 1,65,000.

There are 12 hospitals, 64 dispensaries, 10 primary Health Centres, 26 Sub-Centres, one UNICEF aided T. B. Clinic, 4 Leprosy sub-centres, one V. D. Clinic and one dental clinic.

**Budget—1965-66**
(*See* '*Late Particulars*')

**Institutions**

JAWAHARLAL NEHRU MANIPUR DANCE ACADEMY, IMPHAL

*Chairman :* Baleswar Prasad, Chief Commissioner, Manipur.

*Secretary :* S. Gourahari Singh, Secretary (R & M), Government of Manipur.

---

# MYSORE STATE

*Area :* 192,203 sq. kms. (74,210 sq. miles).

*Population :* (1961 census) : 23,586,772 (males 12,040,923 ; females 11,545,849). Percentage increase 1951-61: 21·57. Sex ratio : 966 females for 1,000 males. Density : 318 per sq. mile. Literacy : 25·4 per cent. 5·4 per cent of the whole India population and area 6·5 per cent of the whole of India.

Per capita income : Rs. 289·6 (1961).

*Capital :* Bangalore.

The State is divided into four Divisions for administrative purposes.

The Divisions as well as the Districts which make up each Division are shown below. The names of the District headquarters are given in brackets after the names of the Districts.

1. Bangalore Division : Bangalore (Bangalore—Urban and Rural), Kolar (Kolar), Tumkur (Tumkur), Chitaldurga (Chitaldurga), Bellary (Bellary).

2. Mysore Division : Mysore (Mysore), Mandya (Mandya), Hassan (Hassan), Chikmagalur (Chikmagalur), Shimoga (Shimoga), South Kanara (Mangalore), Coorg (Mercara).

3. Belgaum Division : Belgaum (Belgaum), Dharwar (Dharwar), Bijapur (Bijapur), North Kanara (Karwar).

4. Gulbarga Division : Gulbarga (Gulbarga), Bidar (Bidar), Raichur (Raichur).

There are 21 Districts, 172 Talukas, 288 towns and 25,880 inhabited villages.

The Mysore Village Panchayat and Local Boards Act, 1959, came into force on November 1, 1959. Under the Act, a village or a group of villages with a population of 1,500, has an elected village panchayat, every taluk an elected taluk board and every district a district development council, consisting of the Deputy Commissioner, M.P.s, members of the State Legislature, presidents of taluk boards and Government Officers. Reservation for women and scheduled castes, has been made at all levels.

Certain developmental activities have been assigned to the above bodies. Elections for village panchayats and taluk boards were held simultaneously from January 15, 1960 and the elected bodies together with the district development councils have begun to function. Changes in the Panchayati Raj system, with the constitution of the Zilla Parishads instead of District Development Councils, and measures to widen the scope of other panchayati institutions, are in the offing (May 1965).

The separation of the judiciary from the executive has been completed. All revenue officers presiding over Magistrates' Courts have been replaced by judicial officers.

### Facts and Figures

Taluks 172 ; Hoblis 662 ; Inhabited villages 26,377 ; Towns 231 ; Density (Population) per k.m. 123 ; Birth-rate (*a*) per '000 : 19·8 ; Death rate (*a*) per '000 : 8·0 ; Total geographical area (*b*) 18,785,300 hectares ; Net area sown (*b*) : 10,264,306 hectares ; Fallow land (*b*) 1,330,653 hectares ; Other cultivable land (*b*) 2,740,150 hectares ; Forests (*b*) 2,700,830 hectares ; Land not available for cultivation (*b*) 1,749,361 hectares ; Rainfall (*c*) 1,610·9 ; Net area irrigated (*b*) 919, 836 hectares ; Area under rice (*d*) 100,850 hectares ; Area under ragi (*d*) 945,711 hectares ; Area under bajra (*d*) 502,620 hectares ; Area under millets (*d*) 406,245 hectares ; Area under minor wheat (*d*) 305,298 hectares ; Area under sugarcanes (*d*) 68,090 hectares ; Area under cotton (*d*) 1,038,937 hectares ; Land revenue (*b*) Rs. 44,947,249 ; Land revenue per capita (*b*) Rs. 1·90 ; Cattle (*e*) 9,673,001 ; Buffaloes (*e*) 3,025,890 ; Sheep (*e*) 4,764,972 ; Goats (*e*) 2,894,355 ; Poultry (*e*) 8,841,027 ; Veterinary institutions (*f*) 534 ; Hospitals (*g*) 190 ; strength of beds in hospitals (*g*) 17,717 ; Dispensaries (*g*) 760 ; Primary health units (*b*) 347 ; Family Planning clinics (*b*) 91 ; Literacy (*e*) 25·4% ; No. of factories (*h*) 1,837 ; No. of engineering factories (*h*) 215 ; No. of textile factories (*h*) 331 ; No. of chemical factories (*h*) 138 ; No. of persons employed in mines (*a*) 42,118 ; No. of persons employed in Govt. Service (*i*) 162,397 ; No. of persons employed in Municipalities (*i*) 21,230 ; No. of persons in factories (1959) 88,829 ; No. of Village panchayats (*i*) 7,452 ; No. of municipalities including Corporations (*i*) 174; No. of Post Offices (April 1964) 6,722 ; No. of Telephone exchanges (*j*) 144 ; No. of telephones in use (*j*) 27,224 ; No. of radios in use (*j*) 193,656 ; No. of Police stations including outposts (*j*) 806 ; No. of jails including lock-ups (*j*) 105 ; No. of towns and villages electrified (*j*) 4,193 ; Length of roads (*j*) 47,770 kilometres ; Length of railway line (1956) 2,699 kilometres ; No. of registered motor vehicles (*j*) 56,761 ; C. D. Blocks (1-3-1964) 268.

## AGRICULTURE

Second Plan outlay Rs. 384 lakhs.

Third Plan outlay Rs. 1,020 lakhs.

Out of the total geographical area of about 45 million acres, 6·6 million acres are covered by forest, 2·1 million acres are put to non-agricultural use, 2·1 million acres are barren and uncultivable land, 4·3 million acres are pasture and grazing lands, 3·3 million acres are fallow lands. The net area sown is about 25·2 million acres. The gross area irrigated is 2·1 million acres.

About 71 per cent of the total population derive their livelihood from agriculture and allied occupations. Owner cultivators 47·7 per cent ; Tenant cultivators 9·3 per cent ; Cultivating labourers 10·8 per cent ; Non-cultivating owners 3·4 per cent.

The important cereal crops that are grown in the State are rice, jowar, ragi and wheat. Important cash crops include coffee, cotton, tobacco, oilseeds, sugarcane, cocoanut, cashewnut and castor. Among the States, Mysore ranks first in respect of the production of coffee, ragi and cardamom.

For area and production of cash crops, see article on "Agriculture".

The various "Grow More Food Schemes" included in the Third Plan are estimated to create an additional production potential of 10 lakh tons.

The Government has launched on a massive food procurement policy under which about five lakh tons are to be stock-piled. Informal rationing was introduced in Bangalore in Nov. 1964 and is being extended to other big towns, particularly those with a sizeable labour population.

*Reclamation of Land by Tractors and Bulldozers :*—With the help of tractors and bulldozers an extent of over 20,000 acres was reclaimed during the First Five Year Plan at a cost of Rs. 23·36 lakhs resulting in an additional production of nearly 3,800 tons of grains. During the Third Plan 55 bulldozers are proposed to be maintained departmentally and 100 tractors under the hire-purchase system are proposed to be supplied to the farmers. Up to the end of 1964,, 6,442 diesel oil engine pump sets and 5,541 electrical pump sets were supplied by the Government.

*Irrigation Wells and Pumpsets :* During the First Plan 3,555 irrigation wells at a cost of Rs. 22·51 lakhs were completed, benefiting over 7,000 acres which gave an additional production of over 3,000 tons of foodgrains. Nearly 4,000 irrigation wells were completed during the Second Plan at a cost of Rs. 229·55 lakhs which resulted in an additional food production of nearly 4,000 tons at the end of the Second Plan. The target for the Third Plan is to complete 12,500 wells. In the First Plan nearly 2,400 pumpsets, costing Rs. 25·16 lakhs, were distributed to benefit nearly 8,600 acres of land. In the Second Plan 1,705 pumpsets, at a cost of Rs. 25·94 lakhs, were distributed to irrigate an area of nearly 8,000 acres. During the Third Plan increased provisions are being made and the demand for more pumpsets is being met to a considerable extent.

*Development of Local Manurial Resources :* During the Second Plan, nearly 56 lakh tons of both urban and compost manure was produced. The Third Plan sets a target of production of 60 lakh tons of compost. In the Second Plan, 3 lakh acres were brought under green manuring. The Third Plan embarks on a programme to cover 7 lakh acres under green manuring and to distribute Glyricidia seeds free of cost for raising seedlings.

*Chemical Fertilizers :* In 1964-65, a total quantity of nearly 4·3 lakh tons of chemical fertilizers was distributed in the State.

*Improved Seeds :* By the end of the Second Plan, the target of establishing 56 State seed farms under the Department had been achieved and the Third Plan aims at establishing 53 more seed farms. 5,575 tons of improved seeds were produced during the First Plan, 8,600 tons in the Second Plan and 14,604 tons in the first four years of the Third Plan.

*Adoption of Improved Agronomic Practices :* To popularise improved agronomic practices, various measures have been taken up like the Japanese Method of Paddy Cultivation and the Rabi and Khariff Campaigns. During the Third Plan, up to March 31, 1965, 3·05 lakh acres have been brought under the Japanese method and 31·25 lakh acres, under Rabi and Kharif compaigns.

*Control of Pests and Diseases :* Sprayers and dusters are being distributed at 50 per cent concessional rates to enable the farmers to take up plant protection measures themselves. It is proposed to cover 18 lakh acres during the Third Plan and to distribute 40,000 units of spraying and dusting equipment at a total cost of Rs. 60 lakhs. An extent of 70,000 acres was treated against grasshopper pest under a mass campaign in the Dharwar Division. About 11,008 units of sprayers nd dusters have been supplied so far.

*Soil Conservation :* During the Second Plan, an area of 1·75 lakh acres was contour bunded which accounted for an enhanced production of 8,750 tons of foodgrains. During the Third Plan, an area of nearly 2·7 lakh acres will be contour bunded. The progress at the end of the fourth year was 1·24 lakh acres which will result in an additional production of 6,000 tons.

*Other Notable Features :* Launching of the Package Programme in Mandya District where production is expected to go up by 1·18 lakh tons of foodgrains by the fifth year of the Third Plan which means an increase of 60 per cent over the production at the beginning of the implementation of the project. A package programme has been sanctioned for South Kanara District for intensive cultivation of rice. A special Package Programme is also being taken up in Koppal and Gangavathi Taluks in the District of Raichur for oilseeds. The Third Plan target under cotton is to achieve seven lakh bales, under sugarcane 33 tons per acre. An additional area of 8·75 lakh acres is to be brought under oilseeds.

The target and achievement of additional food production were as follows :—

| | Target lakh tons | Achievement lakh tons |
|---|---|---|
| 1961-62 .. .. | 2·13 | 0·60 |
| 1962-63 .. .. | 2·2 | 1·4 |
| 1963-64 .. .. | 1·0 | 1·66 |

For 1964-65, the anticipated additional production is 2·239 lakh tons as against the target of 2·99 lakh tons.

*Vegetables and Fruits :* The area under vegetables is proposed to be increased during the Third Plan period from 1,40,000 acres to 1,55,000 acres. It is also proposed to undertake research on vegetables and fruits in different regions.

*Horticulture :* The annual output of the various nurseries will be 4 lakh fruit plants. A master plan costing Rs. 9,91,266 has been prepared for the development of horticulture. In partial execution the plan encourages intensive vegetable and quick growing fruits in Bangalore and Mysore.

*Cash Crops :* Out of a total cultivated area of 280·8 lakh acres, nearly 64·3 lakh acres are under cash crops and out of a total agricultural income of Rs. 276·34 crores generated in the State, Rs. 90 crores are by cash crops. They form an important part also of the State's foreign export trade.

*Pepper :* The estimated area under pepper in Mysore State is about 10,000 acres. The estimated production of pepper is about 1,000 tons as compared to the all-India production of 26,500 tons.

*Cashew :* The total requirement of cashew for factories throughout the year is 35,000 tons. But the production of cashew nuts is only about 8,000 tons. During the Second Plan, new planting had been done to the extent of 39,130 acres by the Agriculture Department and another 8,362 acres by the Forest Department. It is expected that an area of about 75,000 acres would be brought under cashew in the private sector by the farmers themselves with the aid of loans proposed to be given to them. It is also estimated that an additional area of 8,000 acres would be brought under cashew cultivation by the Forest Department by the end of the Third Plan.

*Cardamom :* Cardamom is one of the most important plantation crops in the State occupying an estimated area of about 49,000 acres. The estimated production is about 1,000 tons which is nearly 45 per cent of the national production. During the Third Plan it is proposed to raise disease-free cardamom seedlings and to replace the diseased clumps.

*Tobacco :* Tobacco cultivation in Mysore State is mainly confined to Belgaum, Mysore, Kolar and Mandya Districts. It is cultivated in an area of about 1 lakh acres and the annual estimated production is about 25,000 tons. During the Third Plan it is proposed to increase the area from 1 lakh acres to 1,05,000 acres. By the end of the Third Plan it is estimated that the production of tobacco would be of the order of 31,700 tons valued at Rs. 1,398 lakhs.

*Sugarcane :* Sugarcane occupies an area of about 1·5 lakh acres in Mysore producing about 4,12,500 tons of gur. By the end of the Third Plan, it is expected that an area of 1·70 lakh acres would be brought under this crop.

*Oilseeds :* The area under oilseeds in Mysore is about 29·5 lakh acres. The important oilseeds are groundnut, castor, linseed and safflower. The production is about 7·00 lakh tons per year. The area under groundnut alone is 22 lakh acres and the total annual production about 6 lakh tons. The area under oilseeds will be increased from 29·5 lakh acres (at the end of the Second Plan) to 30 lakh acres by the end of the Third Plan, the total production being raised from 7·00 lakh tons to 8·75 lakh tons.

*Arecanut :* The production is about 25,000 tons of nut which is nearly 27 per cent of the annual production in India. The Third Plan provides for planting of new arecanut seedlings.

*Cocoa :* Experiments are in progress to grow cocoa.

*Rubber :* Plantations extended over 785 acres, cinchona plantations over 44 acres and eucalyptus over 20,125 acres.

*Agricultural Research :* During the Second Plan, new research stations were started for sugarcane, pepper, cardamom, coconut and arecanut.

In the Third Plan significant achievements have been registered in the evolution of improved strains. These include Deccan Hybrid Maize, Hybrid Jowar, Hybrid Indo-Japanese paddy and a high yielding strain of Ragi known as "Cauvery".

*Agricultural Education :* An agricultural University has been established at Hebbal, Bangalore. This covers all the agricultural and veterinary colleges in the State.

**Estimates of Area & Production of Cash Crops for quarter ending Sept. 1964.**

| Crops | Area in acres | | Production (in Tons) | |
|---|---|---|---|---|
| | 1963-64 | 1962-63 | 1963-64 | 1962-63 |

(N.A. = Not available).

*Animal Husbandry :* (Figures in million): Cattle 9·67; Buffaloes 3·02; Sheep 4·76; Goats 2·89; Poultry 8·84.

The State has a network of about 600 Veterinary Institutions comprising 19 District Hospitals, 175 Taluk Dispensaries and 400 Rural Veterinary Dispensaries. The Mysore Serum Institute produces all the necessary biologicals to combat and prevent contagious diseases among livestock. Two Clinical Laboratories—one at Belgaum and the other at Mangalore—are under construction and they will be commissioned before the close of the Third year.

Mass castration of scrub bulls and buffalo calf rearing schemes have been undertaken in the various parts of the State. There is also a network of Artificial Insemination Centres and Sub-Centres. A Centrally sponsored scheme for the improvement of Malnad cattle has been undertaken and is being implemented in the four Districts of the State, *viz.*, Managalore, Hassan, Chickmagalur and Shimoga. One hundred breeding bulls are being distributed free every year.

*Bangalore Dairy Project :* The Bangalore Dairy Project, which was to replace the Bangalore Milk Supply Scheme, though formally inaugurated in Jan. 1965, has yet to take up city-wide distribution of milk and milk products. (May 1965.)

*Fisheries* (Marine): Fishable area 10,000 Sq. miles. Fishermen population 1,00,000 (engaged in fishing 20,000); Fishing sailboats 20,000; Mechanised boats 191; Capital invested Rs.2·50 crores. *Inland Fisheries :* No. of minor tanks 30,000; major tanks 2,700; Large lakes and reservoirs 17; Length of rivers and channels 3,800 miles.

For other details see article on 'Fisheries'.

*Prohibition :* (See article Prohibition).

*Canada-Mysore Project :* This project is designed to fight hunger in S.-E. Asia and provides for the creation of a training centre in Mysore for students from the S.E. Asian countries concerned. They will be taught practical methods of food conservation and distribution. The centre is being set up close to the Mysore Food Technological Research Institute.

## COMMUNITY DEVELOPMENT PROGRAMME

For the Third Plan period a provision of Rs. 1,535·00 lakhs has been made. The Plan allocation, the amount actually allotted and the expenditure incurred respectively in each of the first four years of the Third Plan period are indicated below (Rs. lakhs): 1961-62: 249·00; 249·00; 266·79; 1962-63: 261·00; 250·00; 252·14; 1963-64: 322·00; 267·00; 263·07; 1964-65: 336·00; 224·00; 131·21 (upto end of Dec. 1964).

(For more details see article "Community Development Projects & Panchayats").

The Village Volunteer Force and Defence Labour Banks Scheme were inaugurated in 1962-63 with the three-fold object of encouraging production, mass education and defence efforts. So far, 6,19,243 volunteers have been enrolled in the Volunteer Force and 3,078 Labour Banks have been constituted. A scheme to ensure panchayat agricultural production plans has also been inaugurated.

## LAND REFORMS

The Mysore Land Reforms Act (1961) came into force in Oct. 1965.

Under the Act, the ceiling is 27 standard acres on present holdings and 18 standard acres on future acquisitions. Plantations, orchards, specialised farms, sugar-cane farms operated by sugar factories, and efficiently managed farms are exempted.

Possession is confirmed on tenants holding lands on September 1, 1961. Tenants, whose number is not known, will acquire ownership rights in an area of about 50 lakh acres.

It is estimated that the Government will have to pay as compensation about Rs. 50 crores to landlords who surrender their surplus lands to the Government. Compensation will be limited to Rs. 2,000 in cash, the remainder being paid in

bonds. Genuine partnership and transfers made by landlords to their own tenants since November 1961 will be honoured for the purpose of calculating the ceiling area and also area available for resumption. The Act does not apply to Government lands and lands held by religious and charitable institutions.

Special provisions have been made to protect the ownership rights of members of the Armed Forces and also of the Merchant Navy.

The State Legislature has enabled the Government to fix the standard rate of the land revenue on dry lands and irrigated and rain-fed wet and garden lands at 4 per cent of the average yield. The standard rate for plantation will be 1 per cent.

The fixation of standard rates, based upon settlement reports, will increase the annual land assessment from Rs. 3·47 crores to Rs. 4·42 crores.

**Particulars of Assessment**

| | Extent in Acres. | Existing Assessment in Rs. excluding assessment for water, advantage in respect of irrigated wet and irrigated Garden Lands. | Proposed assessment in Rs. |
|---|---|---|---|
| Dry .. .. .. .. .. .. | 2,30,58,025 | 2,40,65,246 | 3,12,41,521 |
| Irrigated wet .. .. .. .. | 13,97,054 | 14,35,071 | 20,44,365 |
| Irrigated Garden .. .. .. .. | 3,91,897 | 4,06,423 | 5,76,694 |
| Rain-fed wet .. .. .. .. | 9,67,500 | 33,01,400 | 43,97,133 |
| Rain-fed Garden .. .. .. .. | 1,15,955 | 7,55,928 | 23,35,436 |
| Plantation crops .. .. .. .. | 2,99,393 | 5,15,440 | 36,40,616 |
| TOTAL .. .. | 2,62,29,824 | 3,04,79,508 | 4,42,35,765 |

### Consolidation of Holdings

The object of the scheme is to bring together scattered holdings of multiple holders into compact blocks and thereby help land holders to increase agricultural production. The scheme has been enforced in respect of 657 villages covering an area of 14·95 lakhs of acres of lands up to December 1964, since the inception of the scheme.

### Cadastral Survey of Inam Villages

There were 2,103 Inam villages in the old Mysore area. Out of them, 2,091 villages have been surveyed and 1,405 villages have been settled up to the end of December 1964. For expeditious completion of Inam Survey work, this scheme is included in the III Five Year Plan, from 1961-62.

### Revision Settlement

Revision settlement enquiries have been completed in 38 zones covering 169 taluks in the State.

As on 1st November 1956, roughly a total extent of 17,42,092 acres and 15 guntas of Government unoccupied land was available for disposal out of which an extent of 9,46,976 acres 15 guntas has been disposed of up to the end of April 1964. The balance of cultivable land available for disposal as on 1st May 1964 was 7,95,116 acres.

By way of rationalisation of Government lands, Government appointed local committees for each Taluk for determining the areas which might be disposed of for cultivation and the areas which might be transferred for afforestation to the Forest Department. It is expected that the bulk of the Government lands which are available for disposal will be disposed of and that a large number of landless poor persons would be able to secure lands in the not distant future.

As a result of the recommendations received from the Taluk Committees from 17 districts out of 20, the Government has ordered the transfer of an extent of 56,397 acres of forest land from the Forest Department to the Revenue Department and an extent of 3,31,186 acres from the Revenue Department to the Forest Department for afforestation purposes.

## FOREST

**Area : 13,575 sq. miles (18·4 per cent of the State area).**

*Classifications and area :* **Wet evergreen and Semi-evergreen 1,315 sq. miles ; Moist Deciduous 843 sq. miles ; Dry Deciduous 3,020 sq. miles ; Dry Thorn 8,397 sq. miles.**

The Forest Department is in charge of systematic exploitation of the forest wealth. The following statement gives an idea of the efforts made by the Department and the targets achieved in this direction.

| Species | Plantations as on 31-3-56 | Plantations raised during the II Plan | Plantations raised during 1964-65 of the III Plan | Total (Up to date) |
|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 |
| | (Acres) | (Acres) | (Acres) | (Acres) |
| Teak .. .. .. .. | 91,060 | 30,592 | 37,996 | 1,59,648 |
| Fuel and Miscellaneous species. | 46,324 | 72,528 | 1,32,647 | 2,51,499 |
| Soft Woods .. .. .. | 430 | 7,622 | 11,797 | 19,849 |
| Cashew .. .. .. .. | 3,143 | 8,362 | 13,252 | 24,757 |
| Rubber .. .. .. .. | .. | .. | 785 | 785 |
| Linaloe .. .. .. .. | .. | 150 | 1,015 | 1,165 |
| TOTAL .. | 1,40,957 | 1,19,254 | 1,97,492 | 4,57,703 |

Development schemes costing Rs. 289·00 lakhs under the Forestry Sector, Rs. 71·00 lakhs under Soil Conservation and Rs. 9·93 lakhs under Agricultural Production are under implementation during the Third Plan. Under the scheme Economic Plantations, it is programmed to plant teak in 52,000 acres, and softwood species for match, plywood and packing cases in 12,000 acres. It is also envisaged to undertake plantations of fuel species on a large scale in the drier parts of the State over an area of 42,000 acres under the scheme "Rehabilitation of Degraded Forests". Plantations over 1,000 miles are also proposed to be raised along the canal sides with a view to compensating for the areas submerged under the river valley projects. Under the Soil Conservation Scheme, the areas subjected to soil erosion are proposed to be improved by Soil Improvement Works such as staggered trenching, nalla bunding and gully plugging followed by planting of suitable tree species over an area of 65,000 acres. Under agricultural production, Cashew plantations over an area of 18,500 acres are proposed to be raised under "Cashew Development Scheme". Intensive plantations of eucalyptus hybrid have been taken up in North Kanara and Shimoga forests and every year 10,000 acres are being covered. These plantations will not only cater to pulp industries but will also meet the large-scale demand for firewood for other industries such as Mysore Iron and Steel Limited.

Net revenue from forests has risen from Rs. 334·59 lakhs in 1957-58 to Rs. 371·71 lakhs in 1964-65.

Resources Survey of a large tract of unorganised forests of North Kanara is nearing completion with a view to their being organised and exploited on a scientific and sustained yield basis.

To open up large areas of virgin forests in Bhadra Valley, construction of a road from Kalsa to Mala is nearing completion. This will also bring in more revenue to the Department.

*Wild Life Preservation :* **A Wild Life Committee for Mysore State, to implement the recommendations of the Indian Board for Wild Life and to protect the valuable fauna that are on the verge of extinction has been constituted. A new enactment for the protection of wild life was passed by the State Legislature in 1963.**

## IRRIGATION

**Percentage of irrigated area to the total crop area : 7·3.**

**An area of 1,02,000 acres was benefited from minor irrigation projects and about 2,56,849 acres under major and medium irrigation projects during the Second Plan. About 81 per cent of the total outlay of Rs. 3,299 lakhs for major and medium irrigation scheme was spent during the Second Plan period.**

*Minor irrigation :* During the Second Plan, an expenditure of Rs. 673·72 lakhs was incurred which benefited an area of 1,53,400 acres (bringing 41,960 acres under fresh irrigation and assuring water supply to an extent of 1,11,400 acres of existing atchkat).

During the Third Five Year Plan the total provision for minor irrigation works (tanks including restoration, etc.) is Rs. 850 lakhs.

*Irrigation Wells :* Out of 34,909 wells sanctioned during 1960-61 and 1963-64, 22,000 wells were completed, resulting in an increase of 33,000 tonnes in food production.

The number of wells already sanctioned and those proposed to be sanctioned till the end of the Third Five Year Plan would be as follows :— 1960-61 : 16,700 wells ; 1961-62 : 5,009 wells ; 1962-63 : 10,500 wells ; 1963-64 : 2,700 wells ; 1964-65 : 2,500 wells ; 1965-66 : 10,000 wells. Total 42,900 wells.

Thus about 43,000 wells will be sanctioned by the end of the Third Five Year Plan subject to availability of funds.

If this Scheme is implemented as proposed, about 63,000 acres would be brought under irrigation before the end of the Third Five Year Plan resulting in an increased food production of 42,900 tons.

*Major and Medium Irrigation :* The pre-plan irrigation was of the order of 1·7 million acres forming 4·9 per cent of the 35 million acres of total available land in the State.

During the Second Plan period, the 11 Schemes of the I Five Year Plan were continued and 14 new schemes were also taken up of which 3 were major and 11 were medium projects. The estimated cost of all the 25 projects amount to Rs. 129·28 crores. The expenditure incurred on these 25 projects during the II Plan period was Rs. 26·69 crores. Thus the total outlay on the Major and Medium Irrigation projects to end of II Five Year Plan period was Rs. 63·97

crores. The gross potential under I and II Five Year Plan Schemes is 14·68 lakh acres. The actual achievements of creation of potential and utilisation to the end of II Five Year Plan was 4·63 and 2·91 lakh acres respectively.

In addition to the 25 Projects taken up during I and II Plan period, 7 new schemes—3 Major and 4 Medium—have been included in the III Five Year Plan. The estimated cost of the 7 new schemes included in the III Five Year Plan is Rs. 99·41 crores with an irrigation potential of 10·52 lakh acres. Thus the total estimated cost of I, II and III Plan schemes amounts to Rs. 228·69 crores with a gross potential of 25·14 lakh acres. There is a provision of Rs. 40·66 crores in the III Five Year Plan (Rs. 31·27 crores for the I and II Plan schemes, and Rs. 9·39 crores for the III Plan schemes).

Under the 32 Major and Medium Irrigation Projects included under I, II and III Five Year Plans the gross irrigation potential available is 25·14 lakh acres. The targets and achievements and potential and utilisation are as under :—

| | Potential (cumulative in lakh acres) | Utilisation (cumulative in lakh acres) |
|---|---|---|
| Achievements up to end of Second Five Year Plan | 4·63 | 2·91 |
| Targets set out up to end of Third Five Year Plan— | | |
| (*a*) as per Plan book . | 13·58 | 11·74 |
| (*b*) as per realistic programme .. | 8·90 | 7·17 |
| Actual achievements to end of 1963-64 .. | 6·82 | 4·58 |
| Anticipated achievement to end of 1964-65 | 7·48 | 5·59 |

*New Irrigation Projects :* Technical clearance has been received from the Planning Commission for the Upper Krishna and Malaprabha Projects and preliminary work has started. It is proposed to start preliminary works in respect of Chandrampalli Project in Gulbarga District and of Harangi and Hemavathi Projects in Coorg and Hassan Districts, respectively.

The progress achieved in some of the projects is as under :—

| | Potential created Acres | Area developed Acres |
|---|---|---|
| Tungabhadra (L.B.) | 3,40,000 | 2,16,668 |
| Ghataprabha Project, I Stage .. | 1,20,000 | 41,537 |
| Do. II Stage .. | 32,320 | 10,353 |
| Bhadra Project .. | 63,610 | 32,075 |
| Tungabhadra Project (R.B.) .. .. | 92,000 | 57,178 |

**Particulars of Major and Medium Irrigation Projects**

| Name of the Project. | Location. | When started. | When to be Completed. | Area to be irrigated in Acres. | Total cost in lakhs. | Estimated rise in output of food-grains after completion in Tons. |
|---|---|---|---|---|---|---|
| (*a*) Tungabhadra Project Left Bank .. | Mallapuram site near Hospet. | 1945 | 2nd year of IV Plan. | 3,59,545 | 3,220·00 | 9,200 |

* Work at Narayanapur has been suspended in preference to a site at Siddapur which is being examined.

## CO-OPERATION

**The structure of co-operative credit in the State consists of three tiers: the primary, the intermediate and the apex. At the apex level, there is the Mysore State Co-operative Apex Bank which has been re-constituted as a federal body and whose jurisdiction is extended to the whole of the State. At the end of the Second Plan (1961), the share capital of the Apex Bank was Rs. 1·24 crores, deposits Rs. 3·68 crores and working capital Rs. 14·22 crores. The advances made during the Second Plan period was Rs. 13·80 crores. Its paid up share capital was Rs. 1·70 crores.**

### Apex Bank

The Mysore State Co-operative Apex Bank has been reconstituted as a Federal body and its jurisdiction has been extended to the whole State. At the end of the Second Five-Year Plan the share capital of the Apex Bank was of the order of Rs. 1·24 crores, deposits Rs. 3·68 crores and working capital of Rs. 14·22 crores. The borrowings from the Reserve Bank of India were of the order of Rs. 9·08 crores whereas its advances were of the order of Rs. 15·80 crores including cash credits and over-drafts.

### Land Mortgage Bank

The Central Land Mortgage Bank has been reorganised and reconstituted with the entire State as its jurisdiction. At the end of the II Five-Year Plan there were 118 primary land mortgage banks and 1 Central Land Mortgage Bank. The Central Land Mortgage Bank had a membership of 118 primary land mortgage banks. Its share capital and working capital stood at Rs. 45·69 lakhs and Rs. 4·85 crores respectively.

Similarly, there were 118 primary Land Mortgage Banks with a membership of 1,11,390. Their share capital stood at Rs. 34·28 lakhs whereas working capital was of the order of Rs. 4·39 crores.

There were at the end of the Second Plan 208 primary marketing societies and one apex marketing society at the State level. The primary marketing societies had a membership of 1·05 lakhs and a paid up share capital of Rs. 80·87 lakhs and a working capital of Rs. 3·82 crores.

### Processing Societies

The particulars of 34 processing units that have so far been established are as under:—

Cotton ginning 6; Groundnut decorticating and Oil crushing 1; Paddy husking 15; Cotton-seed crushing 1; Coffee curing 1; Sugarcane crushing 3; Paddy husking and Groundnut decorticating 1; Oil crushing 3; Cotton ginning and Oil crushing 2; Cold Storage 1.

### Agricultural Credit

An amount of Rs. 15·34 crores was disbursed by way of short and medium term loans to agriculturists during the year 1963-64 and the figure was expected to reach about 18·47 crores by the end of 1964-65.

### Rural Godowns

Besides 475 rural godowns set up during the Second Plan, it was expected that 650 more godowns would have been set up in the rural areas by the end of 1964-65.

### Co-operative Sugar Factories

Nine Co-operative Sugar Factories are in existence in the State of which 3 have gone into production and 5 have secured industrial licence. These factories have crushed 4·04 lakh metric tonnes of sugarcane and have produced 46,171 metric tonnes of sugar.

### Co-operative Farming

In accordance with the recommendations made by the Working Group on Co-operative Farming, it is programmed to start 19 pilot projects and organise 190 farming societies in the State. So far 192 farming societies have been established in 19 pilot projects whereas 121 societies have been established in non-pilot areas. These have a membership of 6,935 and own lands to the extent of 33,778 acres. They have brought under plough 19,000 acres, reclaimed 6,521 acres, sunk 56 wells, installed 36 pumpsets and irrigated 1,265 acres besides bunding 26,880 feet of land. It is expected that about 26 more farming societies will be organised before the close of the year 1965-66.

### Consumers' co-operatives

As a result of the implementation of the Centrally sponsored scheme and also the recent food scarcity many consumers' societies have been organised both in urban and rural areas. There are at present 13 whole-sale stores and 759 primary stores with an aggregate membership of 70,086 and share capital of Rs. 50·49 lakhs.

**The Third Plan is expected to bring sixty per cent of the agricultural population under the co-operative fold. Two thousand more service co-operatives, 50 primary land mortgage banks, 44 processing units and 900 godowns will be started and 160 marketing societies will be re-organised. The Plan outlay on co-operation is Rs. 475 lakhs.**

## ELECTRIC POWER

### Hydro-Electric Projects

| Name of Project. | Location. | Commencement. | Completion. | Installed capacity. | Cost in crores of Rs. |
|---|---|---|---|---|---|
| Sharavathi Valley Project .. .. | 15 miles from Talaguppa Rly. Station near Jog (Linganamakhi). | 1956 | 1964 (I Stage) | 178,200 Kw.(*a*) | 56 (Revised) (I Stage) |
| Bhadra Hydro Electric Project .. | 18 miles from Bhadravathi (Lakkavalli). | 1956 | 1962 | 33,200 Kw.(*b*) | 3·8 |
| Tungabhadra Hydro Electric Project Right Bank. | 4 miles from Hospet Rly. Station. | 1953 | 1962 | 36,000 Kw.(*c*) | 1·44 (Mysore's share) |
| Tungabhadra Hydro Electric Project Left Bank. | 3 miles from Munirabad Rly. Station (Mallapuram). | 1955 | 1961 | 27,000 Kw.(*d*) | 6·042 |

Estimated rise in output after completion is about 1,466 million units over the 1956–57 figure. (a) 891.000 Kw. ultimate capacity. (b) 40,400 Kw. ultimate capacity. (c) Ultimate capacity 72,000 Kw. Two units of 9,000 Kw. installed and two more units being installed at the dam and canal power house. (d) Ultimate capacity 36,000 Kw.

Names of power stations now in operation, their location, installed capacity and production:

| Name | Installed capacity (Kw.) | Location |
|---|---|---|
| Sivasamudram .. | 42,000 | 28 miles from Maddur Rly. Stn. towards South East. |
| Shimshapura .. | 17,200 | 28 miles from Maddur Rly. Stn. towards South East. |
| Jog (M.G.H.E. Works) .. | 120,000 | 12¼ miles from Talaguppa Rly. Stn. towards north. |
| Tungabhadra Hydro Elec. Works* .. | 9,000 | 4 miles from Hospet Rly. Station. |

* Right Bank (Andhra and Mysore) Dam Site and canal stations. Mysore share 1/5th (only two units of 9,000 Kw. now in service). This is Mysore's share of 25 per cent.

*Villages electrified*:—1961-62: 135; 1962-63: 252 and in 1963-64: 232.

Diesel Stations showing within brackets the installed capacity in Kw. and units generated in millions in 1964-1965 respectively: Mercara (414; 0·705); Somwarpet (150; 0·146); Virajpet (240; 0·242); Shorapur (100; 0·065); Gourikoppal (80; 0·111); Raichur (1,240; 2·916); Gulbarga (826; 1·944); Yadgir (400; 0·537); Bailhongal (200; 0·197); Guledgud (567; 1·027); Hukeri (500; 0·975); Ilkar (200; 0·322); Chittapur (50; 0·047); Humnabad (200; 0·055); Aland (100; 0·015); Kushtagi (50; 0·001).

The following are some of the other diesel stations with the installed capacity in Kw.:—Udipi 110 Kw; Karkala 32 Kw; Mangalore 1,017 Kw.

### POWER

The following are the Projects which were included for implementation during the II Five Year Plan and are being continued during the III Five Year Plan.

(*i*) Sharavathi Valley Project—I stage with the associated 220 KV Transmission Lines.

(*ii*) Bhadra Hydro Electric Project.

(*iii*) Tungabhadra Hydro Electric Project (Left Bank).

(*iv*) Investigation of Hydro Electric Projects.

In addition, the following new Projects were also included for implementation during the III Five Year Plan period.

(*i*) Sharavathi Valley Project—II Stage with associated 220 KV Transmission lines.

(*ii*) Kalinadi Hydro Electric Project.

A brief review of all the Hydro Electric projects under construction and investigation at the end of 1964 is given below project-wise.

A brief note of work done on all the Projects and the stage reached at the beginning of December 1963 are given below project-wise.

**Sharavathi Valley Project:**—The Sharavathi Valley Project now under execution is the biggest and one of the most economical projects in the State and one of the few economical projects in India. The River Sharavathi though only 82 miles in length has a tremendous power potential amounting to about 1·35 million kilo watts. This project is being executed in three stages. The first stage consists of installation of two units of 89,100 KW each, the second stage six additional units of 89,100 KW each

and the final stage the last two units of 89,100 KW each. The project also contemplates construction of an extensive system of 220 KV Transmission lines to transmit the power generated in this station to the major load centres in the State. The first and second stages of the project have already been sanctioned and one under execution. The estimated cost of the Receiving Stations and Transmission lines is Rs. 15·06 crores and for the installation of the last two units Rs. 7·27 crores. The estimate for the transmission lines has been cleared technically.

The first generating unit of 89,100 KW has been commissioned and is already supplying power to Bangalore. Erection of the second generating unit is on hand and this unit was expected to be commissioned during April '65. Additional units two of 89,100 KW each under the second stage are expected to be commissioned at yearly intervals commencing from March 1966. Erection of the 227-mile long 220KV line from Sharavathi to Bangalore for transmitting the power generated under the first stage has also been completed and the line charged. Work on the Receiving Station at Shimoga is in full swing. The Receiving Station at Bangalore has been completed and the station commissioned.

The estimated cost of the first stage of the project including 220 KV Transmission lines is Rs. 56·08 crores against which an expenditure of about Rs. 47·77 crores has been incurred up to the end of December 1964. The estimated cost of the second stage (six units) including erection of 220 KV Transmission lines is Rs. 40·24 crores against which an expenditure of about Rs. 4·55 crores has been incurred up to the end of December 1964.

**Bhadra Hydro-Electric Project :**—The Bhadra Hydro-Electric Project is mainly an irrigation project and the power generation here is only incidental. The installed capacity of this station is 33,200 KW comprising 2 units of 12,000 KW each in the River bed station, one unit of 2,000 KW in the left bank station and one unit of 7,200 KW in the right bank station.

Work on the project was completed during the year 1963-64. The 2,000 KW Left Bank unit was commissioned in November 1962, the two 12,000 KW River Bed units were commissioned in April and June 1963 and the last unit of 7,200 KW was commissioned in January 1964. Under the commissioning of the Right Bank unit, work on this project has been completed and the full benefits are being derived.

The estimated cost of this project is Rs. 3·80 crores and the expenditure incurred up to the end of December '64 was about Rs. 3·25 crores.

**Tungabhadra Hydro-Electric Project (Left Bank) :**—The Tungabhadra Hydro-Electric Project on the Left Bank of the Tungabhadra Dam at Hospet was taken over by the Government of Mysore from the erstwhile Government of Hyderabad in 1956. This project contemplates installation of 3 units each of 9,000 KW and transmission of power by means of 110 KV transmission line from Munirabad to Shahabad. The present stage of progress is that the first and second units of 9,000 KW each were commissioned during January 1962 and June 1962 respectively. The 190-mile long, 110 KV line from Munirabad to Shahbad has also been charged. Erection of the third unit of 9,000 KW is progressing well and is expected to be commissioned during 1965.

The estimated cost of this project is Rs. 6·042 crores and the expenditure incurred up to the end of December '64 was about Rs. 4·30 crores.

**Kalinadi Hydro Electric Project :**—Provisions have been made for carrying out the preliminary works on the Kalinadi scheme during the III Plan period. The project report for Supa Dam and Dam Power House which is a part of the Kalinadi project has been forwarded to Government for approval. The Central Water and Power Commission have suggested to the State Government to investigate an alternative scheme to harness the Kalinadi valley. The investigation of this alternative scheme is under rapid progress.

**Mysore State Electricity Board :** *III Five Year Plan :* The Third Five Year Plan of the Mysore State Electricity Board is a further projection of the Second Plan Schemes *viz.*, Extension of Main and Sub-transmission lines, erection of step down stations, extension of power supply to villages and power supply to Irrigation Pumpsets etc. to distribute the power to various parts of the State from the Power Projects like Bhadra, Munirabad and Sharavathi Valley Project. The total provision for the Third Plan Projects of the Board under the head "Power" is Rs 2,067·98 lakhs besides a provision of Rs. 1,075 lakhs for power supply to Irrigation Pumpsets under 'Minor Irrigation'. An expenditure of Rs. 305·17 lakhs has been incurred under power and Rs. 155·04 lakhs under power supply to Irrigation Pumpsets during the first two years of the Third Plan. It was expected that the outlay on the schemes during the year 1963-64 would reach Rs. 300 lakhs under both the heads. 532 villages have been electrified and 8,400 pumpsets have been serviced so far during the first 2½ years of the Third Plan against a target of 700 villages and 8,000 pumpsets upto end of third year of the Plan.

To relieve the acute power shortage in the State to some extent the Board has purchased 2 gas turbine generating sets of 10 Megawatts capacity each and the same have been installed at Bangalore at a total cost of Rs. 17·5 crores. The sets were expected to be commissioned by the end of March 1964.

The proposed plan provisions for the year 1964-65 for the various Plan Schemes were as follows: Power Rs.467·00 lakhs ; Minor Irrigation Rs. 390·00 lakhs.

## INDUSTRIES

Production in some of the important industries for 1962-63 and 1963-64 :—

| Industry | Unit | 1962–63 | 1963–64 |
|---|---|---|---|
| Pig Iron .. | M. Tons | 90,870 | 102,324 |
| Crude and Semi-finished Steel. | ,, | 45,741 | 47,780 |
| Finished Steel. | ,, | 40,104 | 41,831 |
| Sugar .. .. | ,, | 129,356 | 119,094 |
| Paper .. .. | ,, | 41.127 | 49,981 |
| Cement '000 .. | ,, | 754·7 | 859·6 |

Main large-scale industries in the State with location : Textiles (Bangalore, Davangere, Bellary, Mysore, Hubli, Gadag, Gokak, Gulbarga); Engineering (Bangalore, Harihar) ; Mineral and Metal (Bangalore, Bhadravati, Bellary, Kolar, Shimoga) ; Food, drink and tobacco (Bangalore) ; Chemicals, dyes, etc. (Bangalore, Mysore) ; Paper and printing (Bhadravati, Nanjangud, Dandeli, Mandya and Bangalore) ; Process relating to wood, stone and glass (all over the State) ; Process connected with hides and skins (Bangalore) ; Gins and presses (Davangere, Belgaum, Bellary, Dharwar, Gulbarga & Raichur) ; Fisheries (Mangalore, Karwar)

Major industries owned by the Union Government located in Bangalore : The Hindustan Machine Tools Ltd. ; Bharat Electronics Ltd. ; The Hindustan Aeronautics Ltd., Bangalore ; The Indian Telephone Industries, Bangalore. Total capital in all these industries amounts to about Rs 35 crores (March 1963). The Kolar Gold Mining Undertakings are also owned by the Govt. of India.

Among the major Mysore Govt. Undertakings are the Mysore Iron and Steel Works at Bhadrawathi. The Mysore Government has been urging the Central Government to locate India's fifth Steel Plant at Hospet in view of abundant and rich ore available there.

An official committee, headed by the Chief Secretary has been appointed to speed up the processing of applications by industrialists seeking to establish new industries. The Government has promised grant of land at concessional rates, water supply and other facilities in order to attract entrepreneurs, so that power produced at the Sharavathi Project is fully utilised.

Government Aided Concerns : Radio & Electrical Manufacturing Co., Bangalore ; Mysore Lamp Works, Bangalore ; Mysore Paper Mills, Bhadravati ; Mysore Sugar Company, Mandya and Mysore Industrial & Testing Laboratory Ltd., Bangalore ; Mysore Spun Silk Mills, Channapatna ; Mysore Chemicals and Fertilisers, Belagula ; Mysore Tobacco Co. curing centres at Mandya, Mysore, Kolar ; Mysore Stoneware Pipes and Potteries, Soladevanahalli, near Chikbanavar Railway Station ; Mysore Coffee Curing Works, Chikmagalur ; Mysore Chrome Tanning Co., Bangalore ; Mysore Water Proofs Ltd. ; H.A.L. Post, Bangalore ; Mysore Match Co. Ltd., Shimoga ; Mysore Vegetable Oil Products, Bangalore ; Mysore Kirloskars Ltd., Harihar ; Mysore Cements, Ammasandra, Tumkur ; Mysore National Paper Mills, Bilgola ; Mysore Lac and Paints, Mysore ; Mysore Fruit Products, Bangalore.

In the public sector are the New Government Electric Factory, Bangalore and the Government Porcelain Factory, Malleswaram, Bangalore. For details see under the main article "Government Industrial Undertakings".

In the private sector the Radio and Electrical Manufacturing Co., Bangalore has taken up an expansion programme to step up production of electricity meters from the existing level of 1,70,000 to 2,75,000 per annum. The Mysore Chemicals and Fertilisers Ltd., Belagula has undertaken the expansion programme to step up the existing capacity of sulphuric acid.

*Electric Lamps :* The Mysore Lamp Works in which Government have been participating both in equity capital as well as management, has also undertaken an expansion scheme involving an outlay of about Rs. one crore. This programme covers, besides stepping up of present production of G.L.S. lamps from 39 lakhs to 80 lakhs per annum, taking up of new production lines such as glass shells, tubes, fluorescent lamps, automobile lamps, telephone switch board lamps, photo flash lamps, cycle dynamo, torch and radio lamps, mercury vapour lamps, etc.

A watch factory has been set up at Bangalore in the Public Sector (as an adjunct to Hindustan Machine Tools) designed to manufacture about half a million full lever watches annually. The Bangalore factory has the collaboration of the Japanese firm, Citizen Watch Company.

### Employment

According to the Planning Commission, the employment situation in the State during the Second Plan period was as follows. The Plan started with an unemployment backlog of 84,000 persons in the urban sector and 1,40,000 persons in the rural sector, or a total of 2·24 lakhs.

The growth of labour force during the Second Plan period was estimated at 5·17 lakhs.

According to present indications, during the Third Plan period there will be an addition of about 9·39 lakh persons to the labour force in the State.

During the Third Plan period, the total outlay on Central Government schemes proposed to be executed in the State (like the Mangalore-Hassan Railway, development of Mangalore Port, West Coast Roads, etc.) is expected to be of the order of Rs. 57 crores. The total additional employment likely to be created on account of these shemes is estimated to be about 1·10 lakhs.

The overall additional employment opportunities likely to be generated during the Third Plan period by Plan investment (both Central and State) may, therefore, be placed at about 5·07 lakhs.

## LABOUR

The Labour Department has taken up several schemes during the Second and Third Five Year Plan periods, and the progress achieved in respect thereof is indicated briefly in the following paras :—

*Labour Welfare Centres :* Six Labour Welfare Centres were started at Mysore, Gulbarga, Bijapur and Yeshwantpur to extend Labour Welfare activities and provide recreation to the workers. These centres worked under the supervision of the Labour Officers of the respective places. The Centres are provided with musical instruments, Radio, indoor and outdoor games materials, sewing machines and toys.

It is contemplated to start nine additional Labour Welfare Centres during the Third Plan period. Four Centres have been started and are functioning at Bijapur, Dandeli, Siddapur and Raichur.

**Expansion of Labour Welfare Activities.**

With a view to educating the working class by means of audio-visual methods such as film shows on improved method of productivity, safety measures, training within industry, etc. 243 shows were arranged during the IInd Plan period. During the Third Plan period, it is proposed to construct buildings to house the Labour Welfare Centres.

*Banking Facilities to the Industrial Workers :* With a view to affording relief to the Industrial Workers indebted to money-lenders, a scheme to provide credit facilities at reasonable rates of interest on co-operative basis was taken up and it is now under the charge of a co-operative officer deputed by the Co-operative Department.

*Apprenticeship Act :* The Apprenticeship Act, 1961 has come into force and the provisions are being implemented in the State in consultation with the Government of India. Under this scheme by 1st July 1965, 916 candidates would have received training.

*Employment Exchanges :* In order to provide quick employment assistance to employment seekers both in private and public sector, a net work of employment exchanges, one in each district has now been established and they are functioning. A Special Employment Exchange exclusively for the physically handicapped persons has been started in Bangalore. With a view to extending the employment assistance to rural areas, four units of Employment Information and Assistance Bureau have also been started at Pavagada, Yadavgiri, Shirhatti and Nagamangala Taluks.

*Factories and Boilers :* The number of factories has increased steadily and there are 3,100 factories on the registers of the Department.

*The Employees' State Insurance Scheme :* In Mysore State, the Scheme was introduced in Bangalore on 28th July 1958 and was extended subsequently to Mysore, Mangalore, Hubli, Dandeli and Belgaum. The total number of beneficiaries so far is 1,50,000 family units. During 1963-64, the scheme was extended to casbew workers at Mangalore. It was brought into effect in Gulbarga and Gokak in 1964. In 1966 another 15,000 workers will come under its coverage with the starting of the scheme at Davangere. Harihar and Kollegal and at a few more smaller centres.

The E.S.I. Corporation meets $\frac{7}{8}$th of the total cost of the medical benefit while $\frac{1}{8}$th of the cost is met by the State Government since provision of medical benefit is the responsibility of the State.

*The Rural Manpower Utilisation Works :* The Scheme for Utilisation of Rural Manpower was first launched in February 1961 with the sanction of 2 projects under the I Series. The II Series of 13 projects was sanctioned in April 1962 while the III series of 25 projects was sanctioned in March 1963. This is a centrally sponsored scheme, with 50 per cent grant and 50 per cent loan given by the Central Government to the State Government.

The main schemes undertaken in this programme are Minor Irrigation, Soil Conservation, Afforestation, Development, Repairs to Field Channels and Road Works.

## HOUSING

The allocation for the four years of the Third Plan under housing was Rs. 261 lakhs.

During 1965-66 i.e. the last year of the Third Plan a sum of Rs. 110 lakhs is provided under Housing Schemes. Thus the total investment for the five years would be about Rs. 371 lakhs under the Plan. Apart from this the Government of India makes available loans out of the L.I.C. of India Fund for the implementation of some housing schemes. So far, a sum of Rs. 4,68,95,000 has been made available by the Government of India from the funds of L.I.C. of India.

**Subsidised Industrial Housing Scheme :—** A provision of Rs. 80 lakhs was made under this scheme for the Third Plan period and the target fixed was 2,250 houses. In the first three years of the Third Plan 1,154 houses had been constructed at an expenditure of Rs. 41·50 lakhs. A sum of Rs. 14 lakhs was provided during 1964-65 with a physical target of 450 houses. The total number of houses completed upto the end of December during 1964-65 is 369 (including those constructed in the Co-operative and Employers' Sector). A sum of Rs. 12·16 lakhs was spent. A sum of Rs. 32 lakhs is provided for 1965-66 with a physical target of 600 houses.

**Low Income Group Housing Scheme :—** The Third Plan provision under the scheme is Rs. 275 lakhs for achieving the target of 3,300 houses. In the first three years of the Plan period about 1,800 houses were completed; a sum of Rs. 110-50 lakhs was spent under the scheme. During 1964-65 a sum of Rs. 28 lakhs was allotted for the construction of 750 houses. An expenditure of Rs. 25·87 lakhs was incurred, 184 houses have been completed upto the end of December 1964. 525 houses were under various stages of construction. A provision of Rs. 52 lakhs is made during 1965-66 and the physical target proposed to be achieved is 750 houses.

**Subsidised Rental Housing Scheme :—** This scheme was introduced by the Government of India during 1962-63 for the benefit of the weaker section of the community. The scheme contemplates allotting houses on rental basis to persons whose annual income does not exceed Rs. 2,400. The Government of India have permitted to utilise about $\frac{1}{3}$ of the provision made under the Low Income Group Housing Scheme for this scheme. The scheme carries 25% of subsidy and 75% of loan. About Rs. 14 lakhs will be spent under this scheme during 1965-66.

**Plantation Labour Housing Scheme :—** The total provision for the Third Plan was Rs. 8 lakhs for constructing about 416 houses. During the year 1963-64 three projects involving a loan of Rs. 1·15 lakhs were sanctioned for the construction of 60 tenements. During 1964-65 sanction has been accorded for the construction of 50 houses involving an assistance of Rs. 96,000. A sum of Rs. 70,000 was disbursed upto December 1964 under the scheme. 50 houses are under various stages of construction. The provision for 1965-66 under the scheme is Rs. 4 lakhs for the construction of 200 houses.

**Slum Clearance Scheme :—** This is a Centrally Sponsored Scheme. The Third Plan provision was Rs. 80 lakhs of which Rs. 20 lakhs was the share of the State.

So far projects costing about Rs. 75·9 lakhs and envisaging the construction of 907 tenements and 2,965 plots were sanctioned. 807 dwelling units have been completed and about 700 dwelling units—plots and tenements are under construction. During 1964-65 an amount of Rs. 6 lakhs has been spent under the scheme.

There has been a set back in the implementation of the scheme as the High Court of Mysore have declared the Mysore Slum Clearance Act as void and inoperative. But the question of providing alternative sites to slum dwellers by private negotiations is however being pursued.

**Land Acquisition and Development Scheme :—** In the first year of the Third Plan, the Government of India released Rs. 10·5 lakhs out of its own resources. From 1962-63 onwards amounts are being made available from L.I.C. of India. A total amount of Rs. 70 lakhs has been received upto 31st March 1965. The City Improvement Trust Board, Bangalore and Mysore, the Hubli-Dharwar Municipal Corporation and the Mangalore Municipality have taken up the implementation of the scheme. 440 acres of land have been acquired and 50 acres have been developed under the scheme.

**Rural Housing Project Scheme :—** For the Third Plan a provision of Rs. 100 lakhs has been made with a target of 10,000 houses spread over 750 villages. The Government of India have authorised to implement the scheme only in 300 villages and in addition permission has also been accorded to take up 50 more villages which are affected by flood and fire. At present the scheme is in implementation in 320 villages, including 18 flood affected villages.

For the year 1964-65 a provision of Rs. 8 lakhs has been made for implementing the scheme.

At the end of December, 1964, the overall position was :—

| | |
|---|---|
| (1) Total number of houses taken up for construction from the inception .. .. .. | 6,375 |
| (2) Total number of houses completed from the inception .. | 3,515 |
| (3) Total number of houses at various stages of construction .. | 2,860 |

A loan of Rs. 5 lakhs has been obtained from the Life Insurance Corporation. This provision is intended to implement the scheme in flood and fire affected villages only. Up to the end of Dec. 1964, a sum of Rs. 0·62 lakhs has been spent out of the provision of Rs. 5 lakhs.

## SMALL-SCALE INDUSTRIES

Important cottage industries showing their centres in Mysore State within brackets: Lacquerware (Chennapatna, Gokak, Nelamangala, Chikmagalur and Shimoga); Sandalwood carving (Sagar, Sorab, Mysore); Ivory and Inlay works (Sagar, Sorab, Mysore); Brass works (Nelamangala); Rattan work (Mysore, Chikmagalur, Shimoga and Sagar); Bidriware (Bidar); Glass Bangle making (Yeshwantpur and Ghodgeri); Mat weaving (Kengeri, Amruthur, Nagamangala, Hassan, Kumblur, Anandapuram and Hiriyur); Leather stitching (Birur, Sagar, Doddasiddavanahally, Indi, Ramdurg, Ashani, Sandatti and Karwar); Pottery (Ramanagaram, Khanapur, Madikebeedu and Krishnarajapura); Tile-making (Mangalore); Coir Industry (Mangalore, Karwar); Agarbatti (Mysore, Bangalore); Cotton Hosiery (Shahapur).

The important centres for small scale industries are Bangalore, Belgaum, Tumkur, Hubli, Hospet, Bhadravati and Mangalore. All these industries have an investment less than Rs. 5 lakhs each.

Among the important products that have got all-India market, the following are noteworthy: Cycle Dynamo Lamps; Centre lathes; Wood working machinery; Punch presses; Ornamental lamps; Charcoal Irons; Pooja articles of non-ferrous metals.

Apart from the above, the State also produces oil-engines, pressed-metalware and components for large-scale industries located in the State.

During 1959, a firm manufacturing pressure cookers entered the field.

There are 8 industrial estates in the State located at Bangalore, Mysore, Hubli, Belgaum, Harihar, Mangalore, Gulbarga, and Ramnagaram. 200 sheds were available for industries by April 1962. The estates at Bangalore, Mysore and Hubli have commenced work and the other estates are getting accommodation ready for industrialists to move in.

Thirty new industrial estates were sanctioned during 1962 to be taken up during the Third Plan, besides 19 development areas. Construction work at Jamkhandi, Bijapur, Mercara, Bellary, Shiralkoppa, K.G.F. and Chickmagalur, had been taken up during 1963-64.

During the Second Plan a sum of Rs. 125·178 lakhs was spent against the Plan provision of Rs. 107·68 lakhs in giving training to artisan in model carpentry and smithy centres, giving financial assistance to industrial co-operatives and small-scale industrialists, etc. During the Third Plan, the total expenditure during the first three years would be of the order of about Rs. 90 lakhs as against the target of about Rs. 103 lakhs.

*Sericulture :* The area under mulberry will reach more than 2 lakhs before the end of the Third Plan. Similarly there has been corresponding increase in respect of families engaged in the industry.

The production of silk which was round about 10 lakhs of pounds before the Plans started, is now nearly 22·5 lakhs of pounds and the most noteworthy feature is that as against production of nearly 75,000 pounds of quality silk in the over-all production before the Plans started, it is now nearly 9 lakh pounds and this indeed is a remarkable achievement of the industry in the State.

The State has a programme to increase the production of filature silk from the normal 1·25 lakhs per annum to 4 lakhs pounds and steps have been taken already by the State to increase the production steadily. The year 1963-64 was expected to end with a total production of 2·5 lakhs of pounds of filature silk and before the end of the Third Plan, this State would have reached a production of 3·5 lakh pounds.

The number of Seed Stations came up to 38 at the end of the Second Plan and in the middle of the Third Plan the number was 48.

The scheme of running Chawki Centres requires special mention. Now there are at least 60 Centres functioning and before the end of the Third Plan period there will be nearly 108 centres.

For the utilisation of the bye-product of the industry, namely, silk waste, Government's Spun Silk Mills has been functioning satisfactorily and a programme has been planned to replace 1,500 spindles with imported ones so as to improve the quality of what is produced and also reduce the cost of production.

## MINERALS

*Mineral Production :* **Minerals showing, within brackets, the location, average annual quantity in tons and value in Rs. respectively ; (Figures for gold and silver are given earlier).** Asbestos (Hassan ; 170 : 25,000) ; Chromite (Hassan ; 4,000 : 3,00,000) ; Felspar (Kolar ; 600 : 15,000) ; China Clay (Bangalore, Hassan, Shimoga and Tumkur ; 30,000 : 4,10,000) ; Limestone (Shimoga, Gulbarga and Bijapur ; 8,00,000 : 8,00,000).

Total number of men employed : About 45,000.

Number of men employed in each mineral industry : Gold (30,000) ; Other minerals (15,000).

*Second Five Year Plan :* Plan provision Rs. 7,77,700 ; Expenditure Rs. 7,63,556.

*Third Five Year Plan :* Plan provision Rs. 25,00,000 ; Provision for two years Rs. 12,20,500.

## MINES AND GEOLOGY

During the Second Five-Year Plan two schemes namely (*a*) Investigation for sulphide ore near Ingaldhal, Chitradurga District, and (*b*) Investigation for iron ore in the West Coast areas of the State were taken up.

The investigation under sulphide scheme has been helpful in proving the reserves of iron pyrites at about 2 million tons.

Under the iron ore investigation schemes survey and prospecting conducted in parts of South Kanara, North Kanara and Shimoga Districts has resulted in the location of iron ore deposits estimated at about 90 million tons within a distance of 50-60 miles from the West Coast Ports of the State.

During the first three years of the Third Plan period, the following minerals have been located and their reserves assessed :—

(1) *Iron ore.*—Iron ore deposits estimated at about 500 million tons of exportable grade have been proved in the Bababudan Hill, Chikmagalur District ; near Kodachadri and Kotebore, Shimoga District ; near Kalche, Kodalgadde, Sunksal, etc., North Kanara District ; near Karekurchi, Habbigegudda, Janehar, Tumkur District and Vajra, Lakkihalli Bheemasamudra, etc., Chitradurga District. This is in addition to the ore reserves in the Bellary-Hospet area, where a reserve of about 1,000 million tons is assessed.

(2) High Calcium Limestone—occurring between Bagalkot and Yadwad, Bijapur-Belgaum Districts have been mapped in detail and some of them have also been prospected by drilling. So far about 600 million tons of limestone are assessed. Further prospecting is under progress. The high calcium limestone deposits near Nagargali, North Kanara District and those in Hosadurga Taluk, Chitradurga District, were also mapped in detail and the reserves are assessed at 30 million tons and 50 million tons, respectively.

(3) *Fuller's Earth.*—Fuller's Earth deposits suitable for refining of mineral and vegetable oils occurring near Korvi and other villages, Chincholi Taluk, Gulbarga District, have been prospected and estimated to contain about 2 million tons.

(4) *Bauxite.*—The surveys conducted for Bauxite deposits in Belgaum District have revealed the occurrence of about 2 million tons of Bauxite.

### Hutti Gold Mines (Raichur Dist.)

The Hutti Gold Mines Company in which the Government of Mysore holds a controlling interest has taken up the implementation of the exploratory development scheme at an estimated cost of Rs. 251 lakhs. The scheme, in general, covers initial exploration of the known reefs and any further reefs discovered during the scheme down to a maximum depth below surface of 1,500 feet and latterly throughout the known length of the reefs with periodical assessment of the payable ore exposed by this development.

**Board of Mineral Development :**—The Board of Mineral Development is a Departmental venture of the Government in the field of mining and export. Besides export of Iron Ore and Manganese Ore, it deals with the mining and sale within India of commodities like Chrome Ore, Clay, Graphite, Quartz, Feldspar, Soapstone, etc. The export is at present restricted to Iron Ore and Manganese Ore. This commercial venture is a foreign exchange earner, and during the year 1963-64 the export of Iron Ore and Manganese Ore to foreign markets totalled up to 4·62 lakh tonnes, securing a foreign-exchange component equivalent to Rs. 126 lakhs.

During 1964-65 the sales were expected to touch Rs. 1·5 crores.

## PUBLIC HEALTH (1964-65)

Mysore State has 208 hospitals, with 19,000 beds, 800 dispensaries, 4,500 registered doctors, 1,700 registered nurses, 1,750 midwives, 450 primary health units, 19 national malaria eradication programme units, one national filaria control unit, 10 subsidiary leprosy units, 12 district medical laboratories and 92 family planning centres.

Ayurvedic hospitals 8, Ayurvedic dispensaries 500 ; Unani dispensaries 71 and Homeopathic dispensaries 10.

### Third Plan—Physical Targets and Achievements

Total III Plan Provision Rs. 432·850 lakhs. Total expenditure for the period from 1st April '61 to 31st Dec. '64 : Rs. 307·991 lakhs.

*Hospitals and Dispensaries :* **The main feature of the proposed development was to provide increased in-patient accommodation in hospitals, in order to meet the needs of the rapid increase in the population in the urban areas. Accordingly, it was proposed to establish 2,500 additional beds in Hospitals, of which 1,167 have been established upto Dec. 1964. Buildings are under progress for providing about 1,300 more beds.**

240 more beds have been provided at the Mental Hospital, Bangalore.

180 additional beds have been established for T.B. patients out of the target of 300 beds.

In all about 3,000 additional beds are likely to be established by the end of the IIIrd Plan, raising the total number from 14,000 to 17,000 beds. But, for a population of 240 lakhs at least 24,000 beds have to be provided and hence this scheme is proposed to be continued in the IV Plan also, to provide another 3,000 additional beds.

As against III Plan target of establishing 5 Blood Banks, 5 Dental Clinics, 8 T.B. District Centres, 5 V. D. Clinics, and 3 Children Guidance Clinics, it has been possible to achieve 2 Dental Clinics, 3 T.B. Clinics, 6 T.B. District Centres, 1 V.D. Clinic, and 1 Child Guidance Clinic. Sanction has been received for 3 Blood Banks and one more Dental Clinic, which are under the process of being started.

Against the proposal to provide 13 Ambulance Vans, only one could be provided. Steps are being taken to purchase the required number.

**Medical Education :**—At the commencement of the Third Plan, the total admission capacity of the four Medical Colleges in the State was 640, which has since been raised to 1,220 by providing 140 additional seats in existing colleges, and 440 seats in four new Medical Colleges. Out of these four new Colleges, three are maintained by private agencies at Bangalore, Belgaum, and Gulbarga, and one run by Government at Bellary.

It is anticipated that roughly about 2,224 doctors would pass out during the III Plan period and about 3,400 during the IV Plan period.

Nine Full-time Teaching Units have been started in Medical Colleges, as against 15 proposed. Post-Graduate courses have been started as per target in two Medical Colleges, in M.S., M.D., D.O.M.S., M.Sc., (Anatomy), and M.Sc., (Pharmacology), with 40 seats in all.

With a view to providing teachers for Medical Colleges, and specialist services at District Hospitals, 168 Officers have been deputed for higher studies in India and abroad.

The Dental College of the State has an admission capacity of 30 students.

*Training :* As per target 300 additional candidates have been admitted for Nurses' Training Course.

In addition to continuing the training course for para-Medical personnel such as Radiographers, X-ray Technicians, Laboratory Technicians, compounders, etc., the following new courses for Physio-Therapists, Orthopists, Opticians and Refractionists and Health Visitors (TB) were started.

*Control of Diseases (Tuberculosis) :* The ten B.C.G. teams continued functioning during the III Plan period, with a target of testing 2 million persons. At the end of Dec. 1964 about 1·78 million have been tested.

The All-India Mental Health Institute and the National Tuberculosis Institute are located in Bangalore. These are national institutions.

*Venereal Diseases :* Five Special V. D. Clinics have been established at Gulbarga, Kolar, Shimoga, Mandya and Bijapur. A Mobile V. D. Clinic has been functioning at Ankola in North Kanara District.

*Family Planning :* A State Family Planning Board was constituted in the year 1957 and a full-time Officer, designated as the "State Family

Planning Officer" was appointed. A large number of Family Planning Centres were started in the various parts of the State during the First and Second Plan periods.

In May 1965, there were 114 rural family planning welfare organisations and 8 urban family planning units.

No. of mobile vasectomy units: 4; no. of operations upto 1963-64 : 10,536.

Three Regional Family Planning Training Centres have been established at Ramanagaram, Mysore and Mangalore.

*Laboratories :* The Public Health Laboratory at Bangalore has been up-graded and 12 District Laboratories have been established in the Districts. The Vaccine Institutes at Bangalore and Belgaum have been expanded to cope with the increasing demand for smallpox vaccine.

## EDUCATION

A Women's polytechnic with 80 seats was started in 1960-61. Besides, a Sainik school has been established at Bijapur.

Compulsory education for the age-group 6-7 was introduced during 1961-62 and for the age-group 7-8 in 1962-63.

**Third Plan :** The total outlay under General Education for the Third Plan is Rs. 1,451·72 lakhs of which the provision for Elementary Education is Rs. 1,051·21 lakhs.

It has been announced that secondary education will be made totally free by the first year of the IVth Plan. It is estimated that nearly five lakh pupils will be covered by the free secondary education scheme. Already 85 to 90 per cent of secondary school pupils receive free education which is available to children of parents whose annual income is less than Rs. 2,400.

There are four universities in Mysore State : (1) Bangalore University, Bangalore ; (2) Mysore University, Mysore ; (3) Karnatak University, Dharwar ; (4) Agricultural University, Hebbal, Bangalore.

*Primary Education :* An Institute of Education started functioning at Dharwar from 1963-64. The aim of the institution is to raise the standard of teaching in the primary school giving training to the Primary School teachers.

*Secondary Education :* As many as 522 high schools have been established during the four years of the Third Plan.

Four Youth Vocational Training Centres have been established during 1964-65 under Central Govt. scheme aided by UNICEF. This scheme will impart vocational training to students who do not continue high school education after the VIIth standard.

*Hindi Education :* The Third Plan saw the establishment of 3 Hindi Shikshak Training Colleges in the State. 4,375 Hindi Teachers' posts have been sanctioned for teaching of Hindi as a compulsory subject in senior primary schools. 240 Hindi teachers for high schools have also been sanctioned.

*Technical Education :* During the Third Plan period upto Dec. 1964 two polytechnic for women, one school of arts and crafts and two junior technical schools were started.

There is now at least one polytechnic in each District of the State.

## REGIONAL INSTITUTE OF ENGLISH, MYSORE

6-A, Cunningham Road, Bangalore.

Established by the Governments of the four Southern States—Viz., Mysore, Andhra Pradesh, Madras and Kerala with the cooperation of the British Council to offer intensive training to key personnel in the field of English language teaching in these States.

The Institute gives training in the teaching of English in the first six years of school to graduate teachers and Deputy Inspectors of Schools. The trainees are selected and deputed by the respective State Governments. Admission is not open to any one not deputed by the State Governments.

The Board of Governors of the Institute comprises the Secretaries of Education of the four States, Directors of Public Instruction of the four States, a representative of the Union Ministry of Education, a representative of the British Council, the Director of the Central Institute of English, Hyderabad and the Director of Studies of the Institute.

*Chairman :* T. R. Jayaraman, Education Secretary, Mysore.

*Other functions :* (*i*) to improve the standards of teaching of English in Primary and Secondary Schools in the four sponsoring States ; (*ii*) to train English teachers ; (*iii*) to undertake and facilitate conferences, seminars, etc., in the teaching of English ; (*iv*) to prepare suitable textbooks, guidance and other material for teachers at various levels ; (*v*) to afford help to the four States in drawing up the syllabus in English.

The courses at the Institute are of 5 months' duration. The first course started on 7th October 1963 with 85 trainees.

## MYSORE STATE ROAD TRANSPORT CORPORATION

Bangalore 1.

The Mysore State Road Transport Corporation has recorded considerable progress during 1964. The fleet strength of the Organisation was 1,922 passenger vehicles and 106 departmental vehicles and the labour force 13,320 as on 1st January 1965. The Passenger Transport Services are operated on 1,600 routes covering a route mileage of 49,951 miles and catering to the transport needs of more than 5·27 lakh passengers every day all over the State. With the nationalisation of services in Hassan and Mysore pockets and augmentation of services in the old pockets, the Road Transport Operations of the Corporation are spread over more than ⅘ of the Mysore State.

The capital investment in the Road Transport Corporation has increased to Rs. 12·79 crores as on 31st March 1964. The Corporation has earned a gross revenue of Rs. 9·59 crores during the year 1963-64 and the operations have yielded a net surplus of about Rs. 54 lakhs after meeting all the working expenses during the year, compared with Rs. 52·76 lakhs in 1962-63.

The programme of the Corporation during 1965-66, envisages a plan outlay of Rs. 171 lakhs made up of Rs. 30 lakhs to be provided by the Government of Mysore under the Plan Budget and a matching contribution of Rs. 10 lakhs by the Central Government and the remaining amount to be financed from the internal sources of the Corporation.

Total length of Railway : 2,699 kilometres ; Broad gauge 483 kilometres ; Metre gauge 2,062 kilometres ; Narrow gauge 154 kilometres.

The most significant development regarding Mysore's ports during the past few years has been the development of the mineral ore export programme in the State. Large resources of iron and manganese ore deposits spread over Hassan, Tumkur, Bellary, Chickmagalur, South Kanara and Belgaum Districts. The ports in Mysore State are, therefore, ideally situated for the export of these iron and manganese ores westwards towards Europe. Since it has been estimated that the capacity of the ports to ship mineral ore during the Third Plan will fall short of actual requirements by about three million tons towards 1965-66, top priority has been given for the development of Mangalore and Karwar into all weather deep draft ports. Simultaneously with the development of capacity at these ports, five main feeder roads to Karwar, Mangalore and Honnavar from the Mysore plateau and the ore mining areas are being constructed at a cost of over Rs. 9 crores in order to facilitate the transport of mineral ore to these ports. In addition, the 123-mile Hassan-Mangalore rail link has also been included under the Central Sector of the Third Five-Year Plan.

The development of Mangalore port into a major port at a cost of Rs. 13 crores has been taken up.

In regard to communications, the P.W.D. has exceeded the Plan ceiling of Rs. 9 crores in the first two years of the Plan period.

Number of minor ports : 2 ; Coastline : 200 miles.

No. of airports 3 ; No. of airstrips 4.

## TOURISM

No. of foreign tourists : 1962-63 : 1,846 ; 1963-64 : 2,244 ; 1964-65 : 2,768.

Rest houses and roads have been built in places of tourist importance. A new scheme known as the "fair price shops scheme," has been sponsored in order to sell articles of indigenous origin, which are of special interest to tourists, at reasonable prices. A hospitality scheme has been sponsored under which foreign tourists are entertained by the local people. There is a State Tourist Development Council, headed by the Home Minister.

## MYSORE STATE FINANCIAL CORPORATION

(*See "Under State Corporations".*)

## PLAN PROGRESS

Mysore has just completed four years of the Third Plan (April 1965). As against the Plan outlay of Rs. 250 crores, an expenditure of nearly Rs. 200 crores is anticipated so far, leaving a programme of about Rs. 50 to be fulfilled in 1965-66, according to the original target.

Expenditure under certain heads like minor irrigation, communications, fisheries and large and medium industries will have exceeded the Plan outlay.

For 1965-66, the State government prepared a plan of Rs. 56·16 crores. On present calculations, the Plan will in effect be of the order of Rs. 48·16 crores.

A preliminary memorandum of Mysore's Fourth Plan shows an outlay of Rs. 500 crores. The allocations broadly in Rs. crores are: Agricultural programmes including Community Development 125; Irrigation and power 203·50; Transport and communications 35; Industries 35; Social services 100; Miscellaneous 1·50; Total 500.

The State income at the end of the Third Plan is expected to be Rs. 771·66 crores and per capita income Rs. 304.

### Agricultural Production

One of the foremost objectives of the Third Plan of the State is the achievement of self-sufficiency in food and increasing agricultural production in general. The Plan had fixed the additional targets of foodgrains at 10 lakh tons, taking the total food production from 38·5 lakhs to 48·5 lakh tons. In addition to food-production target, the production of oil seeds is targeted to increase from 7 lakh tons to 8·75 lakh tons, Sugarcane Gur from 4·1 lakh tons to 5·6 lakh tons and Cotton from 5 lakh bales to 7·5 lakh bales.

During the first three years of the Third Plan, agricultural production had increased only by 6 per cent.

The production of important agricultural commodities for 1963-64 is given along with the targets for 1965-66.

(000 Tons)

| Commodities | 1963-64 | 1965-66 (target) |
|---|---|---|
| Cereals .. .. .. | 3,719 | 4,580 |
| Pulses .. .. .. | 308 | 374 |
| Sugarcane (Gur) .. | 618 | 560 |
| Cotton (000 bales) .. | 436 | 750 |

1963-64 figures are final forecast estimates.

During 1963-64 the level of food production has been 40·27 lakh tons and the target at the end of the Third Plan period is of the order of 48·54 lakh tons. The Third Plan target in respect of Sugarcane production has already been fulfilled. For 1964-65 preliminary forecast estimates available indicate that the level of food production is likely to reach the level of about 41·35 lakh tons.

### Industrial Development

The performance in the industrial sector has been a bit brighter. The figures of production in m. tons for 1963-64 and 1964-65 of some selected industries are given in the following table.

| Industry | 1963-64 | 1964-65* |
|---|---|---|
| Pig Iron .. .. | 102,324 | 75,087 |
| Crude and semi-finished Steel .. .. .. | 47,780 | 31,256 |
| Finished Steel .. .. | 41,831 | 43,154 |
| Sulphuric Acid .. .. | 5,342 | 3,861 |
| Superphosphate .. | 6,797 | 6,245 |
| Sugar .. .. .. | 119,094 | 75,159 |
| Paper .. .. .. | 49,981 | 37,827 |
| Cement† .. .. | 859·6 | 622·5 |

* Figures for 1964-65 relate to 9 months from April to December. †Figures are in '000 m. tons.

# EDUCATIONAL INSTITUTIONS

## BANGALORE UNIVERSITY

Bangalore 1.

*Chancellor:* V. V. Giri, Governor of Mysore.

*Vice-Chancellor:* T. R. Jayaraman (Provisional).

*Registrar:* P. Mallikarjunappa, M.Sc.

The Bangalore University established under Mysore Act No. 26 of 1964 was inaugurated on July 10, 1964 but the Act came into full operation on 26-11-1964 when 32 Colleges located in the Bangalore City came under its jurisdiction. Previously these Colleges were affiliated to Mysore University. Jurisdiction of the University extends over the Bangalore Urban District but Colleges of Agriculture and Veterinary Sciences are excluded.

Total enrolment in the University and Colleges constituent is 17,803, consisting of 12,989 men and 4,814 women. There are 1,064 teachers (808 Men, 256 Women) giving a Teacher-pupil ratio of 1 : 16·7.

The University provides facilities for training and research in the faculties of: (*a*) Humanities and Social Sciences, (*b*) Science, (*c*) Engineering and Technology, (*d*) Law, (*e*) Medicine.

There are 32 departments of study. Post graduate facilities are available in Medicine, Surgery, Structural Engineering, Mechanical Engineering, Home Science, Chemistry, Physics, Mathematics, Botany, Zoology, Geology, English, Kannada, Economics, Sociology and Law (Jurisprudence and Contracts).

Undergraduate training is available both at Pass and Honours level (in some subjects).

A new campus of the University is likely to come up over an extensive site covering 1,100 acres of land on the Bangalore-Mysore Road.

### Constituent Colleges

*Arts, Science and Commerce Colleges:* Central College; Government Arts & Science College; V. H. D. Institute of Home Science; R. C. College of Commerce; Maharani's College for Women; National College; Vijaya College; St. Joseph's College; Sri Renukacharya College; Mount Carmel College; M. E. S. College of Arts and Science (1956); Acharya Pathashala College of Arts, Science and Commerce; K. L. E. Society's College of Arts and Science; Dayananda College of Science; B. M. S. College for Women.

*Law Colleges:* Government Law College; Sri Renukacharya Law College; B. M. S. Law College (1963); K. L. S. College of Law (1963).

*Teachers Training Colleges:* R. V. Teachers College; Vijaya Teachers College; M. E. S. Teachers College (1958).

*Medical Colleges:* Bangalore Medical College; Medical School, Bangalore. Dental College; All India Institute of Mental Health: St. John's Medical College.

*Engineering Colleges:* University College of Engineering; B. M. S. College of Engineering; M. S. Ramaiah College of Engineering; R. V. College of Engineering.

*Technological Institute:* Sri Krishnarajendra Silver Jubilee Technological Institute.

## KARNATAK UNIVERSITY

Dharwar 3.

Founded in 1949. A Teaching and Affiliating University having jurisdiction over the districts of Belgaum, Bellary, Bidar, Bijapur, Dharwar, Gulbarga, North Kanara, in Mysore State.

Faculties: Humanities, Physical Sciences, Social Sciences, Law, Agriculture, Engineering and Medicine; Medium of Examination is English; Teaching departments 23; Affiliated Colleges 44; Recognised Institutions, nil; Constituent Colleges 4.

*Chancellor*, V. V. Giri, Governor of Mysore.

*Vice-Chancellor*, D. C. Pavate, M.A. (Cantab.).

*Registrar*, S. S. Wodeyar, M.A., LL.B.

Total number of students (1963-64): 20,459; (1964-65): 23,403.

BUDGET—1964-65 (ESTIMATES)

### BOARD OF CONTROL FOR CRICKET IN INDIA
No. 34, 16th Cross Road, Malleswaram, Bangalore-3.

### CENTRAL LEPROSARIUM
Magadi Road, Bangalore 2.

### CENTRAL MACHINE TOOL INSTITUTE
(*A Government of India Society*)
Tumkur Road, Bangalore 22.

This Institute which is established by the Government of India with the financial and technical collaboration from the Government of Czechoslovakia, has commenced its technical activities in July 1965. Some of the technical staff of the Institute have been trained by the Research Institute for Machine Tools and Cutting Tools, Prague, Czechoslovakia. There are Czech experts to initiate the work of the Institute in the early stages. The main objectives of the Institute are :—

I. DEVELOPMENT OF MACHINE TOOLS: (a) to design and develop machine tools, (*b*) to standardise machine tool elements, (*c*) to standardise tools, (*d*) to undertake the manufacture of prototypes, (*e*) to undertake testing and assessment of proto-types for the machine tool industry, and (*f*) to make available the facilities of a measuring laboratory to the industry. II. TRAINING: To train designers and design personnel for the machine tool industry. III. MACHINE TOOL RESEARCH: (*a*) to conduct research on the methods of calculation used in the design of machine tools, (*b*) to conduct research on the behaviour of machine tools and their elements and (*c*) to conduct research on hydraulic, elctrical and electronic control systems of machine tools. IV. RESEARCH IN METAL CUTTING: (*a*) to study machineability, (*b*) to undertake tool research and (*c*) to undertake research in production processes; V. INFORMATION AND DOCUMENTATION: (*a*) To undertake documentation of machine tools and cutting tool literature and patents and (*b*) to undertake dissemination of technical information. VI. To collaborate with other institutes in allied fields.

The Institute has developed a ring type dynamometer which can measure applied force upto 1,000 Kg. and can be used for example, in the testing of drilling machines and other machine tools. One of the important activities of the Institute is to test existing models of machine tools which are under production in the country as well as to undertake a systematic study of the prototypes of machine tools which are being developed by the machine tool industry. Design work and fabrication of prototypes of simple machine tools such as drilling machine, grinder, threading machine are already on hand.

*President :* Prof. M. S. Thacker; *Jt. Director :* R. V. Ramiah.

### CHILDREN'S BOOK COUNCIL
Jayanagar, Mysore-5.

*President,* Rajasevaprasakta Rao Bahadur M. Ramaswamy; *Vice-President,* Dr. D. Javare Gowda; *General Secretary,* N. Nagesa Rao, M.A.

### COMMONWEALTH INSTITUTE OF BIOLOGICAL CONTROL
(Indian Station)
P.O. Box 1503, Bangalore 6.

*Entomologist in Charge :* Dr. V. P. Rao.

### THE ELECTRICAL MERCHANTS' ASSOCIATION
Shankara Bldgs., Chickpet, Bangalore 2.

*President :* H. G. Mehta, D.M.E.; *Hon. Secretary :* J. Sumermal; *Hon. Treasurer :* L. K. Jain.

### FEDERATION OF INDIAN PHOTOGRAPHY
50, Sri Rama Mandir Road, Bangalore 4.

*President :* Dr. K. L. Kothary; *Vice-President:* P. N. Mehra; *Secretary:* Dr. G. Thomas.

### GOKHALE INSTITUTE OF PUBLIC AFFAIRS
Narasimharaja Colony, Basavangudi, Bangalore 4.

Education of public for democratic citizenship through cultural and civic activities. (Lib. 20,000 vols.); Sunday Classes; Popular Saturday lectures; Civic Vigilance; Memoranda on Public Grievances, Legislative Measures, etc. *Publication :* Monthly *Public Affairs* (Subscn. Rs. 4/-).

*Hon. Secretary :* Dr. D. V. Gundappa, D.Litt. *Hon. Treasurer :* M. P. Somasekhara Rau, B.A., LL.B.

### HANDLOOM CLOTH MERCHANTS' ASSOCIATION (Regd.)
Marwadi Temple Lane, Chickpet, Bangalore 2.

### "HOME MANAGEMENT"
"DHAMMAPADA", 1st Main V Block, Kumarapark West Extension, Bangalore 20.

Conducts practical class for women in Home Management. Voluntary-non-profit making organisation.

*Organising Director :* Mrs. Leelavati M. Rao, M.A., M.Ed., Dip. Montessori.

### THE INDIAN ACADEMY OF SCIENCES
Hebbal P.O., Bangalore 6.

*President :* Sir C. V. Raman.

### INDIAN DAIRY SCIENCE ASSOCIATION
Hosur Road, Bangalore.

*President :* V. Kurien; *Hon. Jt. Secretaries :* S. R. Sampath, Dr. H. L. Mathur.

### INDIAN INSTITUTE OF SCIENCE
Bangalore 12.

The departments of the Institute provide facilities for post-graduate research in : Inorganic Chemistry, Physical Chemistry, Organic Chemistry, Biochemistry, Physics, Aeronautical Engineering, Internal Combustion Engineering, Metallurgy, Electrical Engineering, Mechanical Engineering, Civil and Hydraulic Engineering, High Voltage Engineering, Electrical Communication Engineering, Chemical Engineering, Pharmacology, Fermentation Technology and Applied Mathematics. Facilities for research in Industrial Engineering and Administration, Economics and Industrial Psychology also exist.

There is also provision for post-graduate instruction in : 1. Aeronautical Engineering—(a) Aircraft Structures, (b) Aerodynamics. 2. Civil Engineering—(a) Structural Engineering, (b) Hydraulics, (c) Soil Mechanics and Foundation Engineering. 3 Electrical Communication Engineering—(a) Advanced Electronics, (b) Line Communication and Broadcast Engineering. 4. Electrical Engineering—(a) Applied Electronics and Servomechanism, (b) Power System Engineering, (c) High Voltage Engineering. 5. Mechanical Engineering—(a) Heat Power Engineering, (b) Foundry Science and Engineering, (c) Machine Design, (d) Internal Combustion Engineering, (e) Automobile Engineering. 6. Chemical Engineering—(a) Chemical Processes and Plant Design, (b) Transfer Processes. 7. Metallurgy—(a) Physical Metallurgy, (b) Chemical Metallurgy, and for background teaching in Economics and Social Sciences and instruction in French and German. The departments are well equipped and have adequate staff.

A fuels and lubricants laboratory was started on July 2, 1955.

The Library of the Institute contains about 89,700 volumes of journals and books.

*Conferments :* The following are the degrees that may be awarded by the Council of the Institute, in the different Faculties :—

1. *By research :* In the Science Faculty : Doctor of Philosophy (Ph.D.), Doctor of Science (D.Sc.).
   In the Engineering Faculty : Master of Science (M.Sc.), Doctor of Philosophy (Ph.D.), Doctor of Science (D.Sc.).
2. *By examination* (in Engineering Faculty): Bachelor of Engineering (B.E.) Degree in : Electrical Communication Engineering, Electrical Technology, Metallurgy.

Master of Engineering (M.E.) Degree in : 1. Aeronautical Engineering : (a) Aircraft Structures, (b) Aerodynamics. 2. Civil Engineering, (a) Structural Engineering, (b) Hydraulics. (c) Soil Mechanics and Foundation Engineering. 3. Electrical Communication Engineering (a) Advanced Electronics, (b) Line Communication and Broadcast Engineering. 4. Electrical Engineering, (a) Applied Electronics and Servomechanism, (b) Power System Engineering, (c) High Voltage Engineering. 5. Mechanical Engineering, (a) Heat Power Engineering, (b) Foundry Science and Engineering, (c) Machine Design, (d) Internal Combustion Engineering, (e) Automobile Engineering. 6. Chemical Engineering, (a) Chemical Processes and Plant Design, (b) Transfer Processes. 7. Metallurgy, (a) Physical Metallurgy, (b) Process Metallurgy.

Honorary Fellowships of the Institute may, on the recommendation of the Council, be conferred by the President of India who is the Visitor of the Institute on persons who have attained eminence in the field of science and industry.

The Scientific work of the Institute is recorded in the Journal of the Indian Institute of Science, published every quarter in January, April, July and October.

Budget estimates for 1965-66 : Rs. 99·06 lakhs (recurring) Rs. 52·43 lakhs (non-recurring).

*Founder :* J. N. Tata.

*Visitor :* The President of India.

*President of the Court :* J. R. D. Tata.

*Chairman of the Governing Council :* Prof. R. Choksi, M.A.

*Director :* Dr. S. Dhawan, M.A. (Punjab), B.Sc. (Engg.) (Punjab), M.Sc. (Minnesota), Ae.E. (Cal. Tech.), Ph.D. (Cal. Tech.), M.Ae.S.I.

*Registrar :* S. S. Prabhu, B.A., B.L. (Madras).

### THE INDIAN INSTITUTE OF WORLD CULTURE
6, Sri B. P. Wadia Road, Basavangudi,
Bangalore 4.

*London Branch :* 62, Queen's Gardens, W. 2. *Bombay Branch :* Theosophy Hall, 40, New Marine Lines, Bombay 1.

Membership is open to all believers in human brotherhood (fee Rs. 10 per annum).

*President :* Smt. Sophia Wadia; *Hon. Director :* Jacques Dedeyn.

### INDIAN RED CROSS SOCIETY
**32, Govindappa Road, Basavangudi, Bangalore 4.**

*Chairman :* **Dr. K. Nagappa Alva, Minister for Public Health,** Mysore State ; *Hon. Treasurer :* Smt. M. Indira Bai ; *Hon. Gen. Secy. :* Dr. S. Seshagiri Rau.

### REGIONAL INSTITUTE OF ENGLISH, SOUTH INDIA
6A, Cunningham Road, Bangalore.

Established by the Governments of the four Southern States, viz., Mysore, Andhra Pradesh, Madras and Kerala, with the co-operation of the British Council to offer intensive training to key personnel in the field of English language teaching in these States.

The Institute gives training in the teaching of English in the first six years of school to graduate teachers and Deputy Inspectors of Schools. The trainees are selected and deputed by the respective State Governments. Admission is not open to any one not deputed by the State Governments.

The Board of Governors of the Institute comprises the Secretaries of Education of the four States, Directors of Public Instruction of the four States, a representative of the Union Ministry of Education, a representative of the British Council, the Director of the Central Institute of English, Hyderabad, the Director and Director of Studies of the Institute.

The Chairmanship of the Board is held by the Education Secretaries of the four States in rotation for a period of one year each time.

*Other functions :* (*i*) to improve the standards of teaching of English in Primary and Secondary Schools in the four sponsoring States ; (*ii*) to train English teachers ; (*iii*) to undertake and facilitate conferences, seminars, etc., in the teaching of English ; (*iv*) to prepare suitable textbooks, guidance and other material for teachers at various levels ; (*v*) to afford help to the four States in drawing up the syllabus in English.

The courses at the Institute are of 5 months' duration. The maximum intake on each course is 90 for the present.

*Director,* M. Muhammad Ghani.

# BANGALORE DISTRICT*

*Area :* 3,081 sq. miles; *Population :* 2,504,462 (1961 Census).
*Headquarters :* Bangalore.

The average rainfall is 30·59 inches.

Bangalore is the headquarters. It is 26 sq. miles in area and has a population of 1,206,961 (1961). It is a centre of many State-owned and private industries. Four major Govt. of India undertakings are located here. They are Hindustan Aeronautics Ltd., Indian Telephone Industries Ltd., Hindustan Machine Tools Ltd., and Bharat Electronics Ltd. Other Industries both in the private and public sector include : Soap, porcelain, insulators, electrical transformers, gas mantles, lamps, glassware, pharmaceutical products, chrome, tanned leather, woollen, cotton and silk mills.

Channapatna is situated to the south-west of Bangalore on the Bangalore-Mysore Railway. It has a population of 24,041. The town is noted for the manufacture of lacquer toys and the drawing of wire for musical instruments. It is also a centre for sericulture in the State. It contains a Government Silk Farm and the Mysore Spun Silk Mills, a Government-aided enterprise. Large quantities of coconuts, betel leaves and mangoes are exported.
